Item No: 26

County of Orange Report on Grant Applications/Awards

The Grants Report is a condensed list of grant requests by County Agencies/Departments that allows the Board of Supervisors to discuss and approve grant submittals in one motion at a Board meeting. County policy dictates that the Board of Supervisors must approve all grant applications prior to submittal to the grantor. This applies to grants of all amounts, as well as to new grants and those that have been received by the County for many years as part of an ongoing grant. Receipt of grants \$50,000 or less is delegated to the County Executive Officer. Grant awards greater than \$50,000 must be presented to the Board of Supervisors for receipt of funds. This report allows for better tracking of county grant requests, the success rate of our grants, and monitoring of County's grants activities. It also serves to inform Orange County's Sacramento and Washington, D.C. advocates of County grant activities involving the State or Federal Governments.

On December 16, 2025, the Board of Supervisors considered the following actions:

The Supplemental Nutrition Assistance Program Education/CalFresh Healthy Living (SNAP-Ed/CFHL) provides eligible participants access to evidence-based, nutrition education and obesity prevention activities.	

Funding for SNAP-Ed/CFHL and CalFresh Outreach was awarded by the California Department of Aging (CDA) to OC Community Resources/Office on Aging (OCCR/OoA) through a three-year State Standard Agreement (SSA), No. CF-2223-22. The Agreement term is based on the Federal Fiscal Year (FFY) from October 1 through September 30.

On August 27, 2025, OCCR/OoA was notified by CDA that the SSA would be extended for an additional year, through September 30, 2026. This extension allows local agencies to continue CalFresh Outreach activities and the wind-down of SNAP-Ed/CFHL activities due to the federal sunset of this program. Remaining funds from the previous FFY will be used to support these efforts.

On December 4, 2025, OCCR/OoA was notified by CDA of Amendment 4 to SSA No. CF-2223-22, increasing the CalFresh SNAP-Ed/CFHL portion of the funding by \$100,330 for FFY 2025-26, for a new cumulative contract amount of \$2,111,669.

The FFY 2025-26 funding will support the phasing out of SNAP-Ed/CFHL services provided by the OC Health Care Agency (HCA) through an Interagency Agreement between OCCR/OoA and HCA. No new activities will be initiated. Instead, OCCR/OoA and HCA will collaborate to wind-down the program by the federal sunset date of March 31, 2026, focusing on outreach efforts and ensuring clients are connected or made aware of alternate resources.

The Cow Camp Road Completion Project is the continuation of the arterial extension from Antonio Parkway to the eastern terminus at Ortega Highway. This final phase of Cow Camp Road begins just east of the existing intersection at Coyotes Way and extends 1.15 miles east to include signalized intersections at Gibby Road and Bucker Way, a new bridge over San Juan Creek, and terminating at a roundabout at Ortega Highway. Cow Camp Road is proposed as a four-lane arterial roadway (two lanes in each direction) with multi-use/shared use paths and sidewalk. Drainage and grading outside the public R/W will be included within easements.

OCTA has approved the Cow Camp Road alignment as part of the Master Plan of Arterial Highways and the County of Orange Public Works Department has approved the construction plans from Antonio Parkway to the eastern terminus at Ortega Highway. A Project Study Report and Environmental certification through the CEQA EIR Addendum were approved in June 2016 and February 2015, respectively. Engineering Drawings for the completion of Cow Camp Road have been approved by OCPW so that this project can be bid and constructed as a standalone construction contract. This is consistent with the approach to construct all previous segments of Cow Camp Road.

Once the extension to Ortega Highway is complete, Cow Camp Road will alleviate congestion on Ortega Highway by providing a new parallel route to Antonio Parkway and Los Patroness Parkway.

Total construction cost for the completion of Cow Camp Road is expected to be \$98,296,900. This grant application is pursuing a 25% local funding match and is requesting \$73,722,675 in CTFP funds. Construction is expected to begin in August 2026 and take 42 months, concluding in January 2030.

The Sheriff-Coroner Department requests that the County Executive Officer place the subject grant application on the agenda for the December 16, 2025, Board of Supervisors Meeting. The Sheriff also requests retroactive approval to apply for the FY 2026 Counter-Unmanned Aircraft Systems (C-UAS) Grant Program. When the grantor released the Notice of Funding Opportunity, the 30-day deadline to present this item to the Board for permission to apply had already passed, resulting in a ratified request. Additionally, the California Governor's Office of Emergency Services (CalOES), who is serving as the pass-through entity for the grant application, requested a short internal deadline and turnaround time.

The FY 2026 Counter-Unmanned Aircraft Systems (C-UAS) Grant Program aims to detect, monitor, and mitigate unauthorized drone activity in Orange County's Operational Area. The program provides funding to local governments who are working against unlawful use of unmanned aircraft systems by ensuring that local governments receive resources, training, and the operational capacity they need to strengthen national preparedness.

The County of Orange will use grant funding to help create and implement a Counter-Unmanned Aircraft System (C-UAS) facility in Orange County's Operational Area. This will include establishing a real-time monitoring capability option with the Orange County Real Time Operations Center, the Orange County Intelligence Assessment Center Fusion Center, and regional mutual-aid agencies. Additionally, setting up personnel and public safety partner training, developing standard operating procedures, and implementing quarterly operational tests will assist with protecting the public and critical infrastructure from unlawful use of UAS.

If you have any questions about this grant, please contact Miriam Torrez, Fiscal Administrator, at (714) 834-4347 or mtorrez@ocsheriff.gov.

RE: Retroactive Request to Accept the FY 2024 Urban Area Security Initiative (UASI) Grant Program

Donald R. Barnes

The Sheriff-Coroner Department requests that the County Executive Officer place the subject grant application on the agenda for the December 16, 2025, Board of Supervisors Meeting. The Sheriff also requests retroactive approval to accept the grant award for the FY 2024 Urban Area Security Initiative (UASI) Grant Program. The Sheriff-Coroner was unable to request permission to accept the award for this grant due to an internal review delay.

The FY 2024 Urban Area Security Initiative (UASI) Grant Program is one of three programs that operate under the Homeland Security Grant Program (HSGP). The UASI grant program supports high-threat and high-density urban areas by addressing their planning, training, and equipment needs. The grant program enhances sustainable methods to prevent, protect against, respond to, and recover from acts of terrorism.

The Orange County Sheriff's Department will use the funds to support contract positions at the Orange County Intelligence Assessment Center (OCIAC), for intelligence work and analyst proficiency training for contract personnel. The funding will also cover operational overtime for OCIAC staff, as well as expenses for equipment, training, software, planning, and exercises.
