Dear Board of Supervisors,

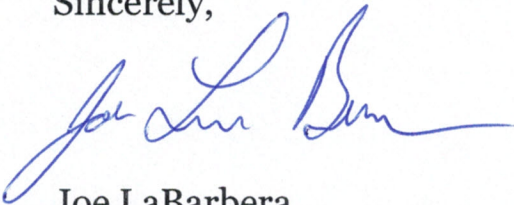

Thank you for taking the time to read my letter. I have lived in Orange County for over 53 years and have been a pilot for 35 years.

As you discuss the General Aviation Improvement Program at John Wayne Airport (SNA), I ask that you please keep Jay's Aircraft Maintenance, Inc as the Limited Service FBO. There is no better option!

I was delighted and not surprised to see that Jay's Maintenance Aircraft Inc. was the clear high score from the panelist that interviewed the proposers for the limited service FBO. Having been a customer of Jay's for several years, I have firsthand experience of their top-notch professionalism and commitment to always providing excellent service.

If selected to continue as the limited service FBO, I have no doubt the airport will continue to be in excellent hands!

Sincerely,

Joe LaBarbera
