## **ATTACHMENT A SCOPE OF WORK**

### **I. INTRODUCTION**

Orange County Sheriff's Department on behalf of the County of Orange (COUNTY) requires supplemental professional services to meet workload demands and project scheduling commitments in relation to Architect- Engineer (A/E) Contract Administration – Project Management (CA-PM) Support Services for various projects. A/E is defined as an Architect or Engineer for Contract Administration – Project Management. In order to supplement its existing resources, COUNTY intends to issue "On-Call CA-PM Support Services" for use by OC Sheriff on an "as-needed" basis. No specified amount of work is guaranteed to A/E.

### **II. GENERAL DESCRIPTION OF SERVICES**

The A/E shall provide CA-PM Support Services, including estimating and scheduling support, cost control, document control, and management of information to ensure timely and cost-effective capital and/or maintenance-repair projects. The A/E shall also manage projects consisting of the repair and refurbishment of COUNTY-owned, and/or leased facilities, and provide management of energy retrofit efficiency projects.

The A/E will be contacted by a COUNTY Project Manager or designee on an "as-needed" basis as projects arise to provide CA-PM Support Services. Requirements will be discussed by both Parties and then the A/E shall prepare a written Scope Statement that will include the specific work to be performed, including the costs and time required to complete the project/task. COUNTY Project Manager or designee will review the A/E's Scope Statement, proceed with negotiation of task costs and when satisfied, issue a Contract Task Order against this CONTRACT. OC Sheriff/Facilities Planning is responsible for most capital and maintenance-repair projects to provide safe County facilities to all internal and external constituents of the County of Orange. Capital projects are projects with construction costs typically greater than \$200,000, which may require community and stakeholder coordination, professional design services, environmental documentation, regulatory permitting, and contract management services. Maintenance-repair projects are typically under \$200,000 and may not require professional design services.

To meet workload demands, project scheduling commitments, and to supplement existing staff resources, OC Sheriff intends to establish a CONTRACT to provide CA-PM Support Services under the direction and supervision of OC Sheriff for various Capital and Maintenance-repair projects.

This scope of work is to describe the services to be provided as part of the CONTRACT; and the administrative process of the CONTRACT.

The COUNTY Project Manager or designee shall manage all A/E's work including monitoring the CTO work schedule, quality of deliverables, review of invoiced amounts, adherence to set budget, and internal review of submittal packages. A/E shall follow all requirements as outlined in the CTO; this general Scope of Work, the project specific Scope Statement, and the Department Policies & Procedures.

The CTO shall include a detailed Scope Statement, describing tasks to be performed with a specific list of deliverables for each task, schedule of work and cost to complete the work. The schedule of work shall allow sufficient time for meetings with COUNTY staff to review the work progress, provide technical and policy direction, resolve problems and ensure adherence to the work completion schedule. The CTO shall include a cover sheet provided by COUNTY with the appropriate signature blocks and contract information. After COUNTY Project Manager or designee and A/E are in agreement and all parties have signed the CTO, COUNTY Project Manager or designee shall provide A/E with a Notice to Proceed (NTP) to begin work.
