Grants Report

DRAFT

County Executive Office/Legislative Affairs

October 16, 2018 Item No. 29

County of Orange Report on Grant Applications/Awards

The Grants Report is a condensed list of grant requests by County Agencies/Departments that allows the Board of Supervisors to discuss and approve grant submittals in one motion at a Board meeting. County policy dictates that the Board of Supervisors must approve all grant applications prior to submittal to the grantor. This applies to grants of all amounts, as well as to new grants and those that have been received by the County for many years as part of an ongoing grant. Receipt of grants \$50,000 or less is delegated to the County Executive Officer. Grant awards greater than \$50,000 must be presented to the Board of Supervisors for receipt of funds. This report allows for better tracking of county grant requests, the success rate of our grants, and monitoring of County's grants activities. It also serves to inform Orange County's Sacramento and Washington, D.C. advocates of County grant activities involving the State or Federal Governments.

On October 16, 2018 the Board of Supervisors will consider the following actions:

In 2014, the Social Services Agency (SSA) was awarded a grant from the California Department of Education (CDE), Early Education and Support Division, to provide full day/full-year preschool services to increase the availability of early education development programs to eligible preschool children so that more children from low and moderate-income families enter kindergarten ready to learn and succeed in school and in life.

SSA utilized this funding in Fiscal Years 2016-17, 2017-18, and 2018-19 to support full-day/full-year preschool services at the Tustin Family Campus Early Childhood Development Center (the Center) for children involved in the child welfare system due to abuse and neglect. After successfully completing an application for continued funding, SSA received a funding allocation from CDE to continue to support preschool services at the Center for Fiscal Year 2018-19.

SSA is requesting authority to submit a continued funding application in order to extend the state funding to Fiscal Year 2019-20 for the purpose of supporting the development and increasing school readiness of preschool youth served who have been victims, or at risk of becoming victims, of child abuse and neglect. The requested grant amount is slightly lower as compared to prior years in order to more closely align with expenditure trends and service needs.

On September 4, 2018, OC Parks received an offer from the National Parks Service (NPS) of an award for the Save America's Treasures Historic Preservation Grant. OC Parks was one of 16 applicants awarded throughout the United States and was offered \$153,016. Save America's Treasures Awardees were directed by the National Park Service not to make any public notice of the award before the NPS announced the recipients on September 23, 2018. Because the agenda for the September 25, 2018 Board of Supervisors meeting would be posted on September 20, 2018; October 16, 2018 was the first meeting date available to submit this item while also meeting the NPS requirements. The attached eForm has been prepared for inclusion in the October 16, 2018 grants report. This date falls after the thirty-day award notification deadline.

Funding from the Save America's Treasures grant will be used to restore the upper floor of the Stone House at Arden, the Helena Modieska Historic House and Gardens. This structure may have been built as early as the 1860s, making it one of the oldest extant constructions in Orange County. It is an important contributing building to the site's National Historic Landmark status. The ground level stone floor of the building underwent seismic stabilization and restoration in 2008. Although the wood upper floor and roof have been protected from the elements using interim measures, this part of the structure was becoming endangered due to age and external conditions. This grant will allow OC Parks to restore the remaining portion of the Stone House, completing its preservation and making it available to the public for the first time in the buildings history.

Please indicate County Executive Officer's concurrence with OC Parks acceptance of this award by signing below and returning a copy via email to David Kim at David.Kim@occr.ocgov.com and Erika Padilla at Erika.Padilla@occr.ocgov.com. In August 2018, OC Parks identified a need and began preparation of an application for \$194,160 to the State of California, Department of Parks and Recreation, Habitat Conservation Fund Program Grant to restore the lake at Ted Craig Regional Park. The eForm requesting permission to apply was prepared on time for the September 25, 2018 Grants Report however, due to an email error, the item was not included in that report. The error was not detected until the report was posted. October 16, 2018 is the next scheduled Board of Supervisors meeting. The attached eForm has been prepared for inclusion in the October 16, 2018 grants report. This date falls after the application due date of October 1, 2018.

Resources

If awarded, grants funds will be used to restore the deteriorating earthen lake edge and improve the water quality of the Ted Craig Regional Park Lake (Craig Lake). An ecological system will be used to dredge the shallow sediment from the lake bottom, which will be pumped into DredgeSox ® for installation along the 3-acre lake edge. The encased, dredged material will be anchored around the lake perimeter and the area will be planted to stabilize the shoreline and restore the lakes natural appearance. Loss of lake depth through the deposit of sediment is detrimental to water quality and consequently, the wildlife that use this resource. Craig Lake is designated Water of the US which is stocked for fishing, provides habitat for local wildlife and is an important stop for migratory birds on the Pacific Flyway.

Please indicate the County Executive Officer's concurrence with OC Park's authorization to apply by signing below and returning a copy via email to David Kim at David Kim@occr.ocgov.com and Erika Padilla at Erika.Padilla@occr.ocgov.com.
