Subject: Comments for upcoming Board meetings

Re: Agenda Item 36: Homeless Shelter.

As a Santa Ana Resident and Parent of a Godinez High School Student I adamantly oppose the planned development of another county operated shelter in SA.

This board and previous members of seem to forget that the county of Orange has 34 cities and several unincorporated neighborhood. All of the county run shelters and transitional services are concentrated in area's Fullerton (1), Anaheim (1), and Santa Ana (3).

Please share what efforts have been made to secure a location in south county?

SA residents are tired of being saturated with homeless from other states, county and cities.

The homeless problem is statewide and SANTA ANA isn't the only location for shelters.

Please look somewhere else. No more shelters in SANTA ANA!

Sincerely,

Lucinda Solorzano
