Dear Clerk of the Board,

My Name is Susan Sayre. I am a resident of Irvine and I am 76 years old, going on 77. I am also a caregiver for my disabled adult son. I am not able to attend your board meetings in person, but I would appreciate it if I could have my public comment regarding the Health Care Agency Covid 19 Response program which is agenda item 29 and the 1/26/21 Board Meeting Agenda.

I thank you very much for your assistance.

January 26, 2021 Board Of Supervisors Meeting
Agenda Item 29

Dear Mr. Page,
I hope that you are doing well.

My name is Susan Sayre and I am a 75 year old senior and a resident of Irvine. Because of my age and because I am a caregiver for my disabled son, I have been advised by my physician to shelter in place except for necessary trips to the store and medical appointments. Thus I am unable to attend board meetings and thus to make in person public comments. Therefore, I am submitting a public comment to you on agenda item 29 for the 1/26/21 Board of Supervisors meeting and I ask that you read my comment into the record at the appropriate time.

Public Comment On Agenda Item 29: Health Care Agency Update

As HCA's mission is to address public health issues including those related to responding to the Covid 19 pandemic, I request that the Covid 19 vaccination 1a priority classification be expanded to include employees of essential services such as grocery stores, gas stations, and pharmacies as they have routine contact with the general public, farm workers as they handle produce consumed by the general public, prisoners; the un-housed homeless population and residents of homeless shelters. I further ask that arrangements be made for the distribution of vaccines to home-bound disabled community members and to people who do not have access to transportation to vaccine distribution sites.

I thank you in advance for reading my comment.

Wishing you continued health.

Susan Sayre
