ARTICLES

I. General Terms and Conditions

- A. **Governing Law and Venue:** This Contract has been negotiated and executed in the state of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another county.
- B. **Entire Contract:** This Contract, including Attachments A, B, C and D which have been incorporated, when accepted by Contractor, either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Except for Software Updates, Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including, but not limited to, installers of software, shall not be valid or binding on County unless accepted in writing by County’s Purchasing Agent or his designee, hereinafter “Purchasing Agent.”
- C. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.

- D. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax. County is responsible for Sales or Use Tax, if any.
- E. **Delivery:** Time of delivery of goods or services is of the essence in this Contract. County reserves the right to refuse any goods or services and to cancel all or any part of the goods not conforming to applicable specifications, drawings, samples or description or services that do not conform to the prescribed statement of work. Acceptance of any part of the order for goods shall not bind County to accept future goods nor deprive it of the right to return goods already accepted at Contractor's expense. Over-shipments and under-shipments of goods shall be only as agreed to in writing by County. Delivery shall not be deemed complete until all goods and services have actually been received and accepted in writing by County.
- F. **Acceptance/Payment:** Unless otherwise agreed to in writing by COUNTY, acceptance shall not be deemed complete unless in writing and until all the goods/services have actually been received and delivery meets the specifications outlined in published fact sheets. Payment shall be made in accordance with the Payment Schedule in Attachment B.
- G. **Warranty:** Contractor warrants that it is authorized to enter into this Contract and grant the licenses specified in this Contract.

Software Warranty: Contractor warrants that the Software will perform as made available substantially in conformance with the Attachments C and D. Contractor does not warrant that the Software is error-free or will operate without interruption. County's sole and exclusive remedy for any breach of this warranty is the repair or replacement of the particular non-conforming Software, but only if such error or defect is reported to Contractor within the Warranty Period and the repaired or replacement Software performs as made available substantially in conformance with the Documentation. Where Contractor is unable to repair or replace the Software concerned, Contractor will refund to County the license fees paid for each such Software.

Malicious Code: Contractor has used commercially reasonable efforts to ensure that Software made available to County by Contractor does not contain viruses, worms, Trojan horses or other unintended malicious or destructive code ("Malicious Code"). If Malicious Code is discovered, Contractor will use commercially reasonable efforts to supply a clean copy of the relevant Software within a reasonable period.

Limitation of Liability: If County should become entitled to claim damages from Contractor, Contractor shall be liable for all damages that arise from or are reasonably related to Contractor's negligence or intentional misconduct. In no event will Contractor or any person or entity involved in the creation, manufacture or distribution of any Software, Documentation, services or other materials provided under this Contract be liable for: (1) any damages caused by the failure of County or its affiliates or suppliers to perform their responsibilities; or (2) any lost profits, loss of business, loss of use, lost savings or other consequential, special, incidental, indirect, exemplary or punitive damages. Contractor will be liable only for the amount of County's actual direct damages, not to exceed (in the aggregate for all claims) the amount that the County paid Contractor during the contract term for the Software, items or services that are the subject of the claim.

- H. **Patent/Copyright Materials/Proprietary Infringement:** Unless otherwise expressly provided in this Contract, Contractor shall be solely responsible for clearing the right to use any patented or copyrighted materials in the performance of this Contract. Contractor warrants that any software as modified through services provided hereunder will not infringe upon or violate any patent, proprietary right, or trade secret right of any third party. Contractor agrees that, in accordance with the more specific requirements contained in paragraph P below, it shall indemnify, defend and hold County and its indemnities harmless from any and all such claims and be responsible for payment of all costs, damages,

penalties and expenses related to or arising from such claim(s), including, but not limited to, attorneys' fees, costs and expenses.

- I. **Assignment or Subcontracting:** The terms, covenants, and conditions contained herein shall apply to and bind the heirs, successors, executors, administrators and assigns of the Parties. Furthermore, neither the performance of this Contract nor any portion thereof may be assigned or subcontracted by Contractor without the express written consent of County. Any attempt by Contractor to assign or subcontract the performance or any portion thereof of this Contract without the express written consent of County shall be invalid and shall constitute a breach of this Contract.
- J. **Non-Discrimination:** In the performance of this Contract, Contractor agrees that it will not engage nor permit any sub-contractors to engage in discrimination in employment of persons because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sexual preference, or sex of such persons. Contractor acknowledges that a violation of this provision shall subject Contractor to all the penalties imposed for a violation of anti-discrimination law or regulation.
- K. **Termination:** In addition to any other remedies or rights it may have by law and those set forth in the Contract, County has the right to terminate this Contract without penalty with 60 days written notice for cause, unless otherwise specified. Cause shall be defined as any breach of Contract or any misrepresentation or fraud on the part of Contractor. Exercise by County of its right to terminate the Contract shall relieve County of all further obligations.
- L. **Consent to Breach Not Waiver:** No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to or waiver of a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.
- M. **Remedies Not Exclusive:** The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive, and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.
- N. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither Contractor, its employees, nor anyone working under Contractor shall be considered an agent or an employee of County. Neither Contractor, its employees nor anyone working under Contractor shall qualify for workers' compensation or other fringe benefits of any kind through County.

In addition, all subcontractors performing work on behalf of contractor pursuant to this contract shall obtain insurance subject to the same terms and conditions as set forth herein for contractor.

All self-insured retentions (SIRs) and deductibles shall be clearly stated on the Certificate of Insurance. If no SIRs or deductibles apply, indicate this on the Certificate of Insurance with a 0 by the appropriate line of coverage. Any self-insured retention (SIR) or deductible in excess of \$25,000 (\$5,000 for automobile liability), shall specifically be approved by the County Executive Office (CEO)/Office of Risk Management.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor act in any way to reduce the policy coverage and limits available from the insurer.

Contractor shall not permit any lien or charge to attach to the work or the premises, but if any does so attach, Contractor shall promptly procure its release and, in accordance with the requirements of paragraph P above, indemnify, defend, and hold County harmless and be responsible for payment of all costs, damages, penalties and expenses related to or arising from or related thereto.

Each Party further acknowledges that it has not been influenced to any extent whatsoever in executing this Contract by any other Party hereto or by any person representing them or both. Accordingly, any rule of law (including California Civil Code Section 1654) or legal decision that would require interpretation of any ambiguities in this Contract against the Party that has drafted it is not applicable and is waived. The provisions of this Contract shall be interpreted in a reasonable manner to affect the purpose of the Parties and this Contract.
- FF. Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organizations or entities, enforceable in accordance with its terms.

The inspection and/or audit will be confined to those matters connected with the performance of the Contract, including, but not limited to, the costs of administering the Contract. County will provide reasonable notice of such an audit or inspection.

County reserves the right to audit and verify Contractor's records before payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of four years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to a similar right to County to audit records and interview staff of any sub-contractor related to performance of this Contract.

Should Contractor cease to exist as a legal entity, Contractor's records pertaining to this Contract shall be forwarded to the surviving entity in a merger or acquisition or, in the event of liquidation, to County's Project Manager.

18. Contractor's Expense: Contractor will be responsible for all costs related to photo copying, telephone communications, e-mail communications, fax communications, and parking while on County sites during the performance of work and services under this Contract unless otherwise specified. County will not provide free parking for any service in County Civic Center.

19. Gratuities: Contractor warrants that no gratuities, in the form of entertainment, gifts or otherwise, were offered or given by Contractor or any agent or representative of Contractor to any officer or employee of County with a view toward securing the Contract or securing favorable treatment with respect to any determinations concerning the performance of the Contract. For breach or violation of this warranty, County shall have the right to terminate the Contract, either in whole or in part, and any loss or damage sustained by County in procuring on the open market any goods or services which Contractor agreed to supply shall be borne and paid for by Contractor. The rights and remedies of County provided in the clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Contract.

20. Authorization Warranty: Contractor represents and warrants that the person executing this Contract on behalf of and for Contractor is an authorized agent who has actual authority to bind Contractor to each and every term, condition and obligation of this Contract and that all requirements of Contractor have been fulfilled to provide such actual authority.

21. News/Information Release: Contractor agrees that it will not issue any news releases in connection with either the award of this Contract or any subsequent amendment of or effort under this Contract without first obtaining review and written approval of said news releases from County through County's Project Manager.

The County will inform the Contractor, at the time of award, if the Form W-9 will be required.
- 23. County of Orange Child Support Enforcement Certification Requirements (Exhibit 1):** Failure of Contractor to timely submit the data and/or certifications required may result in the Contract being awarded to another Respondent. In the event a Contract has been issued, failure of Contractor to comply with all federal, state, and local reporting requirements for child support enforcement or to comply with all lawfully served Wage and Earnings Assignment Orders and Notices of Assignment shall constitute a material breach of the Contract. Failure to cure such breach within 10 calendar days of notice from County shall constitute grounds for termination of the Contract.
- 24. Publication:** No copies of sketches, schedules, written documents, computer-based data, photographs, maps or graphs, including graphic art work, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision/direction of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by County, except as necessary for the performance of the services of this Contract. All press releases, including graphic display information to be published in newspapers, magazines, etc., are to be administered only by County unless otherwise agreed to by both Parties.
- 25. Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional identified by Contractor as Project Manager, prior to submission to County. Contractor agrees that County review is discretionary and Contractor shall not assume that County will discover errors and/or omissions. If County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in any action between County and Contractor, and the reports, files or documents will be returned to Contractor for correction.
- 26. Software - Acceptance:** The County shall be deemed to have accepted each software product unless the County, within 30 days from the installation date, gives contractor written notice to the effect that the software product fails to conform to the functional and performance specifications, which, if not attached, are incorporated by reference. The contractor will, upon receipt of such notice, investigate the reported deficiencies. The right of the parties shall be governed by the following:
- If it is found that the software product fails to conform to the specifications and the contractor is unable to remedy the deficiency with 60 days, the County shall return all material furnished hereunder and this contract shall be terminated.
- If it is found that the software product fails to conform to the specifications and the contractor, within 60 days of receipt of the above said notice, corrects the deficiencies in the software product, the County will provide the contractor with written acknowledgement of its acceptance of said software product.
- If it is found that the software product does, in fact, conform to the specifications, the County shall reimburse the contractor for the time and material cost of the investigation at the rates specified in this contract.
- The County's acceptance of the software product is contingent upon the software product conforming to Attachments C and D and providing access to Online Help System.

27. Software – Acceptance Testing: Acceptance testing may be required as specified for all contractor-supplied software as specified and listed in the contract or order, including all software initially installed. Included in this clause are improved versions, including new releases, of this software, any such software which has been modified by the contractor to satisfy the County requirements, and any substitute software provided by the contractor in lieu thereof, unless the contract or order provides otherwise. The purpose of the acceptance test is to ensure that the software operates in substantial accord with the contractor's technical specifications and meets the County's performance specifications. Any acceptance testing must be performed in conformance with the specifications outlined in the Contractor's published fact sheets.

28. Software – Maintenance: Note: This T and C is applicable to software products with renewable or perpetual licenses where software maintenance is required by the County.

The correction of any residual substantial errors in any software products which may be discovered by the contractor or by the County will be considered maintenance. Such maintenance will be performed by the contractor without additional charge for the duration of this contract. Suspected errors discovered by the County in the software products will be handled by the following procedure:

A listing of the output and a copy of the evidential input data in machine-readable format will be submitted to the contractor along with a completed copy of the appropriate contractor information form and, if appropriate, a listing of the contents of the memory of the CPU at the time the error was noted.

Errors in the software product as verified by the contractor will be corrected by providing a new copy of said software product or a new copy of the affected portions in machine-readable format.

29. Software License: The contractor hereby grants to the County of Orange and the County accepts from the contractor, subject to the terms and conditions of this agreement, a non-exclusive, non-transferable license to use the software products listed in this agreement, as Attachment A, hereinafter referred to as "software products." The license granted above authorizes the County to use the software products in machine-readable form on a single computer system, designed in writing by the County to the contractor, provided that if the designated CPU is inoperative due to malfunction, license herein granted shall be temporarily extended to authorize the County to use the software products in machine-readable form on any other County CPU until the designated CPU is returned to operation. By prior written notice to the contractor the County may redesignate the CPU in which the software products are to be used and must do so if the redesignation is permanent.

When encryption/CPU ID authorization codes are required to operate the software products, the contractor will provide all codes to the County with shipment of the software. In the case of an inoperative CPU, as defined above, contractor will provide a temporary encryption/CPU ID authorization code to the County for use on a temporarily authorized CPU until the designated CPU is returned to operation. When changes in designated CPUs occur, the contractor will issue to the County within 24 hours of notification a temporary encryption/ID authorization code for use on the newly designated CPU until such time a permanent code is assigned.

30. Expenditure Limit: The contractor shall notify the County of Orange assigned buyer in writing when the expenditures against the contract reach 75 percent of the dollar limit on the contract. The County will not be responsible for any expenditure overruns and will not pay for work exceeding the dollar limit on the contract unless a change order to cover those costs has been issued.

31. Security Breach Procedures

- a. "Security Breach" means: (i) any act or omission that compromises either the security, confidentiality or integrity of Personal Information or the physical, technical, administrative or organizational safeguards put in place by Contractor that relate to the protection of the security, confidentiality or integrity of Personal Information, or (ii) receipt of a complaint in relation to the privacy practices of Contractor or a breach or alleged breach of this Agreement relating to such privacy practices.

- c. Except as otherwise required by law, Contractor agrees that it shall not inform any third party of any Security Breach without first obtaining County's prior written consent, other than to inform a complainant that the matter has been forwarded to County's legal counsel. Further, Contractor agrees that County shall have the sole right to determine: (i) the parties will meet and confer in good faith before notifying individuals, regulators, law enforcement agencies, consumer reporting agencies or others as required by law or regulation. County shall have the sole right to determine the contents of any notice sent by Contractor on County's behalf relating to a Security Breach, including but not limited to the contents of such notice, whether any type of remediation may be offered to affected persons, and the nature and extent of any such remediation; and (ii) the contents of such notice, whether any type of remediation may be offered to affected persons, and the nature and extent of any such remediation.
