County Executive Office/Legislative Affairs

November 28, 2023
Item No: 24

County of Orange Report on Grant Applications/Awards

The Grants Report is a condensed list of grant requests by County Agencies/Departments that allows the Board of Supervisors to discuss and approve grant submittals in one motion at a Board meeting. County policy dictates that the Board of Supervisors must approve all grant applications prior to submittal to the grantor. This applies to grants of all amounts, as well as to new grants and those that have been received by the County for many years as part of an ongoing grant. Receipt of grants \$50,000 or less is delegated to the County Executive Officer. Grant awards greater than \$50,000 must be presented to the Board of Supervisors for receipt of funds. This report allows for better tracking of county grant requests, the success rate of our grants, and monitoring of County's grants activities. It also serves to inform Orange County's Sacramento and Washington, D.C. advocates of County grant activities involving the State or Federal Governments.

On November 28, 2023, the Board of Supervisors will consider the following actions:

In 2021, a new California law called the "Racial Justice Act" (RJA) went into effect. The law is codified at Penal Code 745(a) and states, "The state shall not seek or obtain a criminal conviction or seek, obtain, or impose a sentence on the basis of race, ethnicity, or national origin." Notably, the RJA does not apply to cases in which sentencing occurred prior to January 1, 2021.

By September 2022, this limitation was addressed. The RJA was amended in AB 256, known as the "Racial Justice for All Act." AB 256 permits individuals who were sentenced for criminal convictions or juvenile adjudications prior to January 1, 2021, to seek relief for violations of the RJA. The amendments are to be implemented in phases between January 1, 2023 and January 1, 2026, as codified in PC 745(j).

The 2023-2024 Budget Act (SB 102) allocated local assistance funds to the Office of the State Public Defender to aid in the implementation of the Racial Justice for All Act. Funds may be "used for attorney's fees and salaries, experts, investigators, paralegals, or other ancillary needs" for representation in non-capital cases under 1473(f). The total available money statewide is \$1,950,000 and any one entity is limited to receiving no more than \$375,000 over the 24-month period of the grant.

SUBJECT: Retroactive Request to Accept Award for Integrated HIV Programs for Health Departments to Support Ending the HIV Epidemic in the United States PS20-2010 – Component A – Grant Agreement 20-10748 Amendment

This memo is being submitted to request that the County Executive Officer place the subject grant award on the November 28, 2023, Board of Supervisors (Board) Meeting Agenda.

Federal Funding is distributed through the California Department of Public Health (CDPH) – Office of AIDS (OA), Integrated HIV Programs for Health Departments to Support Ending the HIV Epidemic (EHE) in the United States PS20-2010 – Component A. The CDPH – OA provides funding to the Orange County Health Care Agency (HCA) to build on on-going activities funded through PS18-1802: Integrated HIV Surveillance and Prevention Programs for Health Departments to strategically advance (i.e., initiate new or expand existing) HIV prevention efforts. The funding will be used to address the four pillars of the EHE Initiative, including: 1) Diagnose all people living with HIV as early as possible; 2) Treat people living with HIV rapidly and effectively to reach and sustain viral suppression; 3) Prevent new HIV transmissions by using proven interventions; and 4) Respond quickly to potential HIV outbreaks to get needed prevention and treatment services to people who need them.

On October 13, 2023, CDPH-OA notified the HCA of the letter to award funds. Due to the timing in receiving the notification, routing the notification for review by County Counsel and Risk Management, and the available Board date, HCA is respectfully requesting the approval to accept the award for Integrated HIV Programs for Health Departments to Support Ending the HIV Epidemic in the United States PS20-2010 – Component A – Grant Agreement 20-10748 on the November 28, 2023, Board Meeting, which exceeds the 30-day notification.

If you have any questions about the grant, please contact Dr. Regina Chinsio-Kwong, Chief of Public Health Services at (714) 834-3882.

Thank you for your consideration,

Debra Baetz

Purpose of Grant Funds:	Provide a summary and brief background of why Board of Supervisors why should accept this grant application/award, and how the grant will be implemented.

Orange County is home to approximately 3.3 million residents. Currently, OC only has behavioral health and substance abuse in-patient capacity for 30 percent of the overall population. The current behavioral health and substance abuse disorder services system is fragmented and leaves families and individuals trying to navigate through a patchwork system. The County's best mental health resources have entered an unprecedented partnership between public, private, faith and academic entities coming together to form Be Well, with a core principle of the Be Well Campus being the provision of services to ALL; the services are payor-agnostic and accept patients with Medi-Cal, private insurance, and the uninsured.

The Behavioral Health Continuum Infrastructure Program (BHCIP) and the Community Care Expansion (CCE) Program are designed to work in tandem to construct, acquire and expand properties and invest in and address State Priorities, including: investing in behavioral health (bh) and community care options that advance racial equity, seek geographic equity of bh and community care options, address urgent gaps in the care continuum for people with bh conditions, including seniors, adults with disabilities and children and youth, increase options across the life span that serve as an alternative to incarceration,

hospitalization, homelessness and institutionalization and more.

On March 22, 2022, the Board of Supervisors (Board) authorized Health Care Agency to apply for Behavioral Health Continuum Infrastructure Program grant, and in June 2022, the Department of Health Care Services informed the Health Care Agency that HCA was awarded funding in the amount of \$10 million. The \$10 million in grant funds are being used to help construct the second Be Well Campus in Irvine. The property, adjacent to the Great Park, provides an opportunity to develop 22 acres for this campus.

The Irvine Be Well Campus will improve timely access to community-based mental health crisis services, through the development of net-new facilities, which will operate 24 hours a day, 7 days a week, 365 days a year. The Irvine Campus will have quick and easy access from multiple major freeways and will be located within a highly populated residential neighborhood. These grant funds are going towards the Be Well Irvine Campus crisis building to provide crisis stabilization beds/recliners for youth and adults and the second sobering station in OC. This second Be Well campus provides the ability to unify the fragmented support system under one roof.

The Be Well Irvine project for BHCIP Round 3 began construction in October 2023 The project aims to complete construction by early 2025, with a phased go-live date in Quarter 2 of 2025.

HCA is bringing this eForm back to the Board due to the amendment to the Program Funding Agreement (PFA) that now includes a legal description of the project and a request for a Board resolution. HCA received the Notice of Award in October 2022 and a draft PFA was received for review shortly after that. The initial PFA included language on Performance Deed of Trust (PDOT) and Deed or Restrictions (DoR) that HCA, like most Counties, did not feel comfortable signing. In collaboration with our CEO Real Estate Office, a letter was drafted informing the State of this concern and requested to submit a Legal Description of the project. This letter was submitted in April of 2023. Between April 2023 and October 2023, the State had not shared a solution with Counties on regarding the PDOT and DoR and added a requirement to all applicants. The requirement is to also submit a Board Resolution that allows the Authorized Representative of the Grant to execute the agreement. This was a long process between Counties and DHCS since initial PFAs were released, but we have found a solution. We worked with the State and CEO Real Estate to draft a legal description of the BHCIP Project, which was added as an Exhibit in the PFA and limits the States oversight to just the BHCIP Round 3 Project that will be constructed on the Be Well Irvine Campus.

SUBJECT: Retroactive Request to Accept Award for Future of Public Health Funding

This memo is being submitted to request that the County Executive Officer place the Future of Public Health Funding grant award on the November 28, 2023, Board of Supervisors (Board) Meeting Agenda.

State Funding is distributed annually through the California Department of Public Health (CDPH) to local health jurisdictions for public health workforce and infrastructure. The CDPH’s objective is to transform public health in the state into a modernized public health system and transition to a resilient system rather than one dependent on intermittent short-term funding for various public health emergencies with the goal of protecting and improving the health of all Californians.

On October 19, 2023, CDPH notified the Health Care Agency (HCA) of the approval of the Spend and Work Plan. Due to the timing in receiving the notification and the available Board date, HCA is respectfully requesting the approval to accept the award for the Future of Public Health Funding on the November 28, 2023 Board Meeting, which exceeds the 30-day notification.

If you have any questions about the grant, please contact Dr. Regina Chinsio-Kwong, Chief of Public Health Services at (714) 834-3882.

SUBJECT: Retroactive Request to Apply for Providing Access and Transforming Health (PATH) Capacity and Infrastructure Transition, Expansion and Development (CITED) Initiative

This memo is being submitted to request that the County Executive Officer place the subject grant application on the November 28 Board of Supervisors Meeting Agenda. This is due to a multi-department effort with Social Services Agency, Orange County Sheriff Department, Probation and Correctional Health Services to draft an implementation plan that will be designed to increase capacity and capabilities in preparations for CalAIM initiatives. Specifically, PATH CITED is a collaboration with Social Services Agency (SSA) to create efficiencies in enrolling the CalAIM Populations of Focus (POF) into CalOptima Health in an expedited matter for them to be eligible to receive Enhanced Care Management (ECM) and Community Support Services. Due to the need for funding positions time was needed to identify existing positions. These grant funds will pay for the salaries and benefits for 2.6 Full Time SSA employees and for an IT Consultant to conduct an analysis of our current system which will allow HCA to identify the needs in order to better support the POF in CalAIM and provide accurate and timely ECM and Community Support Services to the residents of Orange County. This request is for \$277,410.60.

HCA is simultaneously submitting an eForm to receive approval to accept the funding.

If you have any questions about the grant, please contact Veronica Kelley, Chief, Mental Health and Recovery Services at 714-834-7024.

Thank you for your consideration,

Debra Baetz, MBA
Interim Agency Director

On December 29, 2021, the Department of Health Care Services (DHCS) received federal approval to implement the Providing Access and Transforming Health (PATH) Initiative as part of the state's 1115 demonstration waiver. PATH is designed to increase capacity and capabilities up front by making funding opportunities available to "on the ground" partners, including providers, counties, former Whole Person Care (WPC) Lead Entities, community-based organizations, Tribes and others working to implement California Advancing and Innovating Medi-Cal (CalAIM) Enhanced Care Management (ECM) and Community Supports (CS) services.

One initiative under PATH is the Capacity and Infrastructure Transition, Expansion and Development (CITED) Initiative that provides funding to enable the transition, expansion and development of ECM and Community Supports capacity and infrastructure.

**CEO-Legislative Affairs Office

The purpose of these funds is to support entities in building capacity to provide high-quality, patient-centered ECM/Community Support to Medi-Cal members.

In May 2023, HCA submitted a proposal to DHCS in an amount of \$386,115.90 for an IT Consultant and 2.6 Full Time Employees (FTE) at a budget for 18 months.

On October 30, 2023, The Health Care Agency, Mental Health and Recovery Services (HCA) received a Notice of Award from DHCS for PATH CITED for \$277,410.60. This was a joint effort with Social Services Agency (SSA). HCA will be using the funding to hire a consultant to conduct a detailed analysis/assessment of our current system, which will allow HCA to identify ways to better support CalAIM’s Populations of Focus and provide accurate and timely ECM and Community Support Services to the residents in Orange County.

Purpose of Grant Funds:	Provide a summary and brief background on why the Board of Supervisors should accept this grant application/award, and how the grant will be implemented.
<p>The Homeland Security Grant Program includes the State Homeland Security Program (SHSP) and the Urban Area Security Initiative (UASI). These programs intend to provide grant funding to assist state and local governments in obtaining the resources required to support the National Preparedness goals. In addition, these programs focus on enhancing the ability of state, local, tribal, and territorial governments. The primary objective is to strengthen the capacity of the state, urban areas, and local jurisdictions through the California Office of Emergency Services to prevent, deter, and respond to and recover from the threats and incidents of terrorism that pose the most significant risk to the security of the United States.</p> <p>The Homeland Security Grant Program supports the implementation of risk-driven, capabilities-based strategies to address capability targets documented in the Threat and Hazard Identification and Risk Assessment (THIRA). The capability targets are established during the THIRA process and assessed in the State Preparedness Report (SPR). The SPR identifies gaps in planning, organization, equipment, training, and exercises needed to prevent, protect against, mitigate, respond to, and recover from acts of</p>	

terrorism.

The following are the six federal priorities for FY2023, along with the corresponding amount of HSGP funds that each sub-recipient will be required to propose for each priority area to obtain a total allocation of HSGP funds:

1. Enhancing the protection of soft targets/crowded places - 3% minimum
2. Enhancing information and intelligence sharing and cooperation with federal agencies, including DHS - 3% minimum
3. Combating domestic violent extremism - 3% minimum
4. Enhancing cybersecurity - no minimum percent
5. Enhancing community preparedness and resilience - 3% minimum
6. Enhancing election security – 3% minimum

Sub-recipients should allocate 30 percent of their sub-award across these six priority areas. Cal OES anticipates awarding the Orange County Operational Area a total of \$3,091,413 in SHSP funds. The County’s HSGP allocation grant funds will support existing salaries for the Orange County Intelligence Assessment Center, the Sheriff’s Homeland Security Division, and the Sheriff’s Emergency Management Division. The Fiscal Year 2023 HSGP will also help support effective planning, training, awareness campaigns, exercises, and equipment purchase in support of state priorities.

The Orange County Operational Area (OCOA) will submit a Personnel Cap Waiver Request to Cal OES and the Federal Emergency Management Agency (FEMA) for consideration, as stipulated by the FY2023 Notice of Federal Opportunity. If approved, the waiver will allow the OCOA to spend more than 50 percent of the FY2023 SHSP award to continue support of salaries in the Emergency Management, Homeland Security, and Investigations Divisions.

If the application is approved, the Sheriff will return to the Board of Supervisors for approval to accept the award and appropriate the funds. This grant does not require a match, so there will be no net General Fund cost change or additional staff.
