- 3) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Subrecipient's SIR provision shall be interpreted as though the Subrecipient was an insurer and the County was the insured.

facilitates the preservation of neighborhoods. The fund request also provides a critical and vital Program funding source in light of the recent loss of redevelopment housing set aside funds.

E. Low/Mod Neighborhood Preservation:

The properties that participate in the Program are owned by lower income families and may also be located within one of the City's low-income benefit areas. Program participation by homeowners within the City's benefit areas is anticipated to increase as a targeted marketing effort in these areas is planned. The rehabilitation of substandard housing will improve the appearance of neighborhoods resulting in higher property values for the community. The existing HELP II Program has also fostered neighborhood stability, with a very limited number of the total participating applicants subsequently choosing to sell their homes. This phenomenon represents a tendency for applicants to remain in an improved property for the long term as opposed to the practice of speculative transfer of an improved property for financial gain. Neighborhood stability and housing preservation are direct results.
