ARTICLES

GENERAL TERMS AND CONDITIONS

1. Governing Law and Venue:

This Contract has been negotiated and executed in the state of California and shall be governed by and construed under the laws of the state of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the parties specifically agree to waive any and all rights to request that an action be transferred for adjudication to another county.

2. Entire Contract:

This Contract contains the entire Contract between the parties with respect to the matters herein, and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing by County's Procurement Agent or designee.

3. Amendments:

No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the parties; no oral understanding or agreement not incorporated herein shall be binding on either of the parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.

4. Taxes:

Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax. Out-of-state Contractors shall indicate California Board of Equalization permit number and sales permit number on invoices, if California sales tax is added and collectable. If no permit numbers are shown, sales tax will be deducted from payment. The Auditor-Controller will then pay use tax directly to the State of California in lieu of payment of sales tax to Contractor.

5. Delivery:

Time of delivery of commodities and services is of the essence in this Contract. County reserves the right to refuse any commodities and services and to cancel all or any part of the commodities not conforming to applicable specifications, drawings, samples or descriptions or services that do not conform to the prescribed scope of work. Acceptance of any part of the order for commodities shall not bind County to accept future shipments nor deprive it of the right to return commodities already accepted at Contractor's expense. Over shipments and under shipments of commodities shall be only as agreed to in writing by County. Delivery shall not be deemed to be complete until all commodities or services have actually been received and accepted in writing by County.

6. Acceptance Payment:

Unless otherwise agreed to in writing by County, 1) acceptance shall not be deemed complete unless in writing and until all the commodities/services have actually been received, inspected, and tested to the satisfaction of County, and 2) payment shall be made in arrears after satisfactory acceptance.

7. Warranty:

Contractor expressly warrants that the commodities covered by this Contract are 1) free of liens or encumbrances, 2) merchantable and good for the ordinary purposes for which they are used, and 3) fit for the particular purpose for which they are intended. Acceptance of this order shall constitute an agreement upon Contractor's part to indemnify, defend and hold County and its indemnitees as identified in the Insurance and Indemnification section, and as more fully described in the Insurance and Indemnification section harmless from liability, loss, damage and expense, including reasonable counsel fees, incurred or sustained by County by reason of the failure of the goods/services to conform to such warranties, faulty work performance, negligent or unlawful acts, and non-compliance with any applicable state or federal codes, ordinances, orders, or statutes, including the Occupational Safety and Health Act (OSHA) and the California Industrial Safety Act. Such remedies shall be in addition to any other remedies provided by law.

8. Patent/Copyright Materials/Proprietary Infringement:

Unless otherwise expressly provided in this Contract, Contractor shall be solely responsible for clearing the right to use any patented or copyrighted materials in the performance of this Contract. Contractor warrants that any software as modified through services provided hereunder will not infringe upon or violate any patent, proprietary right, or trade secret right of any third party. Contractor agrees that, in accordance with the more specific requirement contained in the Insurance and Indemnification section, it shall indemnify, defend and hold County and County Indemnitees harmless from any and all such claims and be responsible for payment of all costs, damages, penalties and expenses related to or arising from such claim(s), including, costs and expenses but not including attorney's fees.

9. Assignment:

The terms, covenants, and conditions contained herein shall apply to and bind the heirs, successors, executors, administrators and assigns of the parties. Furthermore, neither the performance of this Contract nor any portion thereof may be assigned by Contractor without the express written consent of County. Any attempt by Contractor to assign the performance or any portion thereof of this Contract without the express written consent of County shall be invalid and shall constitute a breach of this Contract.

10. Non-Discrimination:

In the performance of this Contract, Contractor agrees that it will comply with the requirements of Section 1735 of the California Labor Code and not engage nor permit any subcontractors to engage in discrimination in employment of persons because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex of such persons. Contractor acknowledges that a violation of this provision shall subject Contractor to penalties pursuant to Section 1741 of the California Labor Code.

11. Termination:

In addition to any other remedies or rights it may have by law, County has the right to immediately terminate this Contract without penalty for cause or after 30 days' written notice without cause, unless otherwise specified. Cause shall be defined as any material breach of contract, any misrepresentation or fraud on the part of Contractor. Exercise by County of its right to terminate Contract shall relieve County of all further obligation.

12. Consent to Breach Not Waiver:

No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the party claimed to have waived or consented. Any consent by any party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

13. Independent Contractor:

Contractor shall be considered an independent contractor and neither Contractor, its employees, nor anyone working under Contractor shall be considered an agent or an employee of County. Neither Contractor, its employees nor anyone working under Contractor shall qualify for workers' compensation or other fringe benefits of any kind through County.

14. Performance Warranty:

Contractor shall warrant all work under this Contract, taking necessary steps and precautions to perform the work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other commodities/services furnished by Contractor under this Contract. Contractor shall perform all work diligently, carefully, and in a good and workmanlike manner; shall furnish all necessary labor, supervision, machinery, equipment, materials, and supplies, shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the work. If permitted to subcontract, Contractor shall be fully responsible for all work performed by subcontractors.

15. Changes:

Contractor shall make no changes in the work or perform any additional work without County's specific written approval.

16. Change of Ownership/Name, Litigation Status, Conflicts with County Interests:

Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, and the County agrees to an assignment of the Contract, the new owners shall be required under the terms of sale or other instruments of transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of the County.

County reserves the right to immediately terminate the Contract in the event the County determines that the assignee is not qualified or is otherwise unacceptable to the County for the provision of services under the Contract.

In addition, Contractor has the duty to notify the County in writing of any change in the Contractor's status with respect to name changes that do not require an assignment of the Contract. The Contractor is also obligated to notify the County in writing if the Contractor becomes a party to any litigation against the County, or a party to litigation that may reasonably affect the Contractor's performance under the Contract, as well as any potential conflicts of interest between Contractor and County that may arise prior to or during the period of Contract performance. While Contractor will be required to provide this information without prompting from the County any time there is a change in Contractor's name, conflict of interest or litigation status, Contractor must also provide an update to the County of its status in these areas whenever requested by the County.

The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with County interests. In addition to the Contractor, this obligation shall apply to the Contractor's employees, agents, and subcontractors associated with the provision of goods and services provided under this Contract. The Contractor's efforts shall include, but not be limited to, establishing rules and procedures preventing its employees, agents, and subcontractors from providing or offering gifts, entertainment, payments, loans or other considerations which could be deemed to influence or appear to influence County staff or elected officers in the performance of their duties.

Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements of the Insurance and Indemnification section, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.

Contractor shall remain in compliance and in good standing, maintaining current and active business entity and/or nonprofit registration status, with all applicable federal, state and local registration requirements at the time of execution of the contract through the duration of the term of the Contract, and shall provide annual confirmation of current and active status to County through the term of the Contract.

20. Freight:

21. Severability:

22. Attorney Fees:

In any action or proceeding to enforce or interpret any provision of this Contract, each party shall bear their own attorney's fees, costs and expenses.

23. Interpretation:

This Contract has been negotiated at arm's length and between persons sophisticated and knowledgeable in the matters dealt with in this Contract. In addition, each party had been represented by experienced and knowledgeable independent legal counsel of their own choosing or has knowingly declined to seek such counsel despite being encouraged and given the opportunity to do so. Each party further acknowledges that they have not been influenced to any extent whatsoever in executing this Contract by any other party hereto or by any person representing them, or both. Accordingly, any rule or law (including California Civil Code Section 1654) or legal decision that would require interpretation of any ambiguities in this Contract against the party that has drafted it is not applicable and is waived. The provisions of this Contract shall be interpreted in a reasonable manner to effect the purpose of the parties and this Contract.

24. Employee Eligibility Verification:

Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The inspection and/or audit will be confined to those matters connected with the performance of Contract including, but not limited to, the costs of administering Contract. County will provide reasonable notice of such an audit or inspection.

County reserves the right to audit and verify Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to County to audit records and interview staff of any subcontractor related to performance of this Contract.

Should Contractor cease to exist as a legal entity, Contractor's records pertaining to this Contract shall be forwarded to County's project manager.

26. Contingency of Funds:

damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. 14. Contractor's Records:

Contractor shall keep true and accurate accounts, records, books and data which shall correctly reflect the business transacted by Contractor in accordance with generally accepted accounting principles. These records shall be stored in Orange County for a period of three (3) years after final payment is received from County. Storage of records in another county will require written approval from County of Orange assigned Deputy Purchasing Agent.

15. Conditions Affecting Work:

Contractor shall be responsible for taking all steps reasonably necessary to ascertain the nature and location of the work to be performed under this Contract and to know the general conditions which can affect the work or the cost thereof. Any failure by Contractor to do so will not relieve Contractor from responsibility

for successfully performing the work without additional cost to County. County assumes no responsibility for any understanding or representations concerning the nature, location(s) or general conditions made by any of its officers or agents prior to the execution of this Contract, unless such understanding or representations by County are expressly stated in Contract.

16. Cooperative Contract:

This Contract is a cooperative contract and may be utilized by all County of Orange departments.

The provisions and pricing of this Contract may be extended, at the option of Contractor, to any Municipal, County, Public Utility, Hospital, Educational Institution, or any other non-profit or governmental organization (the "Cooperative Program"). Parties in a Cooperative Program wishing to use this Contract will be responsible for issuing their own purchase documents / price agreements, providing for their own acceptance, and making any subsequent payments. Contractor shall be required to include in any agreement entered into with another agency or entity that is entered into pursuant to the provisions and pricing of this Contract a clause that binds the parties to the agreement to "indemnify, defend with counsel approved in writing by the County of Orange, California ("County"), and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided" under the agreement.. Failure to so include this clause voids the Contract's extension to a Cooperative Program and will be considered a material breach of this Contract and grounds for immediate Contract termination. The cooperative entities are responsible for obtaining all certificates of insurance and bonds required. The County of Orange makes no guarantee of usage by other users of this Contract.

As a cost-recovery mechanism for County, a 2 percent administrative rebate on total sales from all subordinate contracts will be paid to the County for any contracts the Contractor agrees to enter into with another agency or entity, other than the County of Orange or a department thereof, under the provisions and pricing of this Contract. The County has partnered with Pavilion, a third-party administrator, responsible for managing all reporting and payments under this Cooperative Program. The Contractor shall provide quarterly Volume Sales Reports about additional sales to other entities under the provisions and pricing of this Contract. The Reports shall include the ordering agency, detail of items sold including description, quantity, and price, and shall include all transactions pertaining to sales under the Contract provisions and pricing for that Reporting Period. Contractor shall provide the Volume Sales Reports regardless of whether or not any sales have been conducted. Failure of the Contractor to provide quarterly reports as required may be deemed by the County as a material breach of the Contract. A late penalty of 15 percent on the value of the rebate may be assessed to the Contractor for each month the payments are not received.

Subordinate contracts must be executed prior to the expiration or earlier termination of this Contract and may survive the expiration of this Contract. This Cooperative Contract provision shall survive expiration or termination of this Contract.

17. Data – Title To:

All materials, documents, data or information obtained from County data files or any County medium furnished to Contractor in the performance of this Contract will at all times remain the property of County. Such data or information may not be used or copied for direct or indirect use by Contractor after completion

or termination of this Contract without the express written consent of County. All materials, documents, data or information, including copies, must be returned to County at the end of this Contract.

18. Default – Re-Procurement Costs:

In case of Contract breach by Contractor, resulting in termination by County, County may procure the commodities and services from other sources. If the cost for those commodities and services is higher than under the terms of the existing Contract, Contractor will be responsible for paying County the difference between Contract cost and the price paid, and County may deduct this cost from any unpaid balance due Contractor. The price paid by County shall be the prevailing market price at the time such purchase is made. This is in addition to any other remedies available under this Contract and under law.

19. Disputes – Contract:

The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute concerning a question of fact arising under the terms of this Contract is not disposed of in a reasonable period of time by the Contractor's Project Manager and the County's Project Manager, as specified in Article titled "Notices" below, such matter shall be brought to the attention of the County DPA by way of the following process:

- A. The Contractor shall submit to the agency/department assigned Deputy Purchasing Agent a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to, or involving this Contract, unless County, on its own initiative, has already rendered such a final decision.
- B. The Contractor's written demand shall be fully supported by factual information, and, if such demand involves a cost adjustment to Contract, Contractor shall include with the demand a written statement signed by a senior official indicating that the demand is made in good faith, that the supporting data are accurate and complete, and that the amount requested accurately reflects Contract adjustment for which Contractor believes County is liable.

Pending the final resolution of any dispute arising under, related to, or involving this Contract, Contractor agrees to diligently proceed with the performance of this Contract, including the delivery of commodities and/or provision of services. Contractor's failure to diligently proceed shall be considered a material breach of this Contract.

Any final decision of County shall be expressly identified as such, shall be in writing, and shall be signed by County Deputy Purchasing Agent or his designee. If County fails to render a decision within 90 days after receipt of Contractor's demand, it shall be deemed a final decision adverse to Contractor's contentions. Nothing in this section shall be construed as affecting County's right to terminate Contract for cause or termination for convenience as stated in Article "Termination" herein.

Contractor hereby certifies compliance with Government Code Section 8355 in matters relating to providing a drug-free workplace. Contractor will:

 - 1. Will receive a copy of the company's drug-free policy statement; and
 - 2. Will agree to abide by the terms of the company's statement as a condition of employment under this Contract.
- D. Failure to comply with these requirements may result in suspension of payments under Contract or termination of Contract or both, and Contractor may be ineligible for award of any future County contracts if County determines that any of the following has occurred:
 - 1. Contractor has made false certification, or
 - 2. Contractor violates the certification by failing to carry out the requirements as noted above.

Contractor shall service County during such an emergency or declared disaster under the same terms and conditions that apply during non-emergency/disaster conditions. The Orange County Probation Department (Probation) oversees the operations of county juvenile facilities and through diversion or community supervision if ordered by the juvenile court, youth who are pending or have been adjudicated of a 602 WIC offense. Youth in Orange County who commit minor offenses and do not require detention often require intervention also known as diversion. Diversion is an approach to address minor criminal offenses committed by youth without formal court involvement; it can include counseling, legal awareness education, community service and other supportive services with the goal of improving behavior and reducing the number of youths who enter the juvenile justice system. It is an effective, evidence-based practice which reduces delinquent behavior. The grant funding will be used to support local community-based organizations (CBO's) in the implementation of effective diversion services for Orange County youth who have committed minor offenses and do not require detention or formal community supervision. Diversion services will be expanded within the county to allow LEAs to directly refer youth to contracted organizations. The individual contracted organizations will be required to conduct an individualized case assessment to identify the most effective approach to address identified concerns and provide supportive services in line with best practices; this may include services such as Youth and the Law classes, counseling, family education and support, skill building, restorative justice practices, providing for basic needs, opportunities for community service and other identified supported services.

CLETS PRIVATE CONTRACTOR MANAGEMENT CONTROL AGREEMENT

Agreement to allow California Law Enforcement Telecommunications System (CLETS) access by

Orange County Probation Department

CA030023G

(Public law enforcement/criminal justice agency)

(ORI)

Boys & Girls Clubs of Garden Grove, Inc.

to

(Private Contractor)

Services for the Provision of Equitable Diversion Access Initiative
and Efficient Justice Pathways for Youth

to perform

services on its behalf.

(Type of service)

Access to the CLETS is authorized to public law enforcement and criminal justice agencies (*hereinafter referred to as the CLETS subscribing agency*) only, which may delegate the responsibility of performing the administration of criminal justice functions (e.g., dispatching functions or data processing/information services) in accordance with the Federal Bureau of Investigation's (FBI) Criminal Justice Information Services (CJIS) Security Addendum to a private contractor. The private contractor may access systems or networks that access the CLETS on behalf of the CLETS subscribing agency to accomplish the above-specified service(s). This agreement must be received by the California Department of Justice (CA DOJ) prior to the subscribing agency permitting access to the CLETS. The performance of such delegated services does not convert that agency into a public criminal justice agency, not automatically authorize access to state summary criminal history information. Information from the CLETS is confidential and may be used only for the purpose(s) for which it is authorized. Violation of confidentiality requirements or access authorizations may be subject to disciplinary action or criminal charges.

Pursuant to the policies outlined in the *CLETS Policies, Practices, and Procedures (PPP)* and the Federal Bureau of Investigation's (FBI) *CJIS Security Policy*, it is agreed the CLETS subscribing agency will maintain responsibility for security control as it relates to the CLETS access. Security control is defined as the ability of the CLETS subscribing agency to set, maintain, and enforce:

1. Standards for the selection, supervision, and termination of personnel. This does not grant hiring/firing authority to the CLETS subscribing agency, only the authority to grant CLETS access to personnel who meet these standards and deny it to those who do not.
2. Policies governing the operation of computers, access devices, circuits, hubs, routers, firewalls, and other components that make up and support a telecommunications network and related CA DOJ criminal justice databases used to process, store, or transmit criminal justice information, guaranteeing the priority, integrity, and availability of service needed by the criminal justice community.

Security control includes, but is not limited to, the supervision of applicable equipment, systems design, programming, and operating procedures associated with the development, implementation, and operation of any computerized message-switching or database systems utilized by the served law enforcement agency or agencies. Computer sites must have adequate physical security to protect against any unauthorized viewing or access to computer terminal, access devices, or stored/printed data.

CLETS PRIVATE CONTRACTOR MANAGEMENT CONTROL AGREEMENT

Additionally, it is the responsibility of the CLETS subscribing agency to ensure that all private contractors receiving information from the CLETS meet the minimum training, certification, and background requirements that are also imposed on the CLETS subscribing agency's staff. The minimum requirements are applicable also to staff having access to record storage areas containing information from the CLETS. The minimum requirements include, but are not limited to:

1. Prior to allowing the CLETS access, train, functionally test, and affirm the proficiency of all the CLETS computer operators to ensure compliance with the CLETS and the FBI's National Crime Information Center (NCIC) policies and regulations, if applicable. Biennially, provide testing and reaffirm the proficiency of all the CLETS operators, if applicable.
2. State and FBI criminal offender record information searches must be conducted prior to allowing access to the CLETS computers, equipment, or information. If the results of the criminal offender record information search reveal a record of any kind, access will not be granted until the CLETS subscribing agency can review the matter to decide if access is appropriate. If a felony conviction of any kind is found, access shall not be granted.
3. Each individual must sign a CLETS Employee/Volunteer Statement form (HDC 0009) prior to operating or having access to CLETS computers, equipment, or information.

In accordance with CLETS/NCIC policies, the CLETS subscribing agency has the responsibility and authority to monitor, audit, and enforce the implementation of this agreement by the private contractor. The private contractor agrees to cooperate with the CLETS subscribing agency in the implementation of this agreement and to accomplish the directives for service under the provisions of this agreement. The CLETS Management Control Agreement (HDC 0004B) shall be updated when the head of either agency changes or immediately upon request from the CA DOJ.

By signing this agreement, the vendors and private contractors certify they have read and are familiar with the contents of (1) the FBI's CJIS Security Addendum, (2) the NCIC 2000 Operating Manual, (3) the FBI's CJIS Security Policy, (4) Title 28, Code of Federal Regulations, Part 20, and (5) the CLETS PPP and agree to be bound by their provisions. Criminal offender record information and related data, by its very nature, is sensitive and has potential for great harm if misused. Access to criminal offender record information and related data is therefore limited to the purpose(s) for which the CLETS subscribing agency has entered into the contract. Misuse of the system by, among other things: accessing it without authorization; accessing it by exceeding authorization; accessing it for an improper purpose; use, dissemination, or secondary dissemination of information received as a result of this contract for a purpose other than that envisioned by the contract, may subject me to administrative and criminal penalties. Accessing the system for an appropriate purpose and then using, disseminating, or secondary dissemination of information received for another purpose other than execution of the contract also constitutes misuse. Such exposure for misuse includes, but is not limited to, suspension or loss of employment and prosecution for state and federal crimes.

the Orange County Probation
Department

Staff Sexual Misconduct

The Orange County Probation Department has a **zero tolerance policy** regarding sexual assault, sexual abuse and sexual harassment. Residents of probation facilities, individuals under probation supervision, probation staff, volunteers, contractors, vendors and collaborative partners have a right to an environment that is free from sexual abuse, sexual assault and sexual harassment.

Department policy and state law specifically forbids sexual misconduct, including sexual harassment between probation clients and staff. For this purpose, "staff" includes: contractors, vendors, and volunteers of the Orange County Probation Department as well as staff from other Federal, State and Local jurisdictions. A "probation client" means someone incarcerated/detained in a correctional facility or under supervision in the community.

Sexual misconduct is defined in the Prison Rape Elimination Act (PREA) 2003. Forms of sexual misconduct include, but are not limited to:

1. Any behavior of a sexual nature directed toward a probation client by a Department staff, contract staff, vendor, or volunteer.
2. Inappropriate touching between probation clients and staff.
3. All completed, attempted, threatened, or requested sexual acts between Department staff, contract staff, vendor, or volunteer, and a probation client.
4. Sexual comments and conversations with sexually suggestive innuendos or double meanings.
5. Display or transmittal of sexually suggestive posters, objects, or messages.

The department will fully investigate and immediately address all allegations of sexual assault, sexual abuse and sexual harassment to include criminal and administrative sanctions as appropriate.

An Abuse of Power

Due to the imbalance of power between probation clients and staff in correctional settings, sexual interactions between staff (who have power) and probation clients (who lack power) are unprofessional, unethical, and illegal.

Some probation clients who lack power may become sexually involved with staff in an effort to equalize the imbalance of power. Occasionally a probation client may try to use sex to improve his/her standing or circumstances (e.g., better job, avoid disciplinary action, affect a release plan, gain privileges, etc.).

As a Probation Department contractor, vendor or volunteer, your assignments can place you in a position of authority over the clients with whom you interact in a professional capacity. It is not possible to have a relationship as equals because you have a responsibility to maintain custody, evaluate work performance, and/or provide input to issues that affect release dates, return to prison, or other sanctions.

Because of the imbalance of power between clients and staff, vendors, contractors and volunteers, there can never be a consensual relationship between staff and clients. In fact, 'consent' is not a defense to prosecution.

History of Victimization

Some staff don't think of clients as "victims" of staff sexual misconduct, especially when the client appears to be a willing participant or even initiated the sexual or 'romantic' interactions with a staff member. The client is always the victim because of the imbalance of power. The consent or willingness of a client to participate may be a survival strategy or a learned response to previous or current victimization.

Many clients have a history of victimization (physical and/or sexual abuse), which may make them especially vulnerable to the sexual overtures of persons in positions of authority. Their perception of

affection/love may be skewed by this background of abuse, making it impossible for them to refuse advances of a staff member. In some instances, particularly for female clients, their survival in the community has been directly related to using their sexuality to obtain the means to survive. Coupled with low self-esteem, this carries over into their conduct in prison and while under community supervision.

As the person in authority, it is your responsibility to discourage, refuse and report any overtures as well as maintain professional boundaries at all times.

Boundaries in relationships can be difficult. If you question your professional boundaries with an client or feel uncomfortable with his/her actions or advances toward you, talk to another person you respect and/or bring this matter to the attention of a Probation supervisor or administrator before it gets out of control.

Red Flags:

The following are behaviors or 'red flags' that may signal you or someone you work with is in danger of engaging in sexual misconduct with a client:

- Spending a lot of time with a particular client
- Change in appearance of a client or staff member
- Deviating from agency policy for the benefit of a particular client
- Sharing personal information with a client
- Horseplay
- Doing favors for a client
- Consistently volunteering for a particular assignment or shift
- Coming to work early/staying at work late
- Flirting with a client
- Overlooking infractions of a particular client

CERTIFICATION

I hereby certify that I am familiar with the contents of (1) the Security Addendum, including its legal authority and purpose; (2) the NCIC Operating Manual; (3) the CJIS Security Policy; and (4) Title 28, Code of Federal Regulations, Part 20, and agree to be bound by their provisions.

I recognize that criminal history record information and related data, by its very nature, is sensitive and has potential for great harm if misused. I acknowledge that access to criminal history record information and related data is therefore limited to the purpose(s) for which a government agency has entered into the contract incorporating this Security Addendum. I understand that misuse of the system by, among other things: accessing it without authorization; accessing it by exceeding authorization; accessing it for an improper purpose; using, disseminating or re-disseminating information received as a result of this contract for a purpose other than that envisioned by the contract, may subject me to administrative and criminal penalties. I understand that accessing the system for an appropriate purpose and then using, disseminating or re-disseminating the information received for another purpose other than execution of the contract also constitutes misuse. I further understand that the occurrence of misuse does not depend upon whether or not I receive additional compensation for such authorized activity. Such exposure for misuse includes, but is not limited to, suspension or loss of employment and prosecution for state and federal crimes.
