Dear Orange County Supervisors,

Thanks go to you and your staff for all the work that was entailed in writing the County's Climate Action Plan. You have already taken steps to make the County's actions more sustainable, such as elimination the use of styrofoam containers. Your adoption of the proposed Climate Action Plan will guide sustainable actions in years to come and will serve as a model for cities in Orange County who do not yet have a Climate Action Plan and will thus have multiplicative beneficial effects.

Thank you for your service on the OC Board of Supervisors,

Ginger Osborne
