Enhancement suggestions/requests (i.e. ideas for upgrades to software) should be emailed to support@tritech.com.
- 7) The County will ensure there is appropriate connectivity in each physical area in which a Server or interface equipment is located to allow the TriTech team to assist in troubleshooting. Remote assistance will be utilized for support of Inform and Vision FBR. Access will be granted by the County on an as-needed basis via Citrix Goto Assist.
- 8) Reported software errors will be responded to and resolved in accordance with the Priorities and Support Response Matrix in Section 9 below. If requested or specified in the response time criteria below, a TriTech representative will return the call in a manner consistent with the priority and order in which the call was received. County will make every effort to respond to TriTech in a timely fashion when requests are made for follow-up calls or additional documentation on the reported problem.
