Subject: Jay's Aircraft Maintenance

Dear Chairwoman Steel and the Orange County Board of Supervisors,

My name is Greg Skoropada and I am a 56 year resident of Orange County. I have been supporting businesses at Orange County Airport since 1980. I am writing this letter for the purpose of recommending that the OC Board of Supervisors, select and keep Jay's Aircraft as the limited-service Fixed Base Operator (FBO) at Orange County Airport. I have known Jay's Aircraft, the employee's, and utilized the important services of their business for many years. Having a locally owned and highly respected business is essential for the needs of our aviation community. By selecting Jay's Aircraft as the limited-service FBO at Orange County Airport, we will continue to have a highly respected business continue to operate and service the aviation industry.

Sincerely,

Greg Skoropada
65 Remington Ln.
