ARTICLES

GENERAL TERMS AND CONDITIONS

- A. Governing Law and Venue:** This Contract has been negotiated and executed in the state of California and shall be governed by and construed under the laws of the state of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for adjudication to another county.
- B. Entire Contract:** This Contract, including Attachments which are attached hereto and incorporated herein by this reference, contains the entire contract between the Parties with respect

to the matters herein, and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. Electronic acceptance of any additional terms, conditions or supplemental contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing by County's Procurement Officer or designee.

- C. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.
- D. **Taxes:** Unless otherwise provided herein or by law, the price stated in Attachment B does not include California state sales or use tax. Out-of-state Contractors shall indicate California Board of Equalization permit number and sales permit number on invoices, if California sales tax is added and collectable. If no permit numbers are shown, sales tax will be deducted from payment. The Auditor-Controller will then pay use tax directly to the State of California in lieu of payment of sales tax to Contractor.
- E. **Delivery:** Time of delivery of goods or services is of the essence in this Contract. County reserves the right to refuse any goods or services and to cancel all or any part of the goods not conforming to applicable specifications, drawings, samples or descriptions or services that do not conform to the prescribed scope of work. Acceptance of any part of the order for goods shall not bind County to accept future shipments nor deprive it of the right to return goods already accepted at Contractor's expense. Over shipments and under shipments of goods shall be only as agreed to in writing by County. Delivery shall not be deemed to be complete until all goods or services have actually been received and accepted in writing by County.
- F. **Acceptance/Payment:** Unless otherwise agreed to in writing by County: 1) acceptance shall not be deemed complete unless in writing and until all the goods/services have been received, inspected, and tested to the satisfaction of County, and 2) payment shall be made pursuant to Attachment B after County's satisfactory acceptance of an invoice.
- G. **Warranty:** Contractor expressly warrants that the goods covered by this Contract are 1) free of liens or encumbrances, 2) merchantable and good for the ordinary purposes for which they are used, and 3) fit for the particular purpose for which they are intended. Acceptance of this order shall constitute an agreement upon Contractor's part to indemnify, defend and hold County and County Indemnitees, as more fully described in Paragraph Z, harmless from liability, loss, damage and expense, including reasonable counsel fees, incurred or sustained by County by reason of the failure of the goods/services to conform to such warranties, faulty work performance, negligent or unlawful acts, and non-compliance with any applicable state or federal codes, ordinances, orders, or statutes, including the Occupational Safety and Health Act (OSHA) and the California Industrial Safety Act. Such remedies shall be in addition to any other remedies provided by law.
- H. **Patent/Copyright Materials/Proprietary Infringement:** Unless otherwise expressly provided in this Contract, Contractor shall be solely responsible for clearing the right to use any patented or copyrighted materials in the performance of this Contract. Contractor warrants that any software as modified through services provided hereunder will not infringe upon or violate any patent, proprietary right, or trade secret right of any third party. Contractor agrees that, in accordance with the more specific requirement contained in Paragraph Z, it shall indemnify, defend and hold County and County Indemnitees harmless from any and all such claims and be responsible for payment of all costs, damages, penalties and expenses related to or arising from such claim(s), including, costs and expenses and attorney's fees.
- I. **Assignment:** The terms, covenants, and conditions contained herein shall apply to and bind the heirs, successors, executors, administrators and assigns of the Parties. Furthermore, neither the performance of this Contract nor any portion thereof may be assigned by Contractor without the

express prior written consent of County. Contractor shall provide County no less than sixty (60) calendar days' written notification of its intent to assign, sell, delegate or otherwise dispose of the rights and obligations of this Contract. Any attempt by Contractor to assign the performance or any portion thereof of this Contract without the express prior written consent of County shall be void and invalid and shall constitute a material breach of this Contract.

- J. Non-Discrimination:** In the performance of this Contract, Contractor must comply with the requirements of Section 1735 of the California Labor Code and not engage nor permit any subcontractors to engage in discrimination in employment of persons because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex of such persons. Contractor acknowledges that a violation of this provision shall subject Contractor to penalties pursuant to Section 1741 of the California Labor Code.
- K. Termination:** In addition to any other remedies or rights it may have by law and those set forth in this Contract, County has the right to immediately terminate this Contract without penalty for cause or after thirty (30) calendar days' written notice without cause, unless otherwise specified. Cause shall include, but not be limited to, any material breach of contract, any misrepresentation or fraud on the part of Contractor, and any assignment, subcontracting or change of ownership without County's express prior written consent. County's decision to exercise the right to terminate the Contract shall relieve County of all further obligations under this Contract. The Parties may mutually terminate this Contract by written agreement at any time. The rights, obligation, and conditions, that by their express terms or nature and context are intended to survive the termination or expiration of this Contract, survive any termination or expiration of this Contract.
- L. Consent to Breach Not Waiver:** Any action or inaction by County or failure of County in any one or more instances to insist upon strict performance of any of the terms of this Contract or to enforce any right or provision contained herein shall not be construed as a waiver or relinquishment by County of its rights hereunder and shall not prevent County from enforcing such provision or right on any future occasion. Further, no term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent is in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.
- M. Independent Contractor:** Contractor shall be considered an independent contractor and neither Contractor, its employees, nor anyone working under Contractor shall be considered an agent or an employee of County. Neither Contractor, its employees nor anyone working under Contractor shall qualify for workers' compensation or other fringe benefits of any kind through County.
- N. Performance:** Contractor shall warrant all work under this Contract, taking necessary steps and precautions to perform the work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other goods/services furnished by Contractor under this Contract. Contractor shall perform all work diligently, carefully, and in a good and workmanlike manner; shall furnish all necessary labor, supervision, machinery, equipment, materials, and supplies, shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the work. If permitted to subcontract, Contractor shall be fully responsible for all work performed by subcontractors.
- O. Insurance Provision:** Prior to the provision of services under this Contract, Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with County during the entire term of this Contract.

Contractor shall ensure that all subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow subcontractors to work if subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every subcontractor and to receive proof of insurance prior to allowing any subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any SIR in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- 1) In addition to the duty to indemnify and hold County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or subcontractor's performance of this Contract, Contractor shall defend County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- 2) Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- 3) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and Contractor's SIR provision shall be interpreted as though Contractor was an insurer and County was the insured.

If Contractor fails to maintain insurance acceptable to County for the full term of this Contract, County may terminate this Contract.

County of Orange
c/o: CEO/County Procurement Office
Attn: Insurance
1300 S. Grand Ave., Ste. A, 2nd Floor
Santa Ana, CA 92705-4434

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable Certificates of Insurance and endorsements with County incorporating such changes within thirty (30) calendar days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor act in any way to reduce the policy coverage and limits available from the insurer.

P. Changes: Contractor shall make no changes in the work or perform any additional work without County's express prior written consent.

Q. Change of Ownership/Name, Litigation Status, Conflicts with County Interests: Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, and County agrees to an assignment of the Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.

County reserves the right to immediately terminate the Contract in the event County determines that the assignee is not qualified or is otherwise unacceptable to County for the provision of services under the Contract.

In addition, Contractor must notify County in writing of any change in Contractor's status with respect to name changes that do not require an assignment of the Contract. Contractor also must notify County in writing if Contractor becomes a party to any litigation against County, or a party to litigation that may reasonably affect Contractor's performance under the Contract, as well as any potential conflicts of interest between Contractor and County that may arise prior to or during the period of Contract performance. While Contractor must provide this information without prompting from County any time there is a change in Contractor's name, conflict of interest or litigation status, Contractor must also provide an update to County of its status in these areas whenever requested by County.

Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with County interests. In addition to Contractor, this obligation applies to Contractor's employees, agents, and subcontractors associated with the provision of goods and services provided under this Contract. Contractor's efforts shall include, but not be limited to, establishing rules and procedures preventing its employees, agents, and subcontractors from providing or offering gifts, entertainment, payments, loans or other considerations which could be deemed to influence or appear to influence County staff or elected officers in the performance of their duties.

R. Force Majeure: Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract to the extent such delay is caused by any act of God, war, civil disorder, employment strike or other cause beyond Contractor's reasonable control, provided Contractor gives written notice of the cause of the delay to County within thirty-six (36) hours of the start of the delay and Contractor avails itself of any available remedies to end the delay and minimize the effects of such delay. County may terminate this Contract by written notice to Contractor if the delay continues substantially uninterrupted for a period of five (5) business days or more.

S. Confidentiality: All County Data shall be deemed confidential. Contractor must hold County Data in strict confidence and maintain the confidentiality of County Data pursuant to all statutory laws relating to privacy and confidentiality that currently exist or may exist at any time during the term of this Contract. Contractor must protect County Data from unauthorized access, use, disclosure and loss through the observance of the same or more effective procedural requirements as used by County. In addition, Contractor must not use, modify, merge with other data, commercially exploit, make available or make any other use of County Data or take, or refrain from taking, any other action that might, in any manner or form, adversely affect or jeopardize the integrity, security, or confidentiality of County Data, except as expressly permitted herein or as expressly directed by County in writing. Contractor also must not copy, reproduce, sell, transfer, or otherwise dispose of, give or disclose, such County Data to third parties other than

employees, agents, or subcontractors who require the County Data for performance of this Contract. The obligation in this Paragraph S applies to Contractor's employees, agents, and subcontractors.

Contractor must immediately report to County any and all unauthorized disclosures or uses of County Data or suspected or threatened unauthorized disclosures or uses of County Data of which Contractor or Contractor's employees, agents and/or subcontractors are aware or have knowledge or reasonable belief. Contractor acknowledges that any unauthorized publication or disclosure of County Data to others or unauthorized use of County Data may cause immediate and irreparable harm to County. If Contractor should publish, disclose, or use such County Data without authorization, or threaten such action, County is immediately entitled to injunctive relief and any other remedies to which it is entitled under law or equity, without requiring a cure period. Contractor must, in accordance with the more specific requirements contained in Paragraph Z, indemnify, defend, and hold County and County Indemnitees harmless from and against any and all damages, costs, liabilities, and expenses (including without limitation attorneys' fees) relating to or arising from Contractor's unauthorized publication, use, or disclosure of County Data.

- T. Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements of Paragraph Z, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
- U. Freight:** Intentionally Omitted.
- V. Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
- W. Attorney Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, each Party shall bear its own attorney's fees, costs and expenses.
- X. Interpretation:** This Contract has been negotiated at arm's length and between persons sophisticated and knowledgeable in the matters dealt with in this Contract. In addition, each Party has been represented by experienced and knowledgeable independent legal counsel of its own choosing or has knowingly declined to seek such counsel despite being encouraged and given the opportunity to do so. Each Party further acknowledges that it has not been influenced to any extent whatsoever in executing this Contract by any other party hereto or by any person representing them, or both. Accordingly, any rule or law (including California Civil Code Section 1654) or legal decision that would require interpretation of any ambiguities in this Contract against the party that has drafted it is not applicable and is waived. The provisions of this Contract shall be interpreted in a reasonable manner to affect the purpose of the Parties and this Contract.
- Y. Employee Eligibility Verification:** Contractor warrants that it is and will remain in full compliance with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. Contractor shall obtain, from all employees performing work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. Contractor shall

indemnify, defend with counsel approved in writing by County, and hold harmless, County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against Contractor or County or both in connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing work under this Contract.

- Z. Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither party shall request a jury apportionment.
- AA. Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract including, but not limited to, the costs of administering the Contract. County will provide reasonable notice of such an audit or inspection.
- County reserves the right to audit and verify Contractor's records before final payment is made.
- Contractor must maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor must include in each subcontract a similar right to County to audit records and interview staff of any subcontractor related to performance of this Contract.
- Should Contractor cease to exist as a legal entity, Contractor's records pertaining to this Contract shall be forwarded to County's project manager.
- BB. Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
- CC. Expenditure Limit:** Contractor shall notify the County of Orange assigned Deputy Purchasing Agent in writing when the expenditures against the Contract reach seventy-five percent (75%) of the dollar limit on the Contract. County is not responsible for any expenditure overruns and will not pay for work exceeding the dollar limit on the Contract unless a change order to cover those costs has been issued.

3. **Renewal:** This Contract may be renewed by mutual written agreement of both Parties for a single, two (2) year term. Renewal periods may be subject to approval by County of Orange Board of Supervisors. County does not have to give any reason should it elect not to renew the Contract.
4. **Breach of Contract:** The failure of Contractor to comply with any of the provisions, covenants or conditions of this Contract, shall constitute a material breach of this Contract. In such event, County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract, do any of the following:
 - a. Afford Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach.

7. **Conflict of Interest:** The County of Orange Board of Supervisors policy prohibits its employees from engaging in activities involving a conflict of interest. Contractor shall not, during the period of this Contract, employ any County employee for any purpose.
8. **Conditions Affecting Work:** Contractor is responsible for taking all steps reasonably necessary to ascertain the nature and location of the work to be performed under this Contract and to know the general conditions which can affect the work or the cost thereof. Any failure by Contractor to do so will not relieve Contractor from responsibility for successfully performing the work without additional cost to County. County assumes no responsibility for any understanding or representations concerning the nature, location(s) or general conditions made by any of its officers or agents during or prior to the execution of this Contract, unless such understanding or representations by County are expressly stated in the Contract and the Contract expressly provides that County assumes the responsibility.
9. **Contingent Fees:** Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees of Contractor or bona fide established commercial or selling agencies maintained by Contractor for the purpose of securing business.

For breach or violation of this warranty, County has the right to immediately terminate this Contract for cause in accordance with Paragraph K, Termination, and, at its sole discretion, to

deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee from Contractor.

The statement shall include a description of the employment and the reasons, if any, why County should consent. If Contractor fails to submit a final billing within the time allowed, County may determine, on the basis of information available to it, the amount, if any, due to Contractor. After County makes a determination, it shall pay Contractor that amount. The determination made by County shall be final.
- e. Provide County with copies (electronic and hard copies) of all files and attorney work product for any matters in which Contractor was retained by County. ATTACHMENT A SCOPE OF WORK

I. INTRODUCTION AND BACKGROUND

The County of Orange (County) is comprised of 22 Departments and has approximately 17,500 employees located throughout the County. County's core businesses are public safety, public health, environmental protection, regional planning, public assistance, social services and aviation. The Office of Risk Management (Risk) preserves and protects the human and capital assets of the County and acts as the "insurance company" for the County.

County owns, operates and maintains approximately 3,500 vehicles, an airport, two (2) harbors, numerous buildings, parks, beaches, libraries, landfills, underground fuel storage tanks, a museum, a zoo and five (5) jail facilities.

County provides a full range of services including police protection, detention and correction, public assistance, health and sanitation, recreation, library services, flood control, waste management, airport management and general financial and administrative support. County does not provide fire or utility service to the community.

Commercial insurance is purchased for County property and for specialized liability exposures such as airport, helicopter, watercraft, business interruption, crime bonds and notary bonds. All other exposures, including general liability and auto liability, are self-insured up to \$5 million before purchased excess liability policies take over.

County has maintained a formal risk program since 1974. Functions include risk identification, measurement, avoidance, loss prevention and mitigation programs, liability transfer (by contract and commercial insurance), risk retention management of claims and litigation.

Risk, which is responsible for review and resolution of liability claims made against County, has an in-house claims staff of four individuals who oversee all of the claims and direct the litigation that arises from those claims. County receives approximately 600-700 claims and 80-90 new lawsuits per fiscal year. Risk established the Defense Liability Panel to provide expert legal defense of County and its employees when a claim cannot be resolved without litigation. Cases to be litigated are assigned to panel members depending on areas of expertise.
