<u>Service Delivery - Subtotal</u>	____/200
4. <u>Service Cost</u>	100
<p>a. Cost will be calculated using the Ratio Method. In this method the proposal with the lowest cost receives the maximum points allowed for this criterion. All other proposals receive a percentage of the points available based on their cost relationship to the lowest proposal. This is determined by applying the following formula: lowest cost/next lowest proposal x maximum points available = awarded points.</p> <p>b. For example, the lowest proposal received is \$100,000; the second lowest proposal received is \$125,000. Using the ratio method calculation, \$100,000 (lowest proposal received)/\$125,000 (2nd lowest proposal received) = .80 (%) x 20 (maximum points available), the second lowest proposal would receive 16 points</p>	65/100
<u>Service Cost - Subtotal</u>	____/100
5. <u>Compliance with the County Model</u>	25
<p>a. Compliance with the County Model Contract</p> <p>The proposal fully complies with the County Model contract.</p> <p>*Note: Respondents submitting exceptions to the County Model Contract of this RFP, may receive a score of "0" for this criterion.</p>	25/25
