Such termination shall be effected by delivery of a Notice of Termination to Contractor specifying the effective date of the termination, whether the Contract shall be terminated in whole or in part, and, if applicable, the portion of work to be terminated. Contractor shall immediately stop work in accordance with the Notice of Termination and comply with any other direction as may be specified in the Notice of Termination or as provided subsequently by County. County shall pay Contractor for the work completed and accepted by County prior to the effective date of the termination, and such payment shall be Contractor's sole remedy. Under no circumstances will Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination in whole or in part under this provision. Contractor shall insert in all subcontracts that the Subcontractors shall stop work on the date of and, if applicable, the portion of work to be terminated in a Notice of Termination and shall require Subcontractors to insert the same condition in any lower tier subcontracts.
12. **Termination for Casue:** If Contractor to carry out the requirements of the Contract, including but not limited to: failing to commence work within a time specified; failing to prosecute the work with such diligence as will ensure its completion within the Contract time; failing to complete the work within the Contract time; failing to execute the work in the manner specified in Contract documents, subordinate contracts, work orders, or task orders; persistently, willfully, or knowingly failing to

comply with applicable laws and regulations; becoming insolvent; assigning or subcontracting any part of the work without County's consent; not complying in good faith with the Contract; any misrepresentation or fraud on the part of Contractor; or any breach of the Contract; then County may, by written notice to Contractor, terminate for cause Contractor's right to proceed with the work or such part of the work as to which there has been delay, breach, or other default. Exercise by County of its right to terminate the Contract shall relieve County of all further obligations. No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the party claimed to have waived or consented. Any consent by any party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

Upon receipt of written notice from County of a termination for cause, Contractor shall cease operations as directed by County in the notice and take all actions necessary, or as County directs, for the protection and preservation of the work. After issuing a notice of termination for cause, County may take over the work and prosecute the same to completion by whatever means County deems reasonable, by contract or otherwise, and may take possession of and utilize in completing the work such materials, equipment, supplies, Contract documents, and other information in whatever form as may be on the site for the work and necessary therefor.

If County terminates for cause Contractor's right to proceed with the work, or Contractor otherwise fails to prosecute the work to completion, then the resulting damage will include but not be limited to Liquidated Damages, pursuant to the RCA, or such reasonable period of time as may be required for completion of the work together with any costs incurred by County to complete the work in excess of the unpaid Contract Price. Contractor shall not be entitled to receive any further payment under the Contract until the work is complete. If County's cost of completing the work, Liquidated Damages, and other damages exceed the unpaid balance of the Contract Price, then Contractor and Contractor's sureties shall pay the difference to County within thirty days of County's demand therefor.

Whether or not County issues a written notice of termination for cause, Contractor and its sureties shall be liable for any damage to County resulting from Contractor's refusal or failure to complete the work within the specified time or from Contractor's other breach or default with respect to the performance of the work. Contractor's right to proceed shall not be terminated for cause nor will Contractor be charged with resulting damage if the delay in the completion of the work arises from causes beyond the control and without the fault or negligence of Contractor, including but not limited to those circumstances of Weather Delays or Force Majeure, acts of County, or acts of another contractor in the performance of a contract with County. The rights and remedies of County provided in this Section are in addition to any other rights and remedies provided by law or under this Contract.

13. Disputes and Claims

California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. 9204 requires that the code section be placed in the public works project contract or summarized. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

(B) The claimant shall furnish reasonable documentation to support the claim.

(C) If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

The public entity and claimant shall mutually agree to a mediator within 10 business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

(C) For purposes of this section, mediation includes any nonbinding process, such as neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

(D) Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

(3) Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

(4) Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

(5) If a subcontractor or a lower tier subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a subcontractor or lower tier subcontractor. A subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier subcontractor, that the contractor present a claim for work which was performed by the subcontractor or by a lower tier subcontractor on behalf of the subcontractor. The subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did not present the claim, provide the subcontractor with a statement of the reasons for not having done so.

(e) The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

(f) A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity in its public works contracts may include dispute resolution provisions that comply with this section, including the timeframes set forth herein, and that prescribe additional reasonable and equitable terms regarding actions or procedures to be taken by the parties.

(g) This section applies to contracts entered into on or after January 1, 2016.

(h) Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

(i) This section shall remain in effect only until January 1, 2019, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2019, deletes or extends that date.

Contractor agrees to adhere to any and all policies and security requirements required by County and the Sheriff’s Department, including security clearances and Contractor agrees to maintain a cleared status for the duration of the Contract. County is not under any obligation to provide a reason why security or other clearances are denied.

16. Bonds, Indemnity, Insurance and Responsibility

16.1 Payment and Performance Bonds. Except for contracts with an overall value of \$25,000 or less, the Contractor shall furnish, at time of signing the Contract, a surety bond to protect the laborers and material men in accordance with Section 9554 of the Civil Code and a performance bond guaranteeing the faithful performance of this Contract, each in the amount of \$500,000, which is the value of this Contract. Contractor shall not be entitled to, nor shall County authorize, subordinate contracts when the total outstanding value of subordinate contracts under this contract exceeds the bond values for which the County is an obligee. Said bonds to be approved by the office of the County Counsel and the County Executive Office of Orange County. The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial conditions from time to time as requested by County, the Contractor shall promptly furnish such additional security as may be required by County from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the work contemplated by this Contract. If the County increases the total Contract amount, the Contractor is to provide a new bond for the new total Contract amount in a bond for the difference.

The payment and performance bonds must each be issued by a surety that: (i) is authorized by the California Insurance Commissioner to transact surety insurance in the State of California; (ii) has assets exceeding its liabilities in an amount equal to or in excess of the amount of the bonds; and (iii) acts in compliance with Insurance Code Section 12090.

If any surety upon any bond furnished in connection with this Contract becomes objectionable to County and fails to submit to County the documents described in California Code of Civil Procedure Sections 995.660(a) (1) through (a) (4) within the time specified in those Sections, then Contractor shall promptly furnish such additional security as may be required by County to protect the interests of County and of persons entitled to make a claim against the payment bond. Failure to furnish such additional security shall constitute a material breach of the agreement.
- 16.3 Indemnification. To the maximum extent allowable by law, Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies for which the County of Orange's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any loss, injury, liability claims, demands, costs and expenses whether incurred by or made against County or County Indemnitees of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products, work or other performance provided by Contractor pursuant to this Contractor. This indemnity applies even in the event of County or County Indemnitees' concurrent fault, except that nothing in this indemnification provision shall be construed to require Contractor to indemnify County or County Indemnitees for losses caused by County's or County Indemnitees' active negligence, sole negligence, willful misconduct, or defects in design furnished by them. If judgment is entered against Contractor or County or County indemnitees by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

16.4 Insurance Provisions:

Maintenance Services: Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. . Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

*County of Orange, Sheriff-Coroner
