DOMESTIC VIOLENCE COUNTY VICTIM SERVICES:

I. INTRODUCTION/PURPOSE

On March 1, 2016, Cal OES issued a Request for Application for a new County Victim Services Program to provide one-time, federal VOCA funding to help fill victim services gaps and or needs over the period of July 1, 2016 to June 30, 2018. The grant required a Steering Committee be established with mandatory representation from several County departments, specific Cal OES funded projects, courts, and local law enforcement. The Committee collaboratively identified several existing gaps and needs with services provided to the county's crime victims and approved several projects to meet their needs to be facilitated through an expansion of county and contracted services.

II. SUBRECIPIENT COMPLIANCE

Funds awarded are considered to be Federal funds and reportable under the OMB's Uniform Guidance. Compliance with the Cal-OES Subrecipient Handbook is required. The awarding agency and reportable DUNS# is as follows:
County of Orange County Executive Office
DUNS#: 00-965-7602

DOMESTIC VIOLENCE SHELTER BASED PROGRAM:**I. PURPOSE**

The purpose of this Agreement is to provide domestic violence shelter-based services programs that are consistent with the California Welfare and Institution Code, Sections 18294-18298, that provide direct emergency crisis shelter services to victims of domestic violence and their children. The California Welfare and Institution Code, Sections 18294-18298, were revised by Assembly Bill (AB) 2084. The vision of the Domestic Violence Shelter-Based Services Program is to strengthen and increase the services available to the victims of domestic violence and their children.

II. BACKGROUND INFORMATION

The California Welfare and Institutions Code, Section 18290, provides the background information for the Domestic Violence Shelter-Based Services Program:

The Legislature hereby finds and declares that there is a present and growing need to develop innovative strategies and services which will ameliorate and reduce the trauma of domestic violence. There are hundreds of thousands of persons in this State who are regularly beaten. In many such cases, the acts of domestic violence lead to the death of one of the involved parties. Victims of domestic violence come from all socioeconomic classes and ethnic groups, though it is the poor who suffer most from marital violence, since they have no immediate access to private counseling and shelter for themselves and their children. Children, even when they are not physically assaulted, very often suffer deep and lasting emotional effects, and it is most often the children of those parents who commit domestic violence that continue the cycle and abuse their spouses.

The Legislature further finds and declares that there is a high incidence of deaths and injuries sustained by law enforcement officers in the handling of domestic disturbances. Police arrests for domestic violence are low, and victims are reluctant to press charges or make citizens arrests. Furthermore, instances of domestic violence are considered to be the single most unreported crime in the state. It is the intention of the Legislature to begin to explore and determine ways of achieving reductions in serious and fatal injuries to the victims of domestic violence and begin to clarify the problems, causes, and cures of domestic violence. In order to achieve these results, it is the intention of the Legislature that the State shall support projects in several areas throughout the State for the purpose of aiding victims of domestic violence by providing them a place to escape the destructive environment.
