Financial obligations of Participating Entities who are states are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating Entities who are states incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to [PA@naspovaluepoint.org](mailto:PA@naspovaluepoint.org) to support documentation of participation and posting in appropriate data bases.
- e. NASPO and NASPO ValuePoint are not parties to the Master Agreement.
- f. Participating Addenda shall not be construed to amend the following provisions in this Master Agreement between the Lead State and Contractor that prescribe NASPO ValuePoint requirements: Term of the Master Agreement; Amendments; Participants and Scope; Administrative Fee; NASPO ValuePoint Summary and Detailed Usage Reports; NASPO ValuePoint Cooperative Program Marketing and Performance Review; Right to Publish; Price and Rate Guarantee Period; and Individual Customers. Any such language shall be void and of no effect.
- g. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the consent to participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.

h. Resale. "Resale" means any payment in exchange for transfer of tangible goods, software, or assignment of the right to services. Subject to any specific conditions included in the Master Agreement, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes services that are deliverables). Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a Purchasing Entity's laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

#### **6. Individual Customers.**

Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

#### **7. Independent Contractor.**

The Contractor is an independent contractor. Contractor shall have no authorization, express or implied, to bind the Lead State, Participating States, other Participating Entities, or Purchasing Entities to any agreements, settlements, liability or understanding whatsoever, and agrees not to hold itself out as an agent except as expressly set forth herein or as expressly agreed in any Participating Addendum.

#### **8. Contracting Personnel.**

Contractor must provide adequate contracting personnel to assist states with the completing and processing Participating Addenda. It is preferred that each Contractor be able to provide each Participating Entity with a primary contact person for that Participating Entity.

#### **9. Changes in Contractor Representation.**

The Contractor must notify the Lead State of changes in the Contractor's key administrative personnel managing the Master Agreement in writing within 10 calendar days of the change. The Lead State reserves the right to approve changes in key personnel, as identified in the Contractor's proposal. Such approval shall not be unreasonably withheld. The Contractor agrees to propose replacement key personnel having substantially equal or better education, training, and experience as was possessed by the key person proposed and evaluated in the Contractor's proposal.

#### **10. Contractor Verification.**

The Contractor is responsible for delivering products or performing services under the terms and conditions set forth in the Master Agreement. The Contractor must ensure partners utilized in the performance of this contract adhere to all the terms and conditions. The term Partner will be utilized in naming the relationship a Contractor has with another company to market and sell under the contract. Participating Entities will have final determination/approval if a Partner may be approved for that state in the role identified by the Contractor.

#### **11. Contractor Performance Meeting.**

An annual performance meeting may be held each year with the NASPO ValuePoint Sourcing Team. Historically performance meetings have been held in Minnesota, but the Lead State may hold the meetings in person or virtually at the Lead State's discretion.

All contractors that are invited to participate must send their Primary Account Representative, unless an exception is granted in writing by the Lead State. It is possible that not all contractors will be invited to participate in a performance meeting.

**12. Laws and Regulations.**

Any and all Products offered and furnished shall comply fully with all applicable Federal, State, and local laws and regulations, including Minn. Stat. § 181.59 prohibiting discrimination and business registration requirements of the Office of the Minnesota Secretary of State. To the extent any purchase is subject to Federal Acquisition Regulations, as may be required by the terms of a federal grant, a Participating Entity and Contractor may include in their Participating Addendum terms that reflect such a requirement.

If software is licensed to Purchasing Entity for use in the performance of a U.S. Government prime contract or subcontract, Purchasing Entity agrees that consistent with FAR 12.211 and 12.212, commercial computer software, documentation and technical data for commercial items are licensed under publisher's standard commercial license.

Purchasing Entity is responsible for complying with applicable laws and regulations, including but not limited to, obtaining any required export or import authorizations if Purchasing Entity exports, imports or otherwise transfers products or deliverables provided under this Master Agreement.

**13. Price and Rate Guarantee Period.**

All minimum discounts and rates must be guaranteed for the initial term of the Master Agreement. Following the initial Master Agreement period, any request for minimum discount or rate adjustment must be for a guarantee period as offered by the Contractor, and must be made at least 30 days prior to the effective date. Requests for minimum discount or rate adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement shall not be effective unless approved by the Lead State. No retroactive adjustments to minimum discounts or rates will be allowed.

**14. Premium Savings Package Program.**

The Lead State reserves the right to create a Premium Savings Package Program (PSP) as outlined in the Definitions, Paragraph 2.ee of Exhibit A. Participation by Contractor is voluntary. The details and commitments of the PSP will be detailed as a part of any request for Contractor to participate.

**15. Services.**

Participating Entities must explicitly allow services in their Participating Addenda for the approved services to be allowed under that Participating Addendum. The Participating Addendum by each Participating Entity will address service agreement terms and related travel.

**16. Ordering.**

- a. Master Agreement, Participating Addendum, and purchase order numbers shall be clearly shown on all acknowledgments, packing slips, invoices, and on all correspondence.
- b. Purchasing Entities may define entity or project-specific requirements and informally compete the requirement among companies having a Master Agreement on an "as needed" basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity's rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.
- c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities' rules, policies, and procedures regarding the ordering of supplies or services contemplated by this Master Agreement.

- d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.
- e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.
- f. All Orders pursuant to this Master Agreement, at a minimum, shall include:
  - 1. The service description or supplies being delivered;
  - 2. The place and requested time of delivery;
  - 3. A billing address;
  - 4. The name, phone number, and address of the Purchasing Entity representative;
  - 5. The price per hour or other pricing elements consistent with this Master Agreement and the contractor's proposal;
  - 6. A ceiling amount of the order for services being ordered;
  - 7. The Master Agreement identifier; and
  - 8. Statement of Work, when applicable.
- g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity's purchasing office, or to such other individual identified in writing in the Order.
- h. Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.
- i. Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

#### **17. Trade-In.**

Any trade-in programs offered during the life of the Master Agreement must be approved by the Lead State. Participating Entities must explicitly allow trade-in programs in their Participating Addenda for the approved programs to be allowed under that Participating Addendum. Trade-in value shall not decrease the discounts offered through the Master Agreement.

**18. Shipping and Delivery.**

- a. The prices are the delivered price to any Purchasing Entity for standard shipping. An estimated ship and delivery date shall be provided to Purchasing Entity at the time of the Order. If an order is requested with expedited shipping, the Contractor must provide a firm "not to exceed" price for the expedited shipping on the quote. All deliveries shall be FOB Destination, freight pre-paid, with all transportation and handling charges paid by the Contractor. Responsibility and liability for loss or damage incurred during shipping or delivery shall remain the Contractor's until final inspection when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud, and Contractor's warranty obligations. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered shall be shipped without charge.
- b. Specific delivery instructions, including FOB Inside Delivery, will be noted on the order form or Purchase Order. Any damage to the building interior, scratched walls, damage to the freight elevator, etc., directly caused by the Contractor or its subcontractors will be the responsibility of the Contractor. If such damage does occur, it is the responsibility of the Contractor to promptly notify the Purchasing Entity placing the Order.
- c. All products must be delivered in the manufacturer's standard package. Costs shall include all packing and crating charges. Cases shall be of durable construction, good condition, properly labeled and suitable in every respect for storage and handling of contents. Each shipment shall be marked with the Purchasing Entity's Purchase Order number and other information sufficient for the Purchasing Entity to properly identify the shipment as outlined in the Participating Addendum of the Purchasing Entity.

**19. Inspection and Acceptance.**

- a. Where the Master Agreement, a Participating Addendum, or an Order does not otherwise specify a process for inspection and Acceptance, this section governs. This section is not intended to limit rights and remedies under the applicable commercial code.
- b. Contractor shall provide right of access to the Lead State, or to any other authorized agent or official of the Lead State or other Participating or Purchasing Entity, at reasonable times, in order to monitor and evaluate performance, compliance, and quality assurance requirements under this Master Agreement.
- c. Upon delivery, the Purchasing Entity shall have 30 days to inspect the Product(s). Acceptance of Products occurs after inspection and applies to all Products(s) (hardware and software) purchased under this Master Agreement, including any additional replacement or substitute Product(s) and any Product(s) which are modified by or with the written approval of Contractor after Acceptance by the Participating Entity. The Purchasing Entity will make every effort to notify the Contractor, within thirty (30) calendar days following delivery, of non-acceptance of a Product or completion of Service. In the event that the Contractor has not been notified within 30 calendar days from delivery of Product or completion of Service, the Product and Services will be deemed accepted on the 31<sup>st</sup> day after delivery of Product or completion of Services. This clause shall not be applicable, if acceptance testing and corresponding terms have been mutually agreed to by both parties in writing.
- d. Products that do not meet manufacturer's specifications may be rejected. Failure to reject upon receipt, however, does not relieve the contractor of liability for material (nonconformity that substantially impairs value) latent or hidden defects subsequently revealed when goods are put to use. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked. Return of Products is subject to the Contractor's applicable return policy, which shall be made available to Purchasing Entity prior to placement of an order. Any restocking fee may not exceed 15% of the purchase price.

e. If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may cancel or modify the Order to remove the nonconforming services, shall be refunded any amounts paid for the nonconforming services, and may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements.

f. The warranty period shall begin upon delivery.

g. The Purchasing Entity and the Contractor shall determine if Acceptance Testing is applicable and/or required for the purchase. Acceptance Testing means the process agreed upon by Purchasing Entity and Contractor for ascertaining that the Product meets the standard of performance prior to Acceptance by the Purchasing Entity. The terms in regards to Acceptance Testing will be negotiated, in writing, as mutually agreed.

h. No Product shall be deemed Accepted and no charges shall be paid until the standard of performance is met. The warranty period for Products subject to Acceptance Testing shall begin upon Acceptance.

## 20. Title of Product.

Upon Acceptance by the Purchasing Entity, Contractor shall convey to Purchasing Entity title to the Product free and clear of all liens, encumbrances, or other security interests. Transfer of title to the Product shall include a license to use any Embedded Software in the Product, as follows:

a. To the extent that the Software sold under the Master Agreement is Commercial Off-the-Shelf Software, such Software is licensed, not sold, to the Purchasing Entity. The Contractor and its licensors reserve and retain all rights not expressly granted to the Purchasing Entity. No right, title or interest to any trademark, service mark, logo or trade name of Contractor or its licensors is granted to the Purchasing Entity. Licenses to such Software is provided in accordance with the terms of the manufacturer's written End User License Agreement tied to the product at the time of purchase unless otherwise negotiated between Purchasing Entity and the Contractor or the Licensor in a duly executed contract.

b. Contractor will perform services for the Purchasing Entity, subject to the following section pursuant to a fully executed Statement of Work entered into between the Purchasing Entity and the Contractor.

c. The Contractor grants the Purchasing Entity a perpetual, non-exclusive, royalty free the license in Contractor's pre-existing intellectual property that is contained in the products, materials, equipment or services, excluding software, that are purchased through this Master Agreement.

d. Any and all licensing, maintenance, cloud services, or order specific agreements referenced within the terms and conditions of this Master Agreement are agreed to only to the extent that the terms do not conflict with the terms of the Participating Addendum or the terms of the Master Agreement as incorporated into the Participating Addendum, and to the extent the terms are not in conflict with the Participating Entities' applicable laws. In the event of a conflict in the terms and conditions, the conflict shall be resolved as detailed in the Order of Precedence defined herein. Notwithstanding the foregoing, licensing, maintenance, cloud services agreements, or order specific agreements may be further negotiated by the Contractor or, if applicable, the Licensor, and the potential Purchasing Entity, provided the contractual documents are duly executed in writing.

## 21. Warranty.

The Contractor must ensure warranty service and maintenance for all products provided. The Contractor shall provide the warranty service and maintenance for all products on the Master Agreement.

For third party products sold by the Contract Vendor that are not Contractor-branded, the Contract Vendor sells the third-party products with the manufacturer or publisher's standard warranty, license, and maintenance "as is". The

Contract Vendor will provide warranty and maintenance call numbers and assist the customer in engaging the manufacturer on warranty and maintenance issues.

## **22. System Failure or Damage.**

In the event of system failure or damage caused by the Contractor or its Product, the Contractor shall use reasonable efforts to restore or assist in restoring the system to operational capacity. The Contractor shall be responsible under this provision to the extent a 'system' is defined at the time of the Order; otherwise the rights of the Purchasing Entity shall be governed by the Warranty.

## **23. Payment.**

Payment for completion of an order is normally made within 30 days following the date a correct invoice is received. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance, unless a different late payment amount is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law.

Payments will be remitted by mail or electronically. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

Prices are exclusive of taxes, duties, and fees, unless otherwise quoted. If a withholding tax is required by law, the tax will be added and identified on the applicable invoice. All applicable taxes, duties, and fees must be identified on the quote.

## **24. Leasing or Alternative Financing Methods.**

Lease purchase and term leases are allowable only for Purchasing Entities whose rules and regulations permit leasing of software. Individual Purchasing Entities may enter into a lease agreement for the products covered in this Master Agreement, if they have the legal authority to enter into these types of agreements without going through a competitive process and if the applicable PAs permit leasing. No lease agreements will be reviewed or evaluated as part of the RFP evaluation process.

## **25. Contract Provisions for Orders Utilizing Federal Funds.**

Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this Master Agreement.

## **26. Self Audit.**

The Contractor must conduct at a minimum a quarterly self-audit, unless approved by the Lead State. The audit will sample a minimum of one tenth of one percent (.001) of orders with a maximum of 100 audits per quarter conducted. For example: Up to 1,000 sales = 1 audit; 10,000 sales = 10 audits; Up to 100,000 sales = 100 audits. This will be a random sample of orders and invoices and must include documentation of pricing. Summary findings must be reported to Lead State with actions to correct documented findings.

## **27. Assignment/Subcontracts.**

- a. Contractor shall not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this Master Agreement, in whole or in part, without the prior written approval of the Lead State.
- b. The Lead State, or Participating Entity, shall not assign, delegate or otherwise transfer all or any part of this Master Agreement without prior written consent from Contractor, except for assignment or delegation to a Participating Entity State agency or eligible Purchasing Entity. The Lead State reserves the right to assign any rights

or duties, including written assignment of contract administration duties to NASPO ValuePoint and other third parties.

## **28. Insurance.**

- a. Contractor shall, during the term of this Master Agreement, maintain in full force and effect, the insurance described in this section. Contractor shall acquire such insurance from an insurance carrier or carriers licensed to conduct business in the Lead State and in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports (exception for wholly-owned captive insurance companies). Failure to buy and maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.
- b. Coverage shall be written on an occurrence basis. Policy limits shall be as indicated below:
  1. Commercial General Liability covering premises operations, products and completed operations, blanket contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of \$1 million per occurrence/\$2 million general aggregate;
  2. Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements.
  3. Where any subcontractor is retained by Contractor, Contractor shall require such subcontractor to maintain insurance appropriate to subcontractor's activities under this Master Agreement.
- c. Contractor shall pay premiums on all insurance policies. Should any of the required insurance policies be cancelled or non-renewed, notice shall be provided to Participating Entity in accordance with policy provisions.
- d. Prior to commencement of performance, Contractor shall provide to the Participating Entity with a certificate of insurance showing the Contractor's general liability insurance policy or other documentary evidence acceptable to the Lead State that (1) names the Participating Entity as an additional insured, (2) provides that written notice of cancellation shall be delivered in accordance with the policy provisions, and (3) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of any Participating Entity as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, other state Participating Entities' rights and Contractor's obligations are the same as those specified in the first sentence of this subsection except the endorsement is provided to the applicable state.
- e. During the term of this Master Agreement, the Lead State and Participating Entities may request Contractor provide evidence of coverage that meets the requirements of this Section. Failure to provide evidence of coverage may, at the sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.
- f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

## **29. Administrative Fees.**

- a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable.

- b. The NASPO ValuePoint Administrative Fee in this section shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.
- c. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Purchasing Entity may allow the Contractor to adjust the Master Agreement pricing to account for these additional fees for purchases made by Purchasing Entities within the jurisdiction of the Participating Entity. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee.

### 30. NASPO ValuePoint Reports

- a. Sales Data Reporting. In accordance with this section, Contractor shall report to NASPO ValuePoint all Orders under this Master Agreement for which Contractor has invoiced the ordering entity or individual, including Orders invoiced to Participating Entity or Purchasing Entity employees for personal use if such use is permitted by this Master Agreement and the applicable Participating Addendum ("Sales Data"). Timely and complete reporting of Sales Data is a material requirement of this Master Agreement. Reporting requirements, including those related to the format, contents, frequency, or delivery of reports, may be updated by NASPO ValuePoint with reasonable notice to Contractor and without amendment to this Master Agreement. NASPO ValuePoint shall have exclusive ownership of any media on which reports are submitted and shall have a perpetual, irrevocable, non-exclusive, royalty free, and transferable right to display, modify, copy, and otherwise use reports, data, and information provided under this section.
- b. Summary Sales Data. "Summary Sales Data" is Sales Data reported as cumulative totals by state. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Summary Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. If Contractor has no reportable Sales Data for the quarter, Contractor shall submit a zero-sales report.
- c. Detailed Sales Data. "Detailed Sales Data" is Sales Data that includes for each Order all information required by the Solicitation or by NASPO ValuePoint, including customer information, Order information, and line-item details. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Detailed Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. Detailed Sales Data shall be reported in the format provided in the Solicitation or provided by NASPO ValuePoint. The total sales volume of reported Detailed Sales Data shall be consistent with the total sales volume of reported Summary Sales Data.
- d. Sales Data Crosswalks. Upon request by NASPO ValuePoint, Contractor shall provide to NASPO ValuePoint tables of customer and Product information and specific attributes thereof for the purpose of standardizing and analyzing reported Sales Data ("Crosswalks"). Customer Crosswalks must include a list of existing and potential Purchasing Entities and identify for each the appropriate customer type as defined by NASPO ValuePoint. Product Crosswalks must include Contractor's part number or SKU for each Product in Offeror's catalog and identify for each the appropriate Master Agreement category (and subcategory, if applicable), manufacturer part number, product description, eight-digit UNSPSC Class Level commodity code, and (if applicable) EPEAT value and Energy Star rating. Crosswalk requirements and fields may be updated by NASPO ValuePoint with reasonable notice to Contractor and without amendment to this Master Agreement. Contractor shall work in good faith with NASPO ValuePoint to keep Crosswalks updated as Contractor's customer lists and product catalog change.
- e. Executive Summary. Contractor shall, upon request by NASPO ValuePoint, provide NASPO ValuePoint with an executive summary that includes but is not limited to a list of states with an active Participating Addendum, states

with which Contractor is in negotiations, and any Participating Addendum roll-out or implementation activities and issues. NASPO ValuePoint and Contractor will determine the format and content of the executive summary.

### **31. NASPO ValuePoint Cooperative Program Marketing, Training, and Performance Review.**

- a. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of NASPO ValuePoint procurements, the Master agreement and participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.
- b. Contractor agrees, as Participating Addendums become executed, if requested by ValuePoint personnel to provide plans to launch the program within the Participating Entity. Plans will include time frames to launch the agreement and confirmation that the Contractor's website has been updated to properly reflect the contract offer as available in the Participating Entity.
- c. Contractor agrees, absent anything to the contrary outlined in a Participating Addendum, to consider customer proposed terms and conditions, as deemed important to the customer, for possible inclusion into the customer agreement. Contractor will ensure that their sales force is aware of this contracting option.
- d. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.
- e. Contractor acknowledges that the NASPO ValuePoint logos may not be used by Contractor in sales and marketing until a logo use agreement is executed with NASPO ValuePoint.
- f. The Lead State expects to evaluate the utilization of the Master Agreement at the annual performance review. Lead State may, in its discretion, cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A, or not exercise an option to renew, when Contractor utilization does not warrant further administration of the Master Agreement. The Lead State may exercise its right to not renew the Master Agreement if contractor fails to record or report revenue for three consecutive quarters, upon 60-calendar day written notice to the Contractor. Cancellation based on nonuse or under-utilization will not occur sooner than two years after award of the Master Agreement. This subsection does not limit the discretionary right of either the Lead State or Contractor to cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A or to terminate for default pursuant to Paragraph 44 of Exhibit A.
- g. Contractor agrees to notify the Lead State and NASPO ValuePoint of any contractual most-favored-customer provisions in any Cooperative Purchasing Agreements that may affect the promotion of this Master Agreements or whose terms provide for adjustments to future rates or pricing based on rates, pricing in, or Orders from this master agreement. Upon request of the Lead State or NASPO ValuePoint, Contractor shall provide a copy of any such provisions. For the purposes of this paragraph, Cooperative Purchasing Agreement shall mean a cooperative purchasing program facilitating public procurement solicitations and agreements using a lead agency model. This does not include contracts with any federal agency or any federal contract.

### **32. Right to Publish.**

Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the public release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master

Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

### 33. Records Administration and Audit.

- a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead State, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, or such longer period as is required by the Purchasing Entity's state statutes, to assure compliance with the terms hereof or to evaluate performance hereunder.
- b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.
- c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

### 34. Indemnification

- a. General Indemnity. Contractor shall indemnify, defend (to the extent permitted by a state's Attorney General), and hold harmless an Indemnified Party from and against any third party claims or causes of action, including reasonable attorney's fees, to the extent arising from Contractor's intentional, willful, or negligent acts or omissions; actions that give rise to strict liability; and actions arising from breach of contract or warranty.

"Indemnified Party" means NASPO, NASPO ValuePoint, the Lead State, Participating Entities, and Purchasing Entities, along with their officers and employees.

The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the Indemnified Party's sole negligence. This clause will not be construed to bar any legal remedies the Contractor may have for the Indemnified Party's failure to fulfill its obligation under this Contract.

- b. Intellectual Property Indemnification. Notwithstanding Paragraph 34.a of Exhibit A, the Contractor shall indemnify; defend, to the extent permitted by the Attorney General; and hold harmless the Purchasing Entity, at the Contractor's expense, from any action or claim brought against the Purchasing Entity to the extent that it is based on a claim that all or part of the works or documents infringe upon the intellectual property rights of others. The Contractor will be responsible for payment of any and all such claims, demands, obligations, liabilities, costs, and damages, including but not limited to, attorney fees.

1. If such a claim or action arises, or in the Contractor's or the Purchasing Entity's opinion is likely to arise, the Contractor must, at the Purchasing Entity's discretion, either procure for the Purchasing Entity the right or license to use the intellectual property rights at issue or replace or modify the allegedly infringing works or

documents as necessary and appropriate to obviate the infringement claim. This remedy of the Purchasing Entity will be in addition to and not exclusive of other remedies provided by law.

2. Notwithstanding the foregoing, Contractor will not be liable under this section to the extent the infringement was caused by: 1) Contractor modification of the infringing material where such modification is made specifically for the Purchasing Entity, and where the Purchasing Entity has set forth the specific manner in which the modifications shall be made, as opposed to where the Purchasing Entity has requested modifications and given Contractor discretion over how to implement said modifications; 2) Purchasing Entity modification of the infringing material where such modification is not made under the direction of Contractor; 3) Use of the Deliverables or the System in a manner not contemplated by this Contract or as otherwise authorized by the Contractor in writing; 4) use of the Deliverables or the System in combination, operation, or use with other products in a manner other than as contemplated by the Contract or otherwise authorized by the Contractor in writing.

### **35. Limitations of Liability**

- a. The Parties agree that neither Contractor nor the indemnified party shall be liable to each other, regardless of the form of action, for lost revenues or profits, or downtime credits, consequential, incidental, indirect, or special damages except any claim related to bodily injury or death; an unauthorized release or breach of not public data as set forth more fully in Minn. ### **38. Debarment.**

The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

### **40. Confidentiality, Non-Disclosure, and Injunctive Relief.**

- a. Confidentiality. Each party acknowledges that it and its employees or agents may, during the term of this Master Agreement, be exposed to or acquire information that is confidential to the other party, including a Purchasing Entity or Purchasing Entity's clients.
  1. Any and all information of any form that is marked as confidential or would by its nature be deemed confidential by one party (the "originating party") and is obtained by the other party or its employees or agents (the "receiving party") in the performance of this Master Agreement, including, but not limited to (1) any Purchasing Entity's records, (2) personnel records, (3) information concerning individuals, (4) technology, research and development information, Products and Software, and (5) trade secrets and other information which are competitive in nature as confidential information is confidential information of the originating party ("Confidential Information").
  2. Any reports or other documents or items (including software) that result from the use of the Confidential Information by the receiving party shall be treated in the same manner as the Confidential Information.
  3. Confidential Information does not include information that (1) is or becomes (other than by disclosure by the receiving party) publicly known; (2) is furnished by the originating party to others without restrictions similar to those imposed by this Master Agreement; (3) is rightfully in the receiving party's possession without the obligation of nondisclosure prior to the time of its disclosure under this Master Agreement; (4) is obtained from a source other than the originating party without the obligation of confidentiality, (5) is disclosed with the

written consent of the originating party or; (6) is independently developed by employees, agents or subcontractors of the receiving party who can be shown to have had no access to the Confidential Information.

b. **Non-Disclosure.** The receiving party shall hold Confidential Information in confidence, using at least the industry standard of confidentiality, but no less than the standard of care such party uses for its own similar confidential information and shall not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than what is necessary to the performance of Orders placed under this Master Agreement.

1. Each party shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use commercially reasonable efforts to assist Participating Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information.

2. Without limiting the generality of the foregoing, receiving party shall advise the originating party, including as applicable the Participating Entity, and the Lead State if the originating party is a Purchasing Entity, and the Lead State if the originating party is a Participating Entity, immediately if the receiving party learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Master Agreement, and receiving party shall at its expense cooperate with the originating party in seeking injunctive or other equitable relief in the name of either party against any such person.

3. Except as directed by the originating party, the receiving party will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at the originating party's request, the receiving party shall turn over to the originating party all documents, papers, and other matter in Contractor's possession that embody Confidential Information. If applicable law, regulation or document retention policy prevents the receiving party from destroying or returning all or part of the Confidential Information, the receiving party will maintain the security and confidentiality of all such retained Confidential Information.

4. Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement, and Purchasing Entity may retain Confidential Information to the extent and for the duration required by applicable law.

c. **Injunctive Relief.** Each party acknowledges that the other party's breach of this section, including disclosure of any Confidential Information, may cause irreparable injury to the originating party that is inadequately compensable in damages. Accordingly, the originating party may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

d. **Purchasing Entity Law.** These provisions shall be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity.

The rights granted Purchasing Entities and Contractor obligations under this section shall also extend to the cooperative's Confidential Information, defined to include Participating Addenda, as well as Orders or transaction data relating to Orders under this Master Agreement that identify the entity/customer, Order dates, line item descriptions and volumes, and prices/rates. This provision does not apply to disclosure to the Lead State, a Participating State, or any governmental entity exercising an audit, inspection, or examination pursuant to Paragraph 33 of Exhibit A. To the extent permitted by law, Contractor shall notify the Lead State of the identity of any entity seeking access to the Confidential Information described in this subsection.

**41. Public Information.**

This Master Agreement and all related documents are subject to disclosure pursuant to the Lead State's public information laws.

Unless otherwise set forth in this Master Agreement, this Master Agreement may be canceled by either party upon 60 days written notice prior to the effective date of the cancellation. Further, any Participating Entity may cancel its participation upon 30 days written notice, unless otherwise stated in the Participating Addendum. Cancellation may be in whole or in part. Any cancellation under this provision shall not affect the rights and obligations attending orders outstanding at the time of cancellation, including any right of a Purchasing Entity to indemnification by the Contractor, rights of payment for Products delivered and accepted, rights attending any warranty or default in performance in association with any Order, and requirements for records administration and audit. Cancellation of the Master Agreement due to Contractor default may be immediate as set forth in Paragraph 44 of Exhibit A.

**43. Force Majeure.**

Neither party to this Master Agreement shall be held responsible for delay or default caused by fire, riot, unusually severe weather, other acts of God, or war which are beyond that party's reasonable control. The Lead State may terminate this Master Agreement after determining such delay or default will reasonably prevent successful performance of the Master Agreement.

**44. Defaults and Remedies.**

a. The occurrence of any of the following events shall be an event of default under this Master Agreement:

1. Nonperformance of contractual requirements; or
2. A material breach of this Master Agreement; or

5. Any default specified in another section of this Master Agreement.

b. Upon the occurrence of an event of default, except for material breach, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of 30 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement. The Lead State may immediately terminate this Master Agreement upon material breach of the Master Agreement by Contractor.

c. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:

Unless otherwise specified in a Purchase Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code. Contractor may discontinue performance under a Purchase Order if the Purchasing Entity fails, after thirty (30) days written notice to the Purchasing Entity, to cure a failure to perform under the applicable Participating Addendum.

#### **45. Waiver of Breach.**

Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or Participating Addendum. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order shall not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, Participating Addendum, or Purchase Order.

#### **46. Notices.**

If one party is required to give notice to the other under the Master Agreement, such notice shall be in writing and shall be effective upon receipt. This section applies to a claim brought against the Participating Entities who are states only to the extent Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

1. By signing and submitting this proposal, the prospective lower tier participant [responder] is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal [response] is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverages section of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this response that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction [subcontract equal to or exceeding \$25,000] with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled, "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the list of parties excluded from federal procurement and nonprocurement programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and debarment.

**b. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions.**

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

The Contractor and the Lead State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, (and where applicable, if the Lead State contracting party is part of the judicial branch, with the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court as the same may be amended from time to time) as it applies to all data provided by the Lead State to the Contractor and all data provided to the Lead State by the Contractor. If the remainder of the Master Agreement is capable of performance it shall not be affected by such declaration or finding and shall be fully performed.

**Exhibit C: Requirements****1. Contractor Verification.**

Contractor must be a manufacturer of a Product in the Band(s) it is awarded a Master Agreement. "Re-branding" a product that is manufactured by another company does not meet this requirement. **2. Warranty and Maintenance.**

Contractor must ensure warranty service and maintenance for all products provided. The Contractor shall provide the warranty service and maintenance for all products on the Master Agreement.

Within 30 calendar days of the notice of intent to award a Master Agreement, Contractor must provide a sample URL of the Master Agreement webpage to the Lead State for review and approval. The Lead State will review and determine acceptability of the website format and data. If the information is determined to be unacceptable or incorrect, the Contractor will have 15 calendar days to provide revisions to the Lead State. After the Lead State approves the website,

Contractor may not make material changes to the website without notifying the Lead State through the ARF process and receiving written approval of the changes.

#### **4. Environmental Certifications.**

Contractor must include environmental or supply chain responsibility certifications and registrations for products sold through this Contract on their website. Contractor must provide these certifications and registrations for specific products to Participating Entities upon request.

The Lead State reserves the right to reject the inclusion of such product, or if approved, require Contractor to remove the product at a later date if the product does not achieve a minimum EPEAT Bronze registration. The Contractor must remove any products that subsequently exit the verification process without achieving EPEAT Bronze or greater from the Master Agreement.

#### **6. Third-Party Products.**

Some products offered may be manufactured by a third party. Contractor, however, must provide or facilitate the warranty service and maintenance for all Third-Party Products on the Master Agreement either directly or pass-through from the manufacturer. Contractor may not offer products manufactured by another Contractor holding a Minnesota NASPO ValuePoint Master Agreement for Computer Equipment without approval from the Lead State.

Warranty for third-party products must be provided by the Contractor. Warranty documents for products manufactured by a third party are preferred to be delivered to the Participating Entity with the products. ### State and Local Government and Education Customer Return Policy

**Coverage:** These guidelines apply only to returns initiated by State and Local Government or Education customers purchasing HPE/Aruba branded product direct from Hewlett Packard Enterprise Company ("HPE") or a customer purchase under one of HPE's State and Local Government or Education direct contracts. A direct contract is defined as a contract by and between HPE and a State, Local or Education end user. This return policy does not apply to purchases by end user through HPE resellers under separate contract; loaners; early marketing units or employee purchases administered as internal HPE orders.

#### **Products Not Eligible:**

**Customized Products:** Products that are customized and not otherwise marketable by HPE (e.g., products specifically designed for a particular customer that cannot be sold to another customer).

**Refurbished products:** HPE branded product

**Consumable products:** Separately packaged HPE branded software cannot be returned to Hewlett Packard Enterprise.

**Third Party Options:** Where returns are otherwise governed by the original manufacturer - Note: The original manufacturer may provide their own warranties. The return guidelines should be confirmed with the customer support representative when requesting a Return Material Authorization ("RMA").

**Product not purchased direct from HPE:** Which means product purchased from another source, such as a reseller, distributor, etc., under a separate contract between end user and reseller.

### RETURN OF PRODUCTS

#### **Defective Product:**

For product that is defective on arrival, it is recommended that customers call Technical Support at 1-844-806-3425 to determine if the product can be corrected. Or, the customer may utilize the 30 day goodwill return policy. Also the customer may contact the HPE North America Customer Care Team via email: VALOM-US-SLED@HPE.COM, to report product that was defective on arrival and obtain warranty service for HPE Product, or obtain contact information for warranty services provided by other manufacturers.

#### **Carrier Related Loss or Damaged Shipments:**

Customers should note damages or shortages on the Bill Of Lading at the time of delivery. Within a reasonable time or not later than 30 days from delivery, notify the HPE Customer Care Team and provide a copy of the Bill of Lading/Packing Slip.

Concealed damage(s) or shortage(s), where the box is in good condition but product is missing or damaged, is an exception and should be reported as soon as practicable after delivery in order for HPE to establish the claim with the carrier.

HPE is committed to customer satisfaction and values our relationship with State and Local Government and Education Customer. To show our commitment, HPE is providing a goodwill right to return, or exchange unused products within 30 days from receipt of the product. HPE does not charge a restocking or handling fee for product returned within 30 days. It's at HPE's sole discretion to accept return products after 30-days. If a product return is accepted after 30-days a restocking fee may apply.

#### **Procedures for Returns:**

The State or Local Government and Education Customer should contact the assigned Customer Service Representative (CSR) via email: VALAM-US-SLED@HPE.COM, to coordinate returns or replacements within 30 days from delivery of product. At that time a case number will be assigned to the request while HPE validates it and proceeds (24 -48 hours). Once a Return Material Authorization is approved, the Care Agent will submit an e-claim and an RMA number is assigned to it. This e-claim triggers a return label with HPE selected carrier (usually CEVA) and CEVA sends out a questionnaire to the customer that needs to be responded no later than 7 calendar days. Once the carrier receives the questionnaire, pick up should be scheduled for the returning material no later than 30 calendar days from the date of the request. The Customer Care Team Representative will assist the Customer on any other details or specifics regarding returns, credits and refunds.

*Hewlett Packard Enterprise reserves the right to refuse any return that does not meet the requirements stated below:*

Package - Product must be returned in the original shipping packaging. In the event the packaging is not available or unusable, it must be noted when requesting an RMA.

If possible, remove all mailing labels on the outside of the box that references the customer address or simply mark out the mailing labels address with a marker. The customer will either receive a mailing label via email that should be attached to the return products and/or will be provided a label by the carrier. Be sure to mark your RMA number on the box.

If product for more than one RMA is being returned in the same box, make sure that all RMA numbers are listed on both the mailing label and packing list. If products are received at the Returns Center without valid RMA numbers on the mailing label, your credit may be delayed and proof of delivery or other supporting documentation may be required.

The RMA number(s) must appear clearly on the box, as returns will not be accepted without an RMA number.

Returns must be 100% complete, unused, in original and re-salable condition, with all original packaging, manuals, registration card(s), software, cabling and accessories. If, after the product has been returned and inspected, it is discovered that components are missing from the return, HPE reserves the right not to issue a credit for the return of the missing components. If it is determined that there are missing components when the product is returned, and the customer has received a credit, the customer may be issued an invoice for the missing component. Missing components may include but are not limited to keyboard, mouse, software, speakers, accessories, drives, memory, microprocessors, and processor boards.

RMA numbers that have been open for greater than thirty (30) days may be cancelled and the customer subsequently invoiced for the unreturned product. Another RMA can be requested as long as it is within the 30 days of receipt of the product. Please note that all returned products must be credited against the account and order from which the product was originally invoiced.

**All products must be returned to the address provided by the HPE Customer Service Representative via email or by the carrier:**
