 33. **Craft Labor Time Records:** The Contractor shall keep full, true and accurate records of the names and actual hours worked by the respective workers and laborers employed under this Contract in accordance with California Labor Code and shall allow access to the same any reasonable hour to the County, its agents or representatives and to any person having the authority to inspect the same as contemplated under the provisions of said California Labor Code, or when requested by the County.

Eight (8) hours of labor shall constitute a legal day's Work. The Contractor shall comply with Labor Code regarding legal day's Work and overtime.
 34. **Non-Discrimination:** In the performance of the terms of this Contract, Contractor agrees that he will not engage in nor permit such subcontractors as he may employ to engage in discrimination against any employee or applicant for employment on the basis of race, sex, color, religion, ancestry, national origin, marital status, age or as an otherwise qualified handicapped individual. 36. **Substituted Security:** In accordance with Section 22300 of the Public Contract Code, the County will, at the request and expense of the Contractor, accept securities equivalent to any amount withheld by the County to ensure performance under this Contract. 38. **Liquidated Damages:** Timely Completion of services provided under this Contract is of the essence. Should the Contractor fail to substantially complete the Work specified in the JOC Task Order in accordance with the approved construction schedule, and provided the Contractor has not previously obtained a written extension of time from the County in accordance with this Contract, a sum appropriate with the following schedule may be deducted from each succeeding request for payment as liquidated damages on each JOC Task Order if applicable.

A. The applicability of liquidated damages shall be clearly noted on the Request for Proposal for each JOC Task Order. No liquidated damages shall apply if not noted on the Request for Proposal. If the Contractor fails to complete any part of the Work in accordance with the Work duration schedule, the County agrees to have the right to complete that part of the Work it deems necessary in order to maintain the Work

duration schedule. All direct and indirect costs of such Work shall be paid by the Contractor.

39. Material, Workmanship, and Acceptance:

- A. Where materials are specified by reference to standard specifications of the American Society for Testing Materials (A.S.T.M.), Federal Specifications, or others, all applicable provisions of the designated specifications shall be considered as forming a part of the Contract documents to the same force and effect as if repeated therein.
- B. All Work under this Contract shall be performed in a skillful and workmanlike manner. Orange County Sheriff-Coroner Department may, in writing, require the Contractor to remove from the Work any employee County Project Manager deems incompetent, careless, or otherwise objectionable.
- C. The Contractor shall, without charge, replace any material or correct any workmanship found by Orange County Sheriff-Coroner Department not to conform to the Contract requirements, unless in the public interest Orange County Sheriff-Coroner Department consents to accept such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises.
- D. If the Contractor does not promptly replace rejected material or correct rejected workmanship, the County (1) may, by Contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to the Contractor, or (2) may terminate the Contractor's right to proceed.
- E. Unless otherwise provided in this Contract, acceptance by the County shall be accomplished by recordation of Notice of Completion which shall be made as promptly as practicable after completion and inspection of all Work required by this Contract. Acceptance shall be final and conclusive except as regards latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the County's rights under any warranty or guarantee. Informal procedures such as "punch lists" are not to be deemed final or conditional acceptance.

40. Subcontracts:

- A. List of Subcontractors: Contractor shall list all Subcontractors, as part of the JOC Task Order Proposal, as provided for in Attachment A, ordering procedures.
- B. Licensed Subcontractors: Each subcontractor selected for the Work shall be licensed in the State of California in his particular field.
- C. Transactions: Transactions with subcontractors shall be made through the Contractor except when in emergency situations the Contractor is not readily available, in which case detailed instructions will be transmitted to subcontractors directly.
- D. Responsibility: Contractor shall be fully responsible to the County for the acts and omissions of subcontractors and all persons directly or indirectly employed by them as he is for the acts and omissions of himself and of persons-directly or indirectly employed by him and shall pay each subcontractor promptly the amount allowed Contractor on account of such subcontractor's Work to the extent of such subcontractor's interest therein.

- 1) Before starting each section of work, Contractor shall ensure that the responsible subcontractor has carefully examined all preparatory work that has been executed to receive his work. The subcontractor shall check carefully, by whatever means are required, to ensure that his work and adjacent related work will finish to the proper contours, planes, and levels. He shall promptly notify the Contractor who shall notify the County's Project Manager in writing of any defects or imperfections in preparatory work which will, in any way, affect satisfactory completion of work. Absence of such notification will be construed as an acceptance of preparatory work and later claims of defects therein will not be recognized.
 - 2) Under no conditions shall a section of work proceed prior to preparatory work having been completed, cured, dried, and otherwise made satisfactory to receive such related work. Responsibility for timely installation of all materials and equipment rests solely with Contractor, who shall maintain coordination control at all times.
- E. Contractual Relations: Nothing contained in this Contract shall create any contractual relations between County and a subcontractor.

41. Drawings And Specifications:

- A. Checking: The Contractor shall check all drawings and owner supplied specifications furnished him immediately, for individual JOC Task Orders, upon their receipt and shall promptly notify the County of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. Door, finish hardware; etc., schedules shall govern over drawings. The Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors, which might have been avoided thereby. When measurements are affected by conditions already established, the Contractor shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.
- B. Omissions and Mis-descriptions: Omissions from the drawings or specifications, or the mis-description of details of Work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall be called to the attention of the County as soon as possible. The County shall promptly notify the Contractor of the correction or addition to be made. In the event the omission or misdirection is substantial and the custom of the trade or industry does not require the Contractor to perform the Work without issuance of an additional JOC Task Order. Any adjustment by the Contractor without written determination shall be at Contractor's own risk and expense.
- C. Conflicting Information: In case of conflict between sections of the specifications and/or the drawings, the Contractor shall call this to attention of the County and ask for clarification, which is to be documented within the JOC Task Order.
- D. Drawings and Specifications at the Site: The Contractor shall keep available at the site for ready reference a complete set of all Contract drawings, details, supplementary drawings, approved shop drawings, a complete copy of the specifications with all addenda, bulletins, amendments, and copies of project correspondence. The Contractor

shall maintain on the site a complete "as-built" record set of drawings. In addition, the Contractor shall keep on the site a copy of each manufacturer's current printed recommendations. Contractor shall also submit a copy to the County.

- E. Deviations: Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall be made only after written authority is obtained from the County, and shall be documented within the Detailed Scope of Work for the specific JOC Task Order.
 - F. Technical Specifications: The Technical Specifications furnished on the CD are intended to establish the standards for quality, performance and technical requirements for all labor, workmanship, material, methods and equipment necessary to complete the Work. When specifications and drawings are provided or referenced by the County, these are to be considered part of the Scope of Work, and to be specifically documented in the Detailed Scope of Work. For convenience, the County supplied specifications, if any, and the Technical Specifications furnished on the CD.
42. **Division of the Specifications:**
- A. For convenience, these specifications are arranged in several divisions and sections, but such separations shall not be considered as the limits of the Work required for any subcontract or trade; the terms and conditions of such limitations are wholly between the Contractor and his subcontractors, and the County will not be responsible for any division of Work by subcontractors. The Contractor will be solely responsible for all subcontract arrangements of Work regardless of the location of provisions in the specifications.
 - B. Schedules of Work included in the sections, where listed, are given for convenience only, and shall not be considered as a comprehensive list of items or Work necessary to complete the Work of any section.
 - C. Where devices or items or parts thereof are referred to in the singular, it is intended that such reference shall apply to as many such devices, items, or parts as are required to properly complete the Work.
 - D. Each section of the specifications is covered by applicable requirements of the Contract documents and other related sections as if therein written.
43. **Site Conditions:**
- A. Existing Site Conditions: Information with respect to the site of the Work given in drawings or specifications has been obtained by County's representatives and is believed to be reasonably correct, but the County does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.
 - B. Changed Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify the County Project Manager in writing of:
 - i. Subsurface or latent physical conditions at the site differing materially from those indicated in this Contract, or
 - ii. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in this Contract.

- iii. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
- iv. County Project Manager will promptly investigate the conditions, and if, as a result, finds that such conditions do so materially differ and cause an increase or decrease in the Contractor's cost of, or the time required or performance of this Contract, an equitable adjustment in accordance with the provisions of the Contract shall be made and the Contract modified in writing accordingly. Any claim of the Contractor for adjustment hereunder shall not be allowed unless he has given notice as above required.

In the event that a dispute arises between the County and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or, time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law which pertain to the resolution of disputes and protests between the contracting parties.

- C. Public Utility Facilities on Project Site: Pursuant to Government Code, Section 4215, the Contractor shall be compensated for the costs of locating and repairing damage not due to failure of Contractor to exercise reasonable care, and removing, relocating existing or protecting existing main or trunkline utility facilities located on the Contract construction site and not identified in the plans or specifications with reasonable accuracy. This will be accomplished by the issuance of a separate JOC Task Order. The payment of this is full compensation for all Contractor's cost.
- D. Space at Site: The Contractor shall be allowed reasonable space at the site of the Work as available and access thereto and shall confine his operations to the space assigned. The Work shall be done without interference with the ordinary use of streets, berthing places, fairways, and passages. The Contractor shall cooperate with other Contractors of the County and shall not commit or permit any act which will interfere with the performance of Work by any other Contractor or employees of the County whether at the site or not.
- E. Facility Security: Contractor shall keep all doors locked while working in any buildings on the site. Keys shall not be left in the doors. Contractor shall not admit any person into the building that is not a direct employee of the Contractor and not actively engaged in performance of the Work. Contractor shall restrict access to the areas of the facility not specifically included in this Contract for construction services. The Contractor shall check all windows and doors for proper closure and locking, extinguish all lights except master security lighting, and then reactivate the security system (if applicable) prior to leaving the facility. The Contractor acknowledges that the primary purpose of the facility is the safe and secure operation of the facility. Contractor and workers shall immediately comply with all directions or orders issued by Sheriff's Department personnel. Changes regarding the quality and quantity of the work will be controlled by the Project Manager. Contractor and workers may be delayed or denied access to the facility, may be ordered to leave a facility prior to the completion of their work or the end of the workday, or may be detained within a facility until an incident is resolved. Contractor may be subject to an inventory

requirement where the Contractor shall supply an inventory list of all tools. The Facility will use this list for verification of tools entering and exiting security. Any and all time required to comply with the tool inventory and control program will not be considered a compensable delay and no requests for equitable adjustment in time or additional compensation for this time will be considered.

- F. Security System: The site and the Work area may be protected by limited access security systems. An initial access code number will be issued to the Contractor by the County. Thereafter, all costs for changing the access code due to changes in personnel or required substitution of contracts shall be paid by the Contractor and may be deducted from payments due or to become due to the Contractor. Furthermore, any alarms originating from the Contractor's operations shall also be paid by the Contractor and may be deducted from payments due or to become due to the Contractor.
 - G. Secured Facilities: For specific JOC Task Orders, the work may be conducted at secured County facilities. As a requirement to work in these Facilities, all Contractor employees, including all subcontractor employees, must obtain a security clearance. If security clearances are required, this will be discussed at the Joint Scope meeting. At the Joint Scope meeting, all requirements and forms will be provided by the County Project Manager. Also, the requirement to obtain the clearances will be incorporated in the JOC Task Order Schedule. All costs to obtain clearances are the responsibility of the Contractor.
 - H. Employee Acceptability: If required by a specific JOC Task Order, prior to commencing any construction at the site, Contractor shall obtain security clearances of all persons and/or entities it intends to employ. During the life of a JOC Task Order, Contractor shall remove and replace any employee working on this project when requested to do so by the County.
44. **Beneficial Occupancy:**
- A. The County may, at any time, and from time to time, during the performance of the Work, enter the structure for the purpose of installing any necessary Work by County labor of other contracts, and for any other purpose in connection with the installation of facilities. In doing so, the County shall endeavor not to interfere with the Contractor and the Contractor shall not interfere with other Work being done by or on behalf of the County.
 - B. If, prior to completion and Final Acceptance of all the Work under a specific JOC Task Order, the County takes possession of any structure (whether completed or otherwise) comprising a portion of that Project with the intent of retaining possession thereof (as distinguished from temporary possession contemplating the return to the Contractor), then, while the County is in possession of the same, the Contractor, notwithstanding its normal responsibilities, shall be relieved of liability for loss or damage to structure other than that resulting from the Contractor's fault or negligence. Such taking of possession by the County shall not relieve the Contractor from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.
45. **Contract Disputes:** California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. 9204 requires that the code section be placed in the public works project contract or

Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

(B) The claimant shall furnish reasonable documentation to support the claim.

(C) If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within 10 business days after the disputed portion of the claim has been identified in writing. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

(C) For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. (3) Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

(5) If a subcontractor or a lower tier subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a subcontractor or lower tier subcontractor. A subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier subcontractor, that the contractor present a claim for work which was performed by the subcontractor or by a lower tier subcontractor on behalf of the subcontractor. The subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did not present the claim, provide the subcontractor with a statement of the reasons for not having done so.

51. **Warranty Work:** Failure by the Contractor to take corrective action within twenty four (24) hours after personal or telephonic notice by the County's Orange County Sheriff-Coroner Department on items affecting essential use of the facility, safety or the preservation of property, and within ten (10) calendar days following written notice on other deficiencies, will result in the County taking whatever corrective action it deems necessary. All costs resulting from such action by the County will be claimed against Contractor or, if necessary, the Contractor's Performance Bond.
52. **Patent Infringement:**
 - A. The Contractor shall pay all royalties and license fees required for the performance of the work. In lieu of the above, the contractor may replace the infringing component with an equal or obtain a right to use from the party alleging the infringement, or modify the component to make it non-infringing providing that any such modification does not invalidate the component's warranty.
 - B. The Contractor shall report to Orange County Sheriff-Coroner Department, promptly and in reasonable detail, each notice or claim of patent infringement based on the performance of this Contract of which the Contractor has knowledge.
 - C. In the event of any suit against the County, or any claim against the County made before suit has been instituted, on account of any alleged patent infringement arising out of the performance of this Contract, or out of the use of any supplies furnished or Work or services performed hereunder, the Contractor shall, at his own expense, furnish to the County, upon request, all evidence and information in possession of the Contractor pertaining to such suit or claim. Any attempted assignment contrary to the provisions of this paragraph shall be void.

54. Termination For Cause & Damages For Delay:

- A. If the Contractor refuses or fails to prosecute the Work with such diligence as will insure its completion within the time specified in this Contract or any extension thereof, or fails to complete said Work within such time, the County Project Manager may, by written notice to the Contractor, terminate his right to proceed with the Project or such part of the Project as to which there has been delay. In such event, the County may take over the Project and prosecute the same to completion, by Contract or otherwise, and may take possession of and utilize in completing the Project such materials, appliances, and plant as may be on the site of the Project and necessary therefore. Whether or not the Contractor's right to proceed with the Project is terminated, he and his sureties shall be liable for any damage to the County resulting from his refusal or failure to complete the Project within the specified time.
- B. If fixed and agreed liquidated damages are provided in the Contract and if the County takes over the Project or otherwise incurs damages as a result of Contractor's default, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the Project together with any increased costs occasioned the Project in completing the Project as well as any other damages incurred by County.
- C. The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:
 - i. The delay in the completion of the Project arises from causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God, acts of the public enemy, acts of the County, acts of another contractor in the performance of a Contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, other than normal weather, or delays of subcontractors or suppliers arising from causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers; and
 - ii. The Contractor, within ten days from the beginning of any such delays (Orange County Sheriff-Coroner Department grants a further period of time before the date of final payment under the Contract), notifies Orange County Sheriff-Coroner Department in writing of the causes of delay.
 - iii. Orange County Sheriff-Coroner Department shall ascertain the facts and the extent of the delay and extend the time for completing the Project when, in its judgment, the delay is justified. Orange County Sheriff-Coroner Department shall make written findings, and the findings of fact shall be final and conclusive on the parties, subject only to as the procedures provided in Article 45 of these Articles.

- D. The rights and remedies of the County provided in this Clause are in addition to any other rights and remedies provided by law or under this Contract.
55. **Termination for Convenience of the County:** Notwithstanding any other provision of the Contract, the County may, at any time, and without cause, terminate this Contract in whole or in part, upon not less than seven (7) days' written notice to the Contractor. Such termination shall be effected by delivery to the Contractor of a notice of termination specifying the effective date of the termination and the extent of the Work to be terminated. The Contractor shall immediately stop Work in accordance with the notice and comply with any other direction as may be specified in the notice or as provided subsequently by the County. The County shall pay the Contractor for the Work completed prior to the effective date of the termination and such other payment Contractor is entitled to under Attachment A, section II. "Performance Requirements" and such payment shall be Contractor's sole remedy under this Contract. Under no circumstances will the Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination or partial termination under this Paragraph. The Contractor shall insert in all subcontracts that the sub-consultant shall stop Work on the date of and to the extent specified in a notice of termination, and shall require sub-consultant's to insert the same condition in any lower tier subcontracts.
56. **Substantial Completion:**
- A. The Date of Substantial Completion of each JOC Task Order, or designated portion thereof, is the date certified by the County or the A-E when construction is sufficiently complete, to allow the County to occupy or use the work, or designated portion thereof, for the use for which it is intended.
- B. When Contractor considers that the work, or designated portion thereof which is acceptable to the County, is substantially complete as defined in the JOC Task Order, the Contractor shall prepare for the County a list of items to be completed or corrected and request, in writing, that the work be inspected for substantial completion determination. Failure to include any items on such a list does not alter the responsibility of the Contractor to complete all work in accordance with the JOC Task Order. When the County or the A-E, on the basis of an inspection, jointly determine that the work or designated portion thereof, is substantially complete, they will then prepare and issue a written notification which will establish the date of substantial completion, state the responsibilities of the County and the Contractor for security, maintenance, heat, utilities, damage to the work, and insurance, and fix the time within which the Contractor shall complete the items listed therein. Warranties required by the JOC Task Order shall not commence until the date of final completion of the work, or designated portion thereof, unless otherwise provided in the Notification of Substantial Completion or the JOC Task Order. The Notification of Substantial Completion shall be submitted to the Contractor for his written acceptance of the responsibilities assigned to him.
- C. Should the County or the A-E determine that the work, or the portion thereof designated by Contractor, is not substantially complete, they shall provide the Contractor a written notice stating why the work or designated portion thereof is not substantially completed. The Contractor shall expeditiously complete the work and shall submit a second written request that the County or the A-E perform a Substantial Completion inspection. The Contractor shall pay the County for all costs associated with such re-inspection by the A-E.

- D. The acceptance of Substantial Completion payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the Progress Payment Request for substantial completion payment, except for the retention sums due subsequent to final completion.
57. **Consent to Breach Not Waiver:** No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.
58. **Remedies Not Exclusive:** The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.
59. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither the Contractor, its subcontractors, employees, nor anyone working for Contractor under this Contract shall be considered an agent or an employee of County. Neither the Contractor, employees nor anyone working for the Contractor under this Contract shall qualify for workers' compensation or other fringe benefits of any kind through County.
60. **Performance:** Contractor shall perform all Work under this Contract, taking necessary steps and precautions to perform the Work to County's satisfaction. 61. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire term of this Contract. The County reserves the right to request the declarations pages showing all endorsements and a complete certified copy of the policy. In addition, all subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow subcontractors to work if subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every subcontractor and to receive proof of insurance prior to allowing any subcontractor to begin

work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. . Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County’s Risk Manager, or designee, upon review of Contractor’s current audited financial report. If Contractor’s SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- a) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor’s, its agents, employee’s or subcontractor’s performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- b) Contractor’s duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- c) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor’s SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

Upon notice of any actual or alleged claim or loss arising out of subcontractor’s work hereunder, subcontractor shall immediately satisfy in full the SIR provisions of the policy in order to trigger coverage for the Contractor and Additional Insureds.

If the Contractor fails to maintain insurance acceptable to the County for the full term of this Contract, the County may terminate this Contract.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor in any way to reduce the policy coverage and limits available from the insurer.

65. **Bonds:** The Contractor shall furnish, at time of signing the Contract, one surety bond which shall protect the laborers and material men and shall be for 100 percent of the amount of the Task Order Contract, in accordance with Section 9554 of the Civil Code, and one surety bond in the amount of 100 percent of the Task Order Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel and the County Executive Office of Orange County and shall be at minimum \$500,000. The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VIII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-

Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by Orange County Sheriff-Coroner Department, the Contractor shall promptly furnish such additional security as may be required by Orange County Sheriff-Coroner Department or the Board of Supervisors from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the Work contemplated by this Contract.

If the County increases the total Contract amount the Contractor is to provide a new bond for the new total Contract amount or a bond for the difference.

66. **Charges, Fines, Penalties and Assessments:** Contractor shall be responsible for any and all charges, fines, penalties, and/or assessments levied against the County by any governmental entity, administrative or regulatory agency having jurisdiction, resulting from any action or omission of the Contractor, Contractor's subcontractor, suppliers, and/or employees, unless due to the sole and active negligence of the County. County is authorized to deduct any such charge, fine penalty, or assessment from any payment County is otherwise required to make to Contractor.

If any such charge, fine, penalty, or assessment is levied against the County subsequent to the completion of the Contract as a result of any action or omission as set forth above, Contractor shall nevertheless be responsible to the County for the entire sum of such charge, fine, penalty, or assessment and agrees to pay the full amount due within sixty (60) calendar days of receiving an invoice from the County.

Contractor shall be liable to the County for attorney's fees and costs incurred by the County in enforcing the provisions of this paragraph.

67. **Bills and Liens:** Contractor shall pay promptly all indebtedness for labor, materials and equipment used in performance of the Work. 68. **Changes:** The County may, at any time, by written order, and without notice to the sureties, make changes in accordance with the terms and conditions of this Contract.
69. **Change of Ownership:** Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.
70. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.

71. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County and County-related records and information pursuant to all statutory laws relating to privacy and confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.
72. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements above, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
73. **Pricing:** The Contract price, as more fully set forth in Attachment B, shall include full compensation for providing all required goods in accordance with required specifications, or services as specified herein or when applicable, in the Scope of Work attached to this Contract, and no additional compensation will be allowed therefore, unless otherwise provided for in this Contract.

Contractor acknowledges it has read and agrees to all terms and conditions contained in the County of Orange Safety and Loss Prevention Manual, and the Tool Control Guidelines for Contractors Working in Correctional Facilities.
76. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
77. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
78. **Calendar Days:** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.
79. **Attorneys Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorney's fees, costs and expenses.
80. **Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organization or entity, enforceable in accordance with its terms.
81. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing Work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The Contractor shall obtain,

from all employees performing Work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. The Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Contract.

82. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment. Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.
83. **Waiver of Claims:** Unless a shorter time is specified elsewhere in this Contract, on or before making his final request for payment, Contractor shall submit to County, in writing, all claims for compensation under or arising out of this Contract; the acceptance by Contractor of the final payment shall constitute a waiver of all claims against County under or arising out of this Contract except those previously made in writing and identified by Contractor as unsettled at the time of his final request for payment.
84. **Cultural/Scientific Resource Finds:** If the Contractor's operations uncover or Contractor's employees find any burial grounds or remains, ceremonial objects, petroglyphs, and archaeological or paleontological or other artifacts of like nature within the construction area, Contractor shall immediately notify the County of Contractor's findings and shall modify construction operations so as not to disturb the findings pending receipt of notification as to determination of the final disposition of such finding from the County. Should the findings, or notification as to disposition of findings, require additional work, a JOC Task Order will be issued at the County's discretion.

Any findings of a cultural/scientific resource nature shall remain the property of the County and not become the property of the person or persons making the discovery.

- E. Thereafter, as projects are identified the Contractor will jointly scope the work with the County. The Contractor will prepare a Detailed Scope of Work for County approval. Upon County approval, the County will issue a Request for Proposal to the Contractor. The Contractor will then prepare a JOC Task Order Proposal for the Project including a JOC Task Order Price Proposal, drawings and sketches, a list of subcontractors and materialmen, construction schedule, and other requested documentation. The JOC Task Order Price shall equal the value of the approved JOC Task Order Price Proposal. The value of the JOC Task Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks.
- F. If the JOC Task Order Proposal is found to be complete and reasonable, a JOC Task Order (JTO) may be issued.
- G. A JOC Task Order will reference the Detailed Scope of Work and set forth the JOC Task Order Completion Time, and the JOC Task Order Price. The JOC Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate JOC Task Order will be issued for each Project. Extra work, credits, and deletions will be contained in Supplemental JOC Task Order(s).

II. PERFORMANCE REQUIREMENTS:

- A. There is no guaranteed minimum amount of work which will be ordered under this Contract.
- B. The total Contract amount will not exceed \$4,500,000.

- C. This is a Contract for work set forth in the Detailed Scope of Work specified in individual JOC Task Orders. The Contractor is required to complete each task within the Detailed Scope of Work for the JOC Task Order Price within the JOC Task Order Completion Time.
- D. Work ordered prior to but not completed by the expiration of the Contract period and any additional work required as a result of unforeseen conditions encountered during construction up to six (6) months after the contract expiration date will be completed with all provisions of this Contract still in force. Performance time for each JOC Task Order issued under this Contract will be determined in accordance with the Contract. This performance time will be determined and agreed upon by both Parties for each individual JOC Task Order. Contractor must self-perform 20% of the Work under this Contract, unless otherwise approved or required by the County.
- E. This is an indefinite-quantity Contract for the supplies or services specified and effective for the period stated. Work or performance shall be made only as authorized by JOC Task Orders issued in accordance with the ordering procedures clause. The Contractor agrees to furnish to the County when and if ordered, the supplies or services specified in the Contract up to and including the quantity designated in the JOC Task Orders issued as the maximum designated in the Contract. The bid documents include a Construction Task Catalog[®] containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.
- F. All JOC Task Orders that have an NTP issued during the term of this Contract shall be valid and in effect notwithstanding that the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue up to six (6) months after such period has expired. All terms and conditions of the Contract apply to each JOC Task Order.

III. ORDERING PROCEDURES:

A. Joint Scope Meeting and JOC Task Order Development:

The County will issue, for each individual project, a Brief Scope of Work and joint scope invitation requesting the Contractor's Superintendent and/or the County's end user representative, to meet at the project site. Upon receipt of this notification, the Contractor agrees to respond to the County within two (2) working days by establishing verbal contact with the County. The County, Contractor and other necessary parties will visit the proposed Work site and participate in a Joint Scope Meeting, which will include discussion and establishment of the following:

- General Scope of Work
- Definition and refinement of requirements
- Existing site conditions
- Methods and alternatives for accomplishing Work
- Requirements for plans, sketches, shop drawing(s), submittals, etc.
- Tentative duration Work schedule
- Date on which the JOC Task Order Proposal is due
- Preliminary quantity assumptions/estimates
- Staging areas and site access
- Special conditions regarding unique facility operations
- Safety requirements
- Hazardous Materials or site conditions
- Liquidated Damages

Any other contractor requirements that are deemed appropriate for the JOC Task Order by the County Project Manager.

As part of the required Joint Scope Meeting, the Contractor and the County will agree on a sequence of Work; means of access to the premises and building; space for storage of materials and equipment; Work and materials and use of approaches; use of corridors, stairways, elevators, and means of communications and the location of partitions, eating spaces, and restrooms for the Contractor, for individual JOC Task Orders. The Contractor agrees to be responsible for taking these factors into account when developing its Proposal.

The Detailed Scope of Work will be completed by the Contractor and submitted to the County for approval, prior to issuance of a Request for Proposal. This Detailed Scope of Work must be submitted within forty-eight (48) hours or a mutually agreed upon time of the joint scope meeting. If consultant services are required to clarify project requirements, they will be completed and submitted with the Scope of Work for County approval before a Request for Proposal will be issued.

Unless waived in writing, the Contractor agrees to provide all documentation required to fully establish the Scope of Work including, but not limited to, shop drawings, sketches and/or specifications that comply with the Contract specifications and relate to the proposed project. This documentation will be provided for the purpose of defining scope, obtaining permits, and assisting the County in determining the best possible solution for repair and refurbishment issues. If the County requests a change in the proposed Scope of Work, the Contractor agrees to submit a revised Scope of Work reflecting all requested changes within forty-eight (48) hours.

The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental JOC Task Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.

B. Request for Proposal

Once the project development stage and joint scope meeting have produced a County approved Detailed Scope of Work, the County will issue a Request for Proposal (RFP) to the Contractor. The RFP will include the Scope of Work approved by the County and other pertinent information with regards to scheduling, submittals, shop drawings and sketch requirements. The Contractor agrees to prepare and submit a JOC Task Order Proposal of Work.

C. JOC Task Order Proposal Development

The Contractor JOC Task Order Proposal agrees to be comprised of the following elements:

1. Detailed JOC Task Order Price Proposal

- a. **Pre-Priced Work requirements:** Pre-Priced Work requirements will identify the type and number of Work tasks required from the CTC. The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this article. The Contractor's Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement has been done, and that the Work tasks proposed are reasonable for the Scope of Work. Documentation to be submitted with the Proposal shall include, but not be

limited to, JOC Task Order Price Proposal, list of anticipated Subcontractors, construction schedule, shop drawings, calculations, Catalog cuts, and specifications.

- b. The total extended price for Pre-Priced Work requirements will be determined by multiplying the price per unit by the quantity required. The price offered in the JOC Task Order Price Proposal will be determined by multiplying the total extended price by the appropriate Adjustment Factor.

2. Non Pre-Priced Task Requirements

- a. Units of Work not included in the CTC, but within the general scope and intent of this Contract, may be negotiated into this Contract as needs arise. Such Work requirements shall be incorporated into and made a part of this Contract for the JOC Task Order to which they pertain, and may be incorporated into the CTC if determined appropriate by the County at the negotiated price. Non-Pre-Priced Tasks shall be separately identified and submitted in the Quote. Whether a Work requirement is Pre-Priced or Non Pre-Priced is a final determination by the County, binding and conclusive on the Contractor.
- b. Information submitted in support of Non Pre-Priced Tasks agree to include, but not be limited to, the following: complete specifications and technical data, including Work unit content, Work unit cost data, schedule requirements; quality control and inspection requirements. Pricing data submitted in support of Non Pre-Priced Tasks include a cost or price analysis report establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, cost data shall be submitted demonstrating that the Contractor solicited and received three (3) bids. The Contractor shall not submit a quote or bid from any supplier or subcontractor that the Contractor is not prepared to use. The County may require additional quotes and bids if the suppliers or subcontractors are not acceptable for if the prices are not reasonable. The Contractor agrees to provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non-Pre-Priced Task.
- c. The final price submitted for Non-Pre-Priced (NPP) Tasks shall be calculated according to the following formula:

Contractor performed duties

A= The hourly rate for each trade classification not in the Construction Task Catalog® multiplied by the quantity;

B= The rate for each piece of Equipment not in the Construction Task Catalog® multiplied by the quantity;

C= Lowest of three (3) independent quotes for all materials.

Total for a Non Pre-Priced Task performed with Contractor's Own Forces = (A+B+C) x 1.10.

Subcontractor performed duties

If the Non Pre-Priced Task is to be subcontracted, the Contractor must submit three (3) independent quotes for the Work.

D= Lowest of three (3) Subcontractor quotes.

Total cost of Non-Pre-Priced Tasks performed by Subcontractors = D x 1.05.

The County's determination as to whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be final, binding and conclusive.

3. Total Fixed Cost of the Proposal

The total fixed cost of the Proposal shall be determined by adding the total Proposal price offered for Pre-Priced and Non Pre-Priced Work units.

After a Non Pre-priced Task has been approved by the County, the Unit Price for such task will be established, and fixed as a permanent Non Pre-priced Task which will no longer require price justification.

The County's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.

4. Submittals

All documents, shop drawings, and "As-Built" drawings shall be prepared such that the drawings meet all the requirements of Local, State, and Federal regulations, codes and directives. The Contractor agrees to also provide as necessary, the forms, studies, and other documentation required by applicable codes and agencies.

The Contractor agrees to ensure that all engineering solutions conform strictly to the guides and criteria outlined in Contract specifications. In case of uncertainty of detail or procedure, the Contractor agrees to request additional instruction from the County. The Contractor is responsible for producing complete, competent, properly coordinated, and thoroughly checked documents.

At the Contractor's expense, as part of their Adjustment Factors, the documentation noted above, shall be prepared and reviewed as necessary to ensure its compliance with all applicable laws and regulations.

5. Work Duration Schedule

With each Proposal, the Contractor agrees to furnish a Gantt chart Work duration schedule showing the order in which the Contractor proposes to perform the Work, the durations in which the Contractor is to perform the Work, and the relative dates on which the Contractor contemplates starting and completing project tasks, including the acquisition of materials, fabrication, and equipment. The County may determine the level of detail and number of tasks required to be included on the schedule. Unless otherwise specified, the schedule shall be in the form of a Gantt chart Work duration schedule of suitable scale to indicate appropriately the percentage of Work scheduled for Completion. At the discretion of the County, the Contractor may be required to furnish a Critical Path Method (CPM) schedule.

The purpose of the Work Duration Schedule is to ensure adequate planning, coordination and execution of the Work, and to evaluate the progress of the Work. The schedule indicates the dates for starting and completing various aspects of the Work including, but not limited to, on-site construction activities as well as the submittal, approval, procurement, fabrication, and delivery of major items, materials and equipment. The schedule indicates phasing of Work activities as required. The schedule provides the Contractor's initial plan for the Work based on its understanding of the Detailed Scope of Work, with the critical path highlighted.

- a. Schedule Approval; all project schedules will be subject to the County's review and approval. The use of any particular scheduling system shall be subject to the approval of the County.
 - b. Schedule Updates; the Contractor agrees to maintain the Work duration schedule updates on an ongoing basis and, when the County requests it, include the updates in its payment request. The Contractor may be required to submit a narrative report with each monthly update which shall include a description of current and anticipated problem areas, delaying factors and their impact, and an explanation of corrective action taken or proposed. Failure to do so may be considered a material breach of the Contract. Any additional or unanticipated costs or expense required to maintain the schedules shall be solely the Contractor's obligation and Contractor agrees not to charge the County.
 - c. Adjustment of the Work duration schedule; the Contractor agrees that whenever it becomes apparent to the County, from the current monthly status review meeting or the schedule, that phasing or JOC Task Order milestone dates will not be met, it will take some or all of the following actions at no additional cost to the County.
 1. Increase construction manpower in such quantities and crafts as will eliminate the backlog of Work.
 2. Increase the number of working hours per shift, shifts per working day.
 3. Reschedule the Work under the JOC Task Order in conformance with all other requirements. The Contractor agrees to be liable for any additional cost incurred by the County for the adjustment of project schedules.
 4. Prior to proceeding with any of the above actions, the Contractor agrees to notify and obtain approval from the County's Project Manager for the proposed schedule changes. If such actions are approved, the Contractor agrees to incorporate the revisions into the schedule.
6. Subcontractor's List
- The Proposal represents the Contractor's offer to do Work, and as such, in accordance with Sections 4100 to 4114, inclusive, of the Public Contract Code of the State of California, the Contractor agrees to list, on the Subcontractor listing report, the name, business location and the California Contractor License number of each Subcontractor that will perform Work, labor or render service on the Work in excess of one-half of one percent (1/2%) of the total Proposal amount. Contractors and Subcontractor which have been debarred from public works projects by the Labor Commissioner may not perform Work under this Contract. The Contractor agrees to list project percentage of proposed Subcontractor and percentage of the project to be self-performed.
- Contractor agrees to advise the County of any Subcontractor substitution(s) prior to commencement of subcontract Work and to only substitute Subcontractor as authorized under Public Contract Code sections 4100 et seq. Contractor may be subject to penalties in accordance to the above referenced sections for illegal Subcontractor substitution.
7. Electronic JOC Task Order Proposal
- The Contractor agrees to transmit an electronic copy of the Proposal, using the County furnished software, to the County.

8. Complete JOC Task Order Proposal

By submitting a signed JOC Task Order Proposal, the Contractor is agreeing to accomplish the Work outlined in the RFP and the Detailed Scope of Work for that particular JOC Task Order. It is the Contractor's responsibility to include the necessary line items in the Proposal prior to submitting it to the County. Errors and omissions in the Proposals shall be the responsibility of the Contractor. All costs associated with preparing Proposals shall be the responsibility of the Contractor. The County makes no commitment as to the award of individual JOC Task Orders.

D. JOC Task Order Proposal Review

Each Proposal received from the Contractor will be reviewed in detail for appropriateness of quantities and tasks selected. Submittals will be reviewed, as well as the Work duration schedule and list of Subcontractor. The County will evaluate the proposed Work units and may compare them with the independent County estimate of the same tasks to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Proposal is acceptable.

E. Project Approval

The County may issue a JOC Task Order Authorization for the Work, to include the firm-fixed-price of the JOC Task Order and the project duration. Contractor agrees that all clauses of this Contract are applicable to any JOC Task Order issued hereunder.

The County reserves the right to reject a Contractor's Proposal based on unjustifiable quantities and/or methods, performance periods, inadequate documentation, or other inconsistencies or deficiencies on the Contractor's part in the sole opinion of the County.

The County reserves the right to issue a unilateral JOC Task Order authorization for the Work if a JOC Task Order Price Proposal cannot be mutually agreed upon. This is based upon unjustifiable quantities in the sole opinion of the County.

The County also reserves the right to not issue a JOC Task Order Authorization if the County's requirement is no longer valid or the project is not funded. In these instances, the Contractor has no right of claim to recover Proposal expenses. The County may pursue continuing valid requirements by other means where Contract was not reached with the Contractor.

F. JOC Task Order Proposal Time Requirements

1. JOC Task Order Proposal Submittal

The Contractor agrees to respond to a Request for Proposal within forty-eight (48) hours. Contractor's response shall confirm receipt of the Request for Proposal, and a mutually agreed upon date for submittal of Contractor's detailed JOC Task Order Price Proposal.

The Contractor agrees to make a thorough analysis of each Request for Proposal and submit all requests for information to the County, in writing. All requests for information and the responses are to be documented in the Detailed Scope of Work. The requests shall include supporting sketches or information necessary to properly convey requested information. Contractor shall submit recommended solution(s) review and consideration. The requests for information shall not extend the Proposal due date unless mutually agreed to by the County.

By submitting a JOC Task Order Proposal to the County, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at

the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the JOC Task Order Price Proposal prior to delivering it to the County.

Each JOC Task Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the JOC Task Order Price and the JOC Task Order Completion Time. All clauses of this Contract shall be applicable to each JOC Task Order. The JOC Task Order, signed by the County and delivered to the Contractor constitutes the County's acceptance of the Contractor's JOC Task Order Proposal. A signed copy of the JOC Task Order will be provided to the Contractor.

2. JOC Task Order Proposal Review

The Contractor's project manager or agent agrees to be available for JOC Task Order Proposal review meetings within twenty-four (24) hours of being notified by the County (via fax, e-mail, telephone, etc). The County may evaluate the entire JOC Task Order Price Proposal and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed. After review of the Proposal, the Contractor agrees to remove all inapplicable line items and adjust quantities as directed by the County.

The Contractor may choose the means and methods of construction; subject however, to the County's right to reject any means and methods proposed by the Contractor that:

- Will constitute or create a hazard to the work, or to persons or property;
- Will not produce finished Work in accordance with the terms of the Contract; or
- Unnecessarily increases the price of the JOC Task Order when alternative means and methods are available.

3. JOC Task Order Proposal Modification

The Contractor will be granted only one opportunity to add new, valid line items that may have been omitted from its first Proposal by submitting a second, revised Proposal. The Contractor agrees to submit the revised Proposal within forty-eight (48) hours of the initial Proposal review meeting, unless otherwise specified in writing. Upon review of the revised Proposal, the Contractor agrees to remove all line items or adjust quantities deemed inappropriate by the County, and re-submit its Proposal within twenty-four (24) hours. No new line items may be added to the revised Proposal, nor may quantities be increased, nor modifiers added unless specifically agreed to in writing by the County's subsequent Proposal review.

4. Enforcement of Time Requirements

The JOC Task Order Proposal time requirements contained herein will be strictly enforced. Failure to comply may result in the Contractor being deemed non-responsive to the Request for Proposal. The County may cancel the Request for Proposal from the Contractor and solicit another Contractor. The County may also deem the Contractor ineligible for any future JOC contracts.

The County reserves the right to reject a JOC Task Order Proposal or cancel a Project for any reason. The County also reserves the right not to issue a JOC Task Order if it is determined to be in the best interests of the County. The County may perform such work by other means. The Contractor shall not recover any costs arising out of or related to the development of the JOC Task Order including but not limited to the costs

to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a JOC Task Order Proposal (including incidental architectural and engineering services), subcontractor costs, and the costs to review the JOC Task Order Proposal with the County.

IV. APPROVAL AND CONSTRUCTION PROCEDURES:

A. JOC Task Order Authorization (JTOA)

Upon approval of the Scope of Work and the Contractor's JOC Task Order Proposal, the County will issue a JOC Task Order Authorization (JTOA) to the Contractor. The JTOA will include the firm fixed price of the JOC Task Order and the project duration. Once the JTOA has been issued the Contractor agrees to:

1. Initiate submission of required shop drawings and submittals to the County for review and approval.
2. Prepare a detailed Work duration schedule.
3. The Contractor agrees to not begin construction prior to the construction start date identified in the Notice to Proceed (NTP).
4. Upon issuance of the NTP, the County agrees to have the right to direct the Contractor to withhold actual commencement of a JOC Task Order in part or in whole, and the Contractor agrees to comply with such instructions. The Contractor agrees to be granted an extension of the completion time of the JOC Task Order equal to the number of working days delay caused to County pursuant to Contractor's compliance with such instructions. The Contractor will not be entitled to any additional compensation due to the subject extension of the Completion time. The only compensation would be if a JOC Task Order is delayed in part, after Work has commenced, and the Contractor is required to perform additional Work to make the Work area safe or to perform additional scope as directed by the County. This additional Work will be considered additional Work and ordered as a Supplemental JOC Task Order.

B. Notice to Proceed (NTP)

Following the JOC Task Order Authorization and purchase delivery order (DO) issuance, the County will issue a NTP that will provide the construction start date, the Work duration period, and the Substantial Completion date. The Contractor agrees to begin and complete construction within the dates specified on the NTP. The County must approve all extensions of time in writing.

The County may also issue an Emergency NTP. In the event the County requires the Contractor to respond to an immediate request for work, a JOC Task Order will be created and an Emergency NTP will be issued. The Contractor will be required to perform the Scope of Work included with the Emergency NTP as directed by the County's Project Manager or designee. The Detailed Scope of Work, JOC Task Order Price Proposal, Subcontractor Listing, Shop Drawings and required Non Pre-priced backup documentation will be submitted upon completion of the emergency work in accordance with the Ordering Procedures detailed in Section III above.

C. Pre-Construction Meeting

No more than seven (7) days from the issuance of the NTP, unless the County grants additional time, the County will conduct a pre-construction meeting with the Contractor's project manager, Subcontractors, and the end-user to determine the actual project schedule, project access requirements and to address and resolve any customer concerns.

D. Project Construction

The Contractor agrees to provide continuous on-site supervision on each JOC Task Order, while progress on the project is being accomplished. The Contractor's Project Manager will ensure:

1. Coordination and providing supervision to all Subcontractor and workers;

 - a. Daily labor log is to include a listing of Subcontractor(s) and a count of workers by trade providing services for the day.
 - b. Construction progress log is to include a narrative of the Work provided by trade(s). Narrative agrees to include the various areas of the jobsite where Work was performed and any problems or conditions that were encountered.
 - c. In the event the Contractor fails to provide a daily log and/or construction progress log, the County may impose damages against the Contractor in the amount of fifty dollars (\$50.00) for each log and deduct from the Contractor's payment request, for each day the Contractor does not provide the documentation.
6. County may suspend Contractor operations if no Contractor Superintendent is observed. All delays caused by the suspension will be the responsibility of the Contractor. No time extension or claims for cost(s) associated with the suspension will be granted by the County.

E. Changed Work

Changed Work (all added or deleted Work), as it pertains to the approved Detailed Scope of Work included in a specific JOC Task Order, shall be either changes directed by the County or unforeseen site conditions, which were not evident during the Initial Joint Scope Meeting. This additional Work will be considered a Supplemental JOC Task Order, for that specific project, and will be ordered, approved and executed as per the procedures set forth in this Contract.

A credit for Tasks that have been deleted from the Detailed Scope of Work will be given at 100% of the value at which they were included in the original JOC Task Order Price Proposal. Credits for Pre-Priced and Non Pre-Priced Tasks shall be calculated at the pre-set Unit Prices and multiplied by the appropriate Adjustment Factors. A Supplemental JOC Task Order will be issued detailing the credit(s) due the County.

F. Project Completion

The Contractor agrees to schedule a final job walk with the County. If required, the County will prepare a list of incomplete items, the "Punch List". The Contractor agrees to complete the "Punch List" corrections and schedule a final project completion job walk. The County will sign the "Punch List" as completed when determined, the project is finished. The Contractor agrees to submit the following along with its final payment request:
