PROPOSED PERFORMANCE COMMITMENTS AND PENALITIES

PERFORMANCE GUARANTEES ANNUAL SERVICE METRICS

I. Guaranteed Performance for Non-Medicare Commitments and Penalty Amounts

Kaiser Permanente offers performance guarantees for their fully insured health plans backed by a percentage of the plans annual non-Medicare premium for Kaiser Permanente plans that have 500 or more non-Medicare members. Once a guarantee is in place, other Kaiser Permanente plans with at least 100 but fewer than 500 of non-Medicare members will report performance without associated financial risk. In 2012 Kaiser Permanente will conduct a review of the plan 2011 membership (average over 12 months) to determine the appropriate status of this agreement in each of the plans.

Kaiser Permanente will offer performance guarantees for Kaiser Permanente Medicare members with penalties (if any) based on a percentage of the annual revenue Kaiser Permanente receives from the County of Orange for these members. Minimum membership threshold for establishing a guarantee is 500 Medicare members. In 2012 Kaiser Permanente may conduct a review of the 2011 Medicare membership (average over 12 months) to determine the appropriate status of this agreement.

Changes in Measures

Some of the performance measures use definitions established by national organizations such as the National Committee for Quality Assurance (NCQA). If the definition for such a measure changes after these guarantees have been implemented Kaiser Permanente can no longer guarantee the measure. This includes changes by NCQA in reporting rules or publication of the 'Quality Compass'. Kaiser Permanente does not accept conversions or substitutions of HEDIS measures. Should any guaranteed HEDIS measure be rotated for calendar year 2011 it will be ignored for purposes of performance evaluation and penalty calculation.

If Kaiser Permanente is unable to provide any of the information guaranteed in this agreement due to federal, state or local legislative or regulatory action, the measures affected by such action will not be subject to penalties.

Setting Penalty Thresholds

To the extent possible, Kaiser Permanente sets their penalty thresholds (i.e., the performance level they guarantee and below which they pay a penalty) in alignment with industry standards. Penalty thresholds for HEDIS measures are based on the applicable state/regional or national HMO averages as reported in the NCQA Quality Compass.

Reporting Frequency and Guarantee Duration

Typically, in the fall of each year (after the annual release of HEDIS results) Kaiser Permanente provide an annual performance report for the preceding year and a semi-annual performance report for the current year. Performance guarantees require annual renewal and must be requested each year by the purchaser.

Penalty Payments

Kaiser Permanente reports performance results based on their annual (calendar year) performance. Penalty payments are determined after the end of the year and are based on total non-Medicare plan premium for the calendar year. Kaiser Permanente pays agreed-upon penalties by check.

Forfeiture on sample-based measures is contingent on statistically significant variations from penalty thresholds. A standard statistical test is used to determine whether results are above or below the applicable state/regional or national average. If the test shows that the differences in the results are too large to be explained by random chance, but are true differences at least 95% of the time, the results are considered statistically different from the penalty threshold.

Issues leading to failure on measures of satisfaction with account management are defined as those related to the administration of the plan that are under direct control of the account management team (e.g. account management adequately answers customer questions, keeps customer informed of new developments, strives to resolve administrative problems.) Issues related to other health plan areas (e.g. pricing, member call centers, claims, or eligibility processing) are not applicable to these measures and may be covered by other measures in this agreement.

Forfeiture on account management satisfaction measures is contingent on prompt notification (prior to September 1st of the agreement year) by the purchaser of specific issues which may result in service failure, and adequate opportunity for resolution (agreement on corrective action plan and timeline). Failure of Kaiser Permanente account management to develop and execute on a corrective action plan constitutes failure on such measures.

County of Orange, Non-Medicare Plan

~~Based on projected 2011 membership, we expect these health plans will be guaranteed with premium at risk:~~

~~Measures are based on annual, plan-wide performance unless specified otherwise. Penalty thresholds and results are rounded to the nearest whole number except on measures where the penalty threshold is shown with a decimal point (e.g. $\leq 3.3\%$)~~

1. The Parties agree that the terms used, but not otherwise defined below in Paragraph B, shall have the same meaning given to such terms under the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 (“HIPAA”), the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005 (“the HITECH Act”), and their implementing regulations at 45 CFR Parts 160 and 164 (“the HIPAA regulations”) as they may exist now or be hereafter amended.

2. The Parties agree that a business associate relationship under HIPAA, the HITECH Act, and the HIPAA regulations between the Contractor and County arises to the extent that Contractor performs, or delegates to subcontractors to perform, functions or activities on behalf of County pursuant to, and as set forth in, the Contract MA-XXX that are described in the definition of “Business Associate” in 45 CFR § 160.103.

3. The County wishes to disclose to Contractor certain information pursuant to the terms of the Contract MA-XXX, some of which may constitute Protected Health Information (“PHI”), as defined below in Subparagraph B.10, to be used or disclosed in the course of providing services and activities pursuant to, and as set forth, in the Contract MA-XXX.

4. The Parties intend to protect the privacy and provide for the security of PHI that may be created, received, maintained, transmitted, used, or disclosed pursuant to the Contract MA-XXX in compliance with the applicable standards, implementation specifications, and requirements of HIPAA, the HITECH Act, and the HIPAA regulations as they may exist now or be hereafter amended.

iii. A disclosure of PHI where Contractor or County has a good faith belief that an unauthorized person to whom the disclosure was made would not reasonably have been able to retain such information.

b. Except as provided in paragraph (a) of this definition, an acquisition, access, use, or disclosure of PHI in a manner not permitted under the HIPAA Privacy Rule is presumed to be a breach unless Contractor demonstrates that there is a low probability that the PHI has been compromised based on a risk assessment of at least the following factors:
