ARTICLES

I. GENERAL TERMS AND CONDITIONS

- A. Governing Law and Venue:** This Contract has been negotiated and executed in the state of California and shall be governed by and construed under the laws of the state of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another county.
- B. Entire Contract:** This Contract, when accepted by the Contractor either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing by County's Purchasing Agent or his designee, hereinafter "Purchasing Agent."
- C. Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by Purchasing Agent in writing.
- D. Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
- E. Delivery:** Time of delivery is of the essence in this Contract. County reserves the right to refuse any goods or services and to cancel all or any part of the goods not conforming to applicable specifications, drawings, samples or description, or services that do not conform to the prescribed statement of work. Acceptance of any part of the order for goods shall not bind County to accept future shipments, nor deprive it the right to return goods already accepted, at Contractor's expense. Over-shipments and under-shipments of goods shall be only as agreed to in writing by the County. Delivery shall not be deemed to be complete until goods, or services, have been actually received and accepted in writing by County.
- F. Acceptance/Payment:** Unless otherwise agreed to in writing by the County, 1) acceptance shall not be deemed complete unless in writing and until all the goods/services have actually been received, inspected, and tested to the satisfaction of County, and 2) payment shall be made in arrears after satisfactory acceptance.
- G. Warranty:** Contractor expressly warrants that the goods/services covered by this Contract are 1) free of liens or encumbrances, 2) merchantable and good for the ordinary purposes for which they are used, and 3) fit for the particular purpose for which they are intended. Acceptance of this order shall constitute an agreement upon Contractor's part to indemnify, defend and hold County and its indemnities as identified in paragraph "HH" below, and as more fully described in paragraph "HH", harmless from liability, loss, damage and expense, including reasonable counsel fees, incurred or sustained by County by reason of the failure of the goods/services to conform to such warranties, faulty work performance, negligent or unlawful acts, and non-compliance with any applicable state or federal codes, ordinances, orders, or statutes, including the Occupational Safety and Health Act (OSHA) and the California Industrial Safety Act. Such remedies shall be in addition to any other remedies provided by law.

H. Patent/Copyright Materials/Proprietary Infringement: Unless otherwise expressly provided in this Contract, Contractor shall be solely responsible for clearing the right to use any patented or copyrighted materials in the performance of this Contract. Contractor warrants that any software as modified through the services provided hereunder will not infringe upon or violate any patent, proprietary right, or trade secret right of any third party. Contractor agrees that, in accordance with the more specific requirement contained in paragraph "HH" below, it shall indemnify, defend, and hold County and County Indemnitees (as defined in paragraph "HH") harmless from any and all such claims and responsible for payment of costs, damages, penalties and expenses related to or arising from such claim(s), including, but not limited to, attorney's fees, costs and expenses.

I. Assignment or Sub-Contracting: No performance of this contract or any portion thereof may be assigned or subcontracted by the contractor without the express written consent of the County. Any attempt by the contractor to assign or subcontract any performance of this contract without the express written consent of the County shall be invalid and shall constitute a breach of this contract.

In the event that the contractor is authorized by the County to subcontract, this contract shall prevail and the terms of the subcontract shall incorporate by reference and not conflict with the terms of this contract. In the manner in which the County expects to receive services, the County shall look to the contractor for performance and not deal directly with any subcontractor. All matters related to this contract shall be handled by the contractor with the County; the County will have no direct contact with the subcontractor in matters related to the performance of this contract. All work must meet the approval of the County of Orange.

J. Non-Discrimination: In the performance of this Contract, Contractor agrees that it will comply with the requirements of Section 1735 of the California Labor Code and not engage in discrimination in employment of persons because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex of such persons. Contractor acknowledges that a violation of this provision shall subject Contractor to all the penalties imposed for a violation of Section 1720 et seq. of the California Labor Code.

K. Termination – Default of Contractor: If Contractor is in default of any of its obligations under this Contract, County shall give 60 days' notice to Contractor that this Contract may be canceled if the specific deficiencies are not corrected. If Contractor is in default of any of its obligations under this Contract and County determines that such default poses a serious threat to public safety, County may elect to immediately terminate the Contract or provide Contractor with a written notice of default and the opportunity to cure the default within a specified time. If Contractor fails to commence cure of the default within 10 days after receipt of a written notice of default, and/or Contractor fails to cure such default within the time specified in the notice, the County shall immediately be entitled to commence resolution in accordance with this paragraph or to terminate this Contract by giving written notice to take effect immediately. Default shall include failure to carry out any of the requirements of this Contract, including, but not limited to not providing enough properly skilled workers or proper materials, persistently disregarding laws and or ordinances, not proceeding with the work as agreed to herein, or otherwise substantially violating any provision of this Contract. The County may begin negotiations with a third-party Contractor to provide goods and/or services as specified in this Contract once County has provided notice to Contractor that Contractor is in default and termination of the Contract may follow.

Termination – Convenience of the County: Performance of services under this Contract may be terminated by County in whole or in part, when such action is deemed by County to be in its best interest. Termination of work shall be effected by delivery to Contractor of a 60-day written Notice of Termination specifying the extent to which performance of work is terminated, and the date upon which such termination becomes effective.

After receipt of the Notice of Termination and except as otherwise directed by County, Contractor shall: 1) Stop services under this Contract on the date and to the extent specified in the Notice of Termination, and 2.) In addition, each party will assist the other party in orderly termination of this Contract and the transfer of all aspects, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each party.

- L. Consent to Breach Not Waiver:** No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver is in writing and signed by the aggrieved Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.
- M. Remedies Not Exclusive:** The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.
- N. Independent Contractor:** Contractor shall be considered an independent Contractor and neither Contractor, its employees nor anyone working under Contractor shall be considered an agent or an employee of County. Neither Contractor, its employees nor anyone working under Contractor, shall qualify for workers' compensation or other fringe benefits of any kind through County.

Contractor shall not allow subcontractors to work if subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every subcontractor and to receive proof of insurance prior to allowing any subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) and deductibles shall be clearly stated on the Certificate of Insurance. If no SIRs or deductibles apply, indicate this on the Certificate of Insurance with a zero (0) by the appropriate line of coverage. Any self-insured retention (SIR) or deductible in an amount in excess of \$25,000 (\$5,000 for automobile liability), which shall specifically be approved by the County Executive Office (CEO)/Office of Risk Management upon review of Contractor's current audited financial report.

Each Party further acknowledges that they have not been influenced to any extent whatsoever in executing this Contract by any other Party hereto or by a person representing them, or both. Accordingly, any rule of law (including California Civil Code Section 1654) or legal decision that would require interpretation of any ambiguities in this Contract against the Party that has drafted it, is not applicable and is waived.
