A-E and subconsultant contracts, including cost proposals and Indirect Cost Rates (ICR), may be subject to audits or reviews such as, but not limited to, a CONTRACT audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the CONTRACT, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance

with 48 CFR Part 31 and other related laws and regulations. A-E agrees that individual terms of costs identified in the audit report shall be incorporated into the CONTRACT by this reference if directed by COUNTY at its sole discretion. Refusal by A-E to incorporate audit or review recommendations, or to ensure that the federal, COUNTY or local governments have access to CPA work papers, will be considered a breach of CONTRACT terms and cause for termination of the CONTRACT and disallowance of prior reimbursed costs.

- E. A-E's Cost Proposal may be subject to a CPA ICR Audit Work Paper Review and/or audit by Caltrans Audits and Investigation (A&I). Caltrans A&I, at its sole discretion, may review and/or audit and approve the CPA ICR documentation. During Caltrans A&I's review of the ICR audit work papers created by the A-E's independent CPA, Caltrans A&I will work with the CPA and/or A-E toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If Caltrans A&I identifies significant issues during the review and is unable to issue a cognizant approval letter, COUNTY will reimburse the A-E at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR {e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines} is received and approved by A&I.

2. If Caltrans A&I is unable to issue a cognizant letter per paragraph E.1. above, Caltrans A&I may require A-E to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the management letter. Caltrans A&I will then have up to six (6) months to review the A-E's and/or the independent CPA's revisions.

3. If the A-E fails to comply with the provisions of this paragraph E, or if Caltrans A&I is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in paragraph E.1. above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this CONTRACT.
4. A-E may submit to COUNTY final invoice only when all of the following items have occurred: (1) Caltrans A&I accepts or adjusts the original or revised independent CPA audited ICR; (2) all work under this CONTRACT has been completed to the satisfaction of COUNTY; and, (3) Caltrans A&I has issued its final ICR review letter. The A-E MUST SUBMIT ITS FINAL INVOICE TO COUNTY no later than sixty (60) calendar days after occurrence of the last of these items. 3. Each A-E shall submit a certified copy of the records enumerated in paragraph (1) above, to the entity that requested the records within ten (10) calendar days after receipt of a written request.
4. Any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by COUNTY shall be marked or obliterated in such a manner as to prevent disclosure of each individual's name, address, and social security number. The name and address of the A-E or Subconsultant performing the work shall not be marked or obliterated.
5. The A-E shall inform COUNTY of the location of the records enumerated under paragraph (1) above, including the street address, city and county, and shall, within five (5) working days, provide a notice of a change of location and address.
6. The A-E or Subconsultant shall have ten (10) calendar days in which to comply subsequent to receipt of written notice requesting the records enumerated in

paragraph (1) above. In the event the A-E or Subconsultant fails to comply within the ten (10) day period, he or she shall, as a penalty to COUNTY, forfeit one hundred dollars (\$100) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Such penalties shall be withheld by COUNTY from payments then due. A-E is not subject to a penalty assessment pursuant to this section due to the failure of a Subconsultant to comply with this section.

E. When prevailing wage rates apply, the A-E is responsible for verifying compliance with certified payroll requirements. Invoice payment will not be made until the invoice is approved by the COUNTY Contract Administrator.

F. Penalty

1. The A-E and any of its Subconsultants shall comply with Labor Code §1774 and §1775. Pursuant to Labor Code §1775, the A-E and any Subconsultant shall forfeit to the COUNTY a penalty of not more than two hundred dollars (\$200) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of DIR for the work or craft in which the worker is employed for any public work done under the CONTRACT by the A-E or by its Subconsultant in violation of the requirements of the Labor Code and in particular, Labor Code §§1770 to 1780, inclusive.
2. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of mistake, inadvertence, or neglect of the A-E or Subconsultant in failing to pay the correct rate of prevailing wages, or the previous record of the A-E or Subconsultant in meeting their respective prevailing wage obligations, or the willful failure by the A-E or Subconsultant to pay the correct rates of prevailing wages. A mistake, inadvertence, or neglect in failing to pay the correct rates of prevailing wages is not excusable if the A-E or Subconsultant had knowledge of the obligations under the Labor Code. The A-E is responsible for paying the appropriate rate, including any escalations that take place during the term of the CONTRACT.
3. In addition to the penalty and pursuant to Labor Code §1775, the difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the A-E or Subconsultant.
4. If a worker employed by a Subconsultant on a public works project is not paid the general prevailing per diem wages by the Subconsultant, the prime A-E of the project is not liable for the penalties described above unless the prime A-E had knowledge of that failure of the Subconsultant to pay the specified prevailing rate of wages to those workers or unless the prime A-E fails to comply with all of the following requirements:
  - a. The CONTRACT executed between the A-E and the Subconsultant for the performance of work on public works projects shall include a copy of the requirements in Labor Code §§ 1771, 1775, 1776, 1777.5, 1813, and 1815.
  - b. The A-E shall monitor the payment of the specified general prevailing rate of per diem wages by the Subconsultant to the employees by periodic review of the certified payroll records of the Subconsultant.
  - c. Upon becoming aware of the Subconsultant's failure to pay the specified prevailing rate of wages to the Subconsultant's workers, the A-E shall diligently take corrective action to halt or rectify the failure, including but not limited to, retaining sufficient funds due the Subconsultant for work performed on the public works project.

- d. Prior to making final payment to the Subconsultant for work performed on the public works project, the A-E shall obtain an affidavit signed under penalty of perjury from the Subconsultant that the Subconsultant had paid the specified general prevailing rate of per diem wages to the Subconsultant's employees on the public works project and any amounts due pursuant to Labor Code §1813.
  5. Pursuant to Labor Code §1775, COUNTY shall notify the A-E on a public works project within fifteen (15) calendar days of receipt of a complaint that a Subconsultant has failed to pay workers the general prevailing rate of per diem wages.
  6. If COUNTY determines that employees of a Subconsultant were not paid the general prevailing rate of per diem wages and if COUNTY did not retain sufficient money under the CONTRACT to pay those employees the balance of wages owed under the general prevailing rate of per diem wages, the A-E shall withhold an amount of moneys due the Subconsultant sufficient to pay those employees the general prevailing rate of per diem wages if requested by COUNTY.
- G. Hours of Labor
- Eight (8) hours labor constitutes a legal day's work. The A-E shall forfeit, as a penalty to the COUNTY, twenty-five dollars (\$25) for each worker employed in the execution of the CONTRACT by the A-E or any of its Subconsultants for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week in violation of the provisions of the Labor Code, and in particular §§1810 to 1815 thereof, inclusive, except that work performed by employees in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon compensation for all hours worked in excess of eight (8) hours per day and forty (40) hours in any week, at not less than one and one-half (1.5) times the basic rate of pay, as provided in §1815.
- H. Employment of Apprentices
1. Where either the prime CONTRACT or the subagreement exceeds thirty thousand dollars (\$30,000), the A-E and any subconsultants under him or her shall comply with all applicable requirements of Labor Code §§ 1777.5, 1777.6 and 1777.7 in the employment of apprentices.
  2. A-Es and subconsultants are required to comply with all Labor Code requirements regarding the employment of apprentices, including mandatory ratios of journey level to apprentice workers. Prior to commencement of work, A-E and subconsultants are advised to contact the DIR Division of Apprenticeship Standards website at <https://www.dir.ca.gov/das/>, for additional information regarding the employment of apprentices and for the specific journey-to- apprentice ratios for the CONTRACT work. The A-E is responsible for all subconsultants' compliance with these requirements. Penalties are specified in Labor Code §1777.7.

## 7.9 ARTICLE XIII- CONFLICT OF INTEREST

- A. During the term of this CONTRACT, the A-E shall disclose any financial, business, or other relationship with COUNTY that may have an impact upon the outcome of this CONTRACT or any ensuing COUNTY construction project. The A-E shall also list current clients who may have a financial interest in the outcome of this CONTRACT or any ensuing COUNTY construction project which will follow.

- B. A-E certifies that it has disclosed to COUNTY any actual, apparent, or potential conflicts of interest that may exist relative to the services to be provided pursuant to this CONTRACT. A-E agrees to advise COUNTY of any actual, apparent or potential conflicts of interest that may develop subsequent to the date of execution of this CONTRACT. A-E further agrees to complete any statements of economic interest if required by either COUNTY ordinance or State law.
- C. The A-E hereby certifies that it does not now have nor shall it acquire any financial or business interest that would conflict with the performance of services under this CONTRACT.
- D. The A-E hereby certifies that the A-E or subconsultant and any firm affiliated with the A-E or subconsultant that bids on any construction contract or on any Agreement to provide construction inspection for any construction project resulting from this CONTRACT, has established necessary controls to ensure a conflict of interest does not exist. An affiliated firm is one, which is subject to the control of the same persons, through joint ownership or otherwise.

**7.10 ARTICLE XIV- REBATES, KICKBACKS OR OTHER UNLAWFUL CONSIDERATION**

The A-E warrants that this CONTRACT was not obtained or secured through rebates, kickbacks or other unlawful consideration either promised or paid to any COUNTY employee. For breach or violation of this warranty, COUNTY shall have the right, in its discretion, to terminate this CONTRACT without liability, to pay only for the value of the work actually performed, or to deduct from this CONTRACT price or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

**7.11 ARTICLE XV- PROHIBITION OF EXPENDING COUNTY STATE OR FEDERAL FUNDS FOR LOBBYING**

- A. A-E certifies to the best of his or her knowledge and belief that:
  - 1. No State, Federal, or COUNTY appropriated funds have been paid or will be paid, by or on behalf of the A-E, to any person for influencing or attempting to influence an officer or employee of any local, State, or Federal agency, a Member of the State Legislature or United States Congress, an officer or employee of the Legislature or Congress, or any employee of a Member of the Legislature or Congress in connection with the awarding or making of this CONTRACT, or with the extension, continuation, renewal, amendment, or modification of this CONTRACT.
  - 2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this CONTRACT, the A-E shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- B. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. §1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than ten thousand dollars (\$10,000) and not more than one hundred thousand dollars (\$100,000) for each such failure.

- C. The A-E also agrees by signing this document that he or she shall require that the language of this certification be included in all lower tier subagreements, which exceed one hundred thousand dollars (\$100,000), and that all such subrecipients shall certify and disclose accordingly.

**7.12 ARTICLE XVI- NON-DISCRIMINATION CLAUSE AND STATEMENT OF COMPLIANCE**

- A. The A-E's signature affixed herein and dated shall constitute a certification under penalty of perjury under the laws of the State of California that the A-E has, unless exempt, complied with the nondiscrimination program requirements of Gov. Code §12990 and 2 CCR § 8103.
- B. During the performance of this CONTRACT, A-E and its subconsultants shall not deny the CONTRACT's benefits to any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status, nor shall they unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. A-E and subconsultants shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment.
- C. A-E and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 et seq.), the applicable regulations promulgated there under (2 CCR §11000 et seq.), the provisions of Gov. Code §§11135-11139.5, and the regulations or standards adopted by COUNTY to implement such article. The applicable regulations of the Fair Employment and Housing Commission implementing Gov. Code §12990 (a-f), set forth 2 CCR §§8100-8504, are incorporated into this CONTRACT by reference and made a part hereof as if set forth in full.
- D. A-E shall permit access by representatives of the Department of Fair Employment and Housing and the COUNTY upon reasonable notice at any time during the normal business hours, but in no case less than twenty-four (24) hours' notice, to such of its books, records, accounts, and all other sources of information and its facilities as said Department or COUNTY shall require to ascertain compliance with this clause.
- E. A-E and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.
- F. A-E shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under this CONTRACT.
- G. The A-E, with regard to the work performed under this CONTRACT, shall act in accordance with Title VI of the Civil Rights Act of 1964 (42 U.S.C. §2000d et seq.). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the United States shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any

program or activity by the recipients of federal assistance or their assignees and successors in interest.

- H. The A-E shall comply with regulations relative to non-discrimination in federally-assisted programs of the U.S. Department of Transportation (49 CFR Part 21 - Effectuation of Title VI of the Civil Rights Act of 1964). Specifically, the A-E shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR §21.5, including employment practices and the selection and retention of Subconsultants.

### **7.13 ARTICLE XVII- DEBARMENT AND SUSPENSION CERTIFICATION**

- A. The A-E's signature affixed herein shall constitute a certification under penalty of perjury under the laws of the State of California, that the A-E or any person associated therewith in the capacity of owner, partner, director, officer or manager:
  - 1. Is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any federal agency;
  - 2. Has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years;
  - 3. Does not have a proposed debarment pending; and
  - 4. Has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years.
- B. Any exceptions to this certification must be disclosed to COUNTY. Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining responsibility. Disclosures must indicate the party to whom the exceptions apply, the initiating agency, and the dates of agency action.
- C. Exceptions to the Federal Government Excluded Parties List System maintained by the U.S. General Services Administration are to be determined by FHWA.

### **7.14 ARTICLE XVIII- DISADVANTAGED BUSINESS ENTERPRISES (DBE) PARTICIPATION**

- A. This CONTRACT is subject to 49 CFR Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". A-Es who enter into a federally-funded agreement will assist the COUNTY in a good faith effort to achieve California's statewide overall DBE goal.
- B. The goal for DBE participation for this CONTRACT is **28%**. Participation by DBE A-E or subconsultants shall be in accordance with information contained in Exhibit 10-02: Consultant Contract DBE Commitment attached hereto and incorporated as part of the CONTRACT. If a DBE subconsultant is unable to perform, A-E must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- C. A-E can meet the DBE participation goal by either documenting commitments to DBEs to meet the CONTRACT goal, or by documenting adequate good faith efforts to meet the CONTRACT goal. An adequate good faith effort means that the

A-E must show that it took all necessary and reasonable steps to achieve a DBE goal that, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to meet the DBE goal. If A-E has not met the DBE goal, complete and submit Exhibit 15-H: *DBE Information – Good Faith Efforts* to document efforts to meet the goal. Refer to 49 CFR Part 26 for guidance regarding evaluation of good faith efforts to meet the DBE goal.

- D. DBEs and other small businesses, as defined in 49 CFR Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. The COUNTY, A-E or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this CONTRACT. The A-E shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the CONSULTANT to carry out these requirements is a material breach of this CONTRACT, which may result in the termination of this CONTRACT or such other remedy as the COUNTY deems appropriate, which may include, but is not limited to:
- (1) Withholding monthly progress payments;
  - (2) Assessing sanctions;
  - (3) Liquidated damages; and/or
  - (4) Disqualifying the contractor from future bidding as non-responsible
- E. A DBE firm may be terminated only with prior written approval from COUNTY and only for the reasons specified in 49 CFR §26.53(f). Prior to requesting COUNTY consent for the termination, A-E must meet the procedural requirements specified in 49 CFR §26.53(f). If a DBE subconsultant is unable to perform, A-E must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- F. Consultant shall not be entitled to any payment for such work or material unless it is performed or supplied by the listed DBE or by other forces (including those of Consultant) pursuant to prior written authorization of the COUNTY's Contract Administrator.
- G. A DBE is only eligible to be counted toward the CONTRACT goal if it performs a commercially useful function (CUF) on the CONTRACT. CUF must be evaluated on an agreement by agreement basis. A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the CONTRACT and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible, with respect to materials and supplies used on the CONTRACT, for negotiating price, determining quality and quantity, ordering the material and installing (where applicable), and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the CONTRACT is commensurate with the work it is actually performing, and other relevant factors.
- H. A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, agreement, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.

- I. If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its CONTRACT with its own work force, or the DBE subcontracts a greater portion of the work of the CONTRACT than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- J. A-E shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime A-E's shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- K. Upon completion of the CONTRACT, a summary of these records shall be prepared and submitted on the form entitled, Exhibit 17-F: Final Report-Utilization of Disadvantaged Business Enterprise (DBE) First-Tier Subconsultants, certified correct by A-E or A-E's authorized representative and shall be furnished to the Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to A-E when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subconsultants" is submitted to the Contract Administrator.
- L. If a DBE subconsultant is decertified during the life of the CONTRACT, the decertified subconsultant shall notify A-E in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the CONTRACT, the subconsultant shall notify A-E in writing with the date of certification. Any changes should be reported to COUNTY's Contract Administrator within thirty (30) calendar days.
- M. Any subcontract entered into as a result of this CONTRACT shall contain all of the provisions of this section.

#### **7.15 ARTICLE XX- FUNDING REQUIREMENTS**

- A. It is mutually understood between the parties that this CONTRACT may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if the CONTRACT were executed after that determination was made.
- B. This CONTRACT is valid and enforceable only, if sufficient funds are made available to COUNTY for the purpose of this CONTRACT. In addition, this CONTRACT is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or COUNTY governing board that may affect the provisions, terms, or funding of this CONTRACT in any manner.
- C. It is mutually agreed that if sufficient funds are not appropriated, this CONTRACT may be amended to reflect any reduction in funds.
- D. COUNTY has the option to terminate the CONTRACT pursuant to Article VI Termination, or by mutual agreement to amend the CONTRACT to reflect any reduction of funds.

**7.16 ARTICLE XXI- CHANGE IN TERMS**

- A. This CONTRACT may be amended or modified only by mutual written agreement of the parties.
- B. A-E shall only commence work covered by an amendment after the amendment is executed and notification to proceed has been provided by COUNTY's Contract Administrator.
- C. There shall be no change in A-E's Project Manager or members of the project team, as listed in the approved Cost Proposal, which is a part of this CONTRACT without prior written approval by COUNTY's Contract Administrator.

**7.17 ARTICLE XXII- CONTINGENT FEE**

A-E warrants, by execution of this CONTRACT that no person or selling agency has been employed, or retained, to solicit or secure this CONTRACT upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees, or bona fide established commercial or selling agencies maintained by A-E for the purpose of securing business. For breach or violation of this warranty, COUNTY has the right to annul this CONTRACT without liability; pay only for the value of the work actually performed, or in its discretion to deduct from the CONTRACT price or consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

**7.18 ARTICLE XXIII- DISPUTES**

Prior to either party commencing any legal action under this CONTRACT, the parties agree to try in good faith, to settle any dispute amicably between them. If a dispute has not been settled after forty-five (45) days of good-faith negotiations and as may be otherwise provided herein, then either party may commence legal action against the other.

- A. Any dispute, other than audit, concerning a question of fact arising under this CONTRACT that is not disposed of by agreement shall be decided by a committee consisting of COUNTY's Contract Administrator and OC Public Works Director or his designee, who may consider written or verbal information submitted by A-E.
- B. Not later than thirty (30) calendar days after completion of all deliverables necessary to complete the plans, specifications and estimate, A-E may request review by COUNTY Governing Board of unresolved claims or disputes, other than audit. The request for review will be submitted in writing.
- C. Neither the pendency of a dispute, nor its consideration by the committee will excuse A-E from full and timely performance in accordance with the terms of this CONTRACT.

**7.19 ARTICLE XXIV- INSPECTION OF WORK**

A-E and any subconsultant shall permit COUNTY, the State, and the FHWA if federal participating funds are used in this CONTRACT; to review and inspect the project activities and files at all reasonable times during the performance period of this CONTRACT.

**7.20 ARTICLE XXV- SAFETY**

- A. A-E shall comply with OSHA regulations applicable to A-E regarding necessary safety equipment or procedures. A-E shall comply with safety instructions issued by COUNTY Safety Officer and other COUNTY representatives. A-E personnel shall wear hard hats and safety vests at all times while working on the construction project site.
- B. Pursuant to the authority contained in Vehicle Code §591, COUNTY has determined that such areas are within the limits of the project and are open to public traffic. A-E shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14, and 15 of the Vehicle Code. A-E shall take all reasonably necessary precautions for safe operation of its vehicles and the protection of the traveling public from injury and damage from such vehicles.

#### **7.21 ARTICLE XXVI OWNERSHIP OF DATA**

- A. It is mutually agreed that all materials prepared by A-E under this CONTRACT shall become the property of COUNTY, and A-E shall have no property right therein whatsoever. Immediately upon termination, COUNTY shall be entitled to, and A-E shall deliver to COUNTY, reports, investigations, appraisals, inventories, studies, analyses, drawings and data estimates performed to that date, whether completed or not, and other such materials as may have been prepared or accumulated to date by A-E in performing this CONTRACT which is not A-E's privileged information, as defined by law, or A-E's personnel information, along with all other property belonging exclusively to COUNTY which is in A-E's possession. Publication of the information derived from work performed or data obtained in connection with services rendered under this CONTRACT must be approved in writing by COUNTY.
- B. Additionally, it is agreed that the Parties intend this to be a CONTRACT for services and each considers the products and results of the services to be rendered by A-E hereunder to be work made for hire. A-E acknowledges and agrees that the work (and all rights therein, including, without limitation, copyright) belongs to and shall be the sole and exclusive property of COUNTY without restriction or limitation upon its use or dissemination by COUNTY.
- C. Nothing herein shall constitute or be construed to be any representation by A-E that the work product is suitable in any way for any other project except the one detailed in this CONTRACT. Any reuse by COUNTY for another project or project location shall be at COUNTY's sole risk.
- D. Applicable patent rights provisions regarding rights to inventions shall be included in the contracts as appropriate (48 CFR 27 Subpart 27.3 - Patent Rights under Government Contracts for federal-aid contracts).
- E. COUNTY may permit copyrighting reports or other agreement products. If copyrights are permitted; the CONTRACT shall provide that the FHWA shall have the royalty-free nonexclusive and irrevocable right to reproduce, publish, or otherwise use; and to authorize others to use, the work for government purposes.

#### **7.22 ARTICLE XXVII CLAIMS FILED BY COUNTY'S CONSTRUCTION CONTRACTOR**

- A. If claims are filed by COUNTY's construction contractor relating to work performed by A-E's personnel, and additional information or assistance from A-E's personnel is required in order to evaluate or defend against such claims; A-E agrees to make its personnel available for consultation with COUNTY'S construction contract

administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.

- B. A-E's personnel that COUNTY considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from COUNTY. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for A-E's personnel services under this CONTRACT.

- B. Permission to disclose information on one occasion, or public hearing held by COUNTY relating to the CONTRACT, shall not authorize A-E to further disclose such information, or disseminate the same on any other occasion.
- C. A-E shall not comment publicly to the press or any other media regarding the CONTRACT or COUNTY's actions on the same, except to COUNTY's staff, A-E's own personnel involved in the performance of this CONTRACT, at public hearings, or in response to questions from a Legislative committee.
- D. A-E shall not issue any news release or public relations item of any nature, whatsoever, regarding work performed or to be performed under this CONTRACT without prior review of the contents thereof by COUNTY, and receipt of COUNTY'S written permission.
- E. All information related to the construction estimate is confidential, and shall not be disclosed by A-E to any entity, other than COUNTY, Caltrans, and/or FHWA. All of the materials prepared or assembled by A-E pursuant to performance of this CONTRACT are confidential and A-E agrees that they shall not be made available to any individual or organization without the prior written approval of COUNTY or except by court order. If A-E or any of its officers, employees, or subcontractors does voluntarily provide information in violation of this CONTRACT, COUNTY has the right to reimbursement and indemnity from A-E for any damages caused by A-E releasing the information, including, but not limited to, COUNTY's attorney's fees and disbursements, including without limitation experts' fees and disbursements.

### **7.24 ARTICLE XXIX NATIONAL LABOR RELATIONS BOARD CERTIFICATION**

In accordance with Public Contract Code Section 10296, A-E hereby states under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against A-E within the immediately preceding two-year period, because of A-E's failure to comply with an order of a federal court that orders A-E to comply with an order of the National Labor Relations Board.

## II. ENVIRONMENTAL SERVICES

### A. Environmental Requirements

In compliance with Federal & State environmental regulations, A-E and its sub-consultants shall be responsible for all direct and related work in preparing the NEPA, CEQA, regulatory permit applications, and environmental technical documents to replace the Bridge.

The County of Orange will be the lead agency for the CEQA documentation and Caltrans will serve as the lead agency pursuant to NEPA under Section 6005 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act-Legacy for Users (SAFTEA-LU). For Caltrans, the project would be processed through the Local Assistance Office; therefore, documentation would be prepared pursuant to Chapter 6 of the Local Assistance Procedures Manual (2018) and the Caltrans Standard Environmental Reference (SER).

#### **Task 1 - Project Coordination Meetings for Environmental Approvals**

A-E shall provide technical information and respond to questions and comments raised by the COUNTY or Caltrans staff. A-E must also be available to discuss and explain issues or recommendations made at meetings and hearings.

A-E shall assist COUNTY staff with permit applications and submittals requiring project manager's input. The project manager shall also be prepared to answer questions or clarify the scope of the project when requested by various regulatory agencies.

#### **Task 2 - Prepare & Process NEPA Categorical Exclusion**

It is assumed that a Categorical Exclusion (CE) is the selected NEPA environmental compliance document. The A-E shall prepare and process a Categorical Exclusion (CE). The CE shall conform to requirements of the Caltrans Local Assistance Procedures Manual. A-E shall prepare a draft and final documents for circulation and approval.

#### **Deliverables:**

1. Draft Categorical Exclusion – electronic copy
2. Final Categorical Exclusion – electronic copy & 2 hard copies

**Optional Task 8A:** If an alternative NEPA document is determined by Caltrans, for example an Environmental Assessment (EA) leading to a Finding of No Significant Impact (FONSI), the selected A-E will be authorized to prepare and process the alternative NEPA document as an optional task. A-E shall provide scope as part of this proposal.

#### **Task 3 - Prepare CEQA Initial Study & Mitigated Negative Declaration (IS/MND)**

For CEQA, it is assumed that all impacts can be reduced to a level of less than significant and an Initial Study/Mitigated Negative Declaration (IS/MND) shall be prepared. The A-E shall prepare an IS/MND in accordance with the requirements of CEQA Guidelines, Section 15063 (Public Resources Code 21080) and County of Orange's Local CEQA Procedures Manual including the MND format. The document shall include analysis of all required CEQA topics, identify potentially significant environmental effects, and identify all feasible measures to mitigate those effects to a less than significant level.

The A-E shall prepare a draft IS/MND and circulate it for a minimum of 20-day public review period. The County will review the first Screencheck of the document prior to submitting the document to Caltrans. Once comments have been received and revisions made, a revised Screencheck document

will be submitted for concurrent review by Caltrans and the County prior to release for a 20-day public comment period. No public meetings during the public review period are assumed to be necessary as part of this task. The A-E shall also prepare a Notice of Completion and Notice of Intent to Adopt a Mitigated Negative Declaration to accompany the public review documents.

Following the 20-day review, a Final IS/MND shall be prepared to include responses to comments and incorporate applicable revisions. The A-E shall formulate a comment letter, draft responses, a Final MND preface, and if applicable, a discussion of edits made to the MND as a result of the review period. The County shall be provided one Screencheck of the Final IS/MND for review prior to final approval.

Once the document has been approved, a Notice of Intent to Adopt a Mitigated Negative declaration will be published in the newspaper. The notice will be in a section of general readership in the Orange County Register. The A-E should be responsible to file a Notice of Determination for the project with the Orange County Clerk-Recorder.

All associated filing fees shall be provided by A-E and included with scope of work.

**Deliverables:**

5. Notice of Determination – electronic copy
6. Newspaper publication – electronic copy
7. Filing fees

**B. Technical Studies in support of Preliminary Environmental Studies (PES)**

The County of Orange has prepared the Preliminary Environmental Studies (PES) for the bridge, and is currently obtaining Caltrans approval. Caltrans will identify those areas that require focused studies. Although the exact technical studies may/may not be confirmed at this time, the following technical studies are potentially required. The County of Orange reserves the right to delete any of the tasks noted below.

**Task 4 - Biological Resources Evaluation**

The project requires a biological evaluation of site conditions with below subtasks.

**Task 4.1 - Literature Review**

A-E shall conduct a literature review to determine which species have been identified as special status by state, federal, and local resources agencies and organizations, and have a potential to occur on the project site or in the immediate vicinity. Sources to be reviewed include: (1) special status species lists from the California Department of Fish and Game (CDFG), United States Fish and Wildlife Service (USFWS), and California Native Plant Society (CNPS); (2) database searches of the California Natural Diversity Database (CNDDDB) and the Electronic Inventory of the CNPS; (3) the most recent Federal Register listing package and critical habitat determination for each federally Endangered or Threatened species potentially occurring on the project site; (4) the CDFG Annual Report on the status of California's listed Threatened and Endangered plants and animals; and (5) other biological studies conducted in the vicinity of the project site.

**Deliverable:**

1. Literature Review – electronic copies of any collected documents or notes

**Task 4.2 - Site Reconnaissance Surveys**

The A-E shall conduct a site reconnaissance survey of the project area to include the bridge and a 500-foot surrounding buffer. The site visit shall document and map the type of natural communities present and their condition, to create a baseline of biological resources map with vegetation communities, sensitive species, and existing wildlife locations. Any special status species observed will be reported to the CNDDDB.

Information to be documented in vegetation mapping includes, but not limited to: site factors, descriptions, distribution, characteristic species present within an area, observable sensitive resources including perennial plants, dominant species and their associate cover classes, aspect, canopy height, and visible disturbance factors. A-E shall also conduct focus surveys for the presence or absence of special status plant species. Surveys for special status plant species will be conducted during the blooming period of the plants, which vary depending on rainfall and temperature. Therefore, reference populations will be monitored to determine the appropriate survey time for each species (generally between March and July). If any special status plant species are found, the location of each population will be mapped and voucher specimens will be collected and deposited in an appropriate herbarium to ensure accuracy in the identification.

Information to be documented in animal inventory using USFWS survey protocol shall include, but not limited to: sight, calls, tracks, scat, or other signs of animal species. Any active sightings will be recorded and mapped. Any pertinent behavior, such as courtship, shall also be recorded.

A-E shall generate a Biological Resources Map of field survey directly onto 100-scale topographic or aerial photographic bases and digitized into a geographic information system (GIS) format.

If special status species are detected during focused surveys and it is further determined that project implementation will result in temporary and/or permanent impacts to these species, a Habitat Mitigation and Monitoring Plan (HMMP) will be prepared, under Task 18.

**Deliverable:**

1. Biological Resources Map – electronic copy (PDF & ArcGIS file)

**Task 4.3 - Natural Environmental Study for Minimal Impact (NES-MI)**

As determined by Caltrans, the project will require a Natural Environmental Study for Minimal Impact (NES-MI) to characterize and document the environmental setting and biological impacts at the bridge site.

A NES-MI consistent with the current guidelines will be developed based on the results of various biological surveys, analyses, and data compilation described above. The report will describe: (1) the methodology used to conduct the biological surveys; (2) a detailed description of the existing vegetation types and associated wildlife resources on the project site; (3) potential impacts from the project; and (4) recommended mitigation measures to reduce identified impacts to less than significant levels.

**Deliverables:**

1. Draft NES-MI – electronic copy
2. Final NES-MI – electronic copy & 2 hard copies of final approved document

**Task 5 - Hazardous Materials - Initial Site Assessment (ISA)**

- a) The A-E shall evaluate the site conditions for possible environmental impacts by hazardous materials. The A-E shall prepare a technical study (Initial Site Assessment) to evaluate the potential presence of sources of hazardous waste contamination that could adversely affect the soil and/or groundwater of the site. The Initial Site Assessment (ISA) shall conform to Caltrans Project Development Procedures Manual (PDPM), including the following:
- b) A review of available project area information and historical aerial photographs

- c) Environmental database search reports and other pertinent information for the preparation of the ISA
- d) Completion of Caltrans ISA checklist for Hazardous Waste

A-E shall provide a screencheck review to the County and Caltrans District 12. Upon County and Caltrans review, A-E shall address comments, incorporate revisions and/or provide responses to finalize the ISA and obtain final approval by Caltrans.

**Deliverables:**

1. Screencheck of Initial Site Assessment – electronic copy
2. Initial Site Assessment – electronic copy & 2 hard copies of final approved document

**Task 6 - Floodplain Location Hydraulic Study & Summary Floodplain Encroachment Report**

The A-E shall prepare a Floodplain Location Hydraulic Study, consistent with 23 CFR 650 Subpart A, Section 650 I I I (b)(c)(d). The goal of the Location Hydraulic Study is to determine if the project would result in minimal or significant encroachment on the base floodplain and if the project is consistent with existing watershed and floodplain management programs.

The A-E will include a discussion of (1) the risks associated with implementation of the project, (2) the impacts on natural and beneficial flood-plain values, (3) the support of probable incompatible flood-plain development, (4) the measures to minimize flood-plain impacts associated with the project, and (5) the measures to restore and preserve the natural and beneficial floodplain values impacted by the action within the Location Hydraulic Study.

**Task 6.1 - Hydraulic analysis**

To determine the impacts associated with the project, floodplain hydraulic geometric models will be prepared for the portion of the creek system where the bridge will be located. The analysis will extend approximately a minimum of 1,000 feet upstream and downstream of the proposed bridge location in order to adequately assess project impacts. Available previously prepared floodplain hydraulic and floodway analysis performed by other investigators or agencies will be reviewed to ensure consistency with results and the hydraulic model variables. The floodplain evaluation will include the analysis of two different conditions, (1) baseline condition or an effective floodplain model reflecting the existing condition of the natural floodplain prior to the proposed bridge construction, and (2) developed condition or modified floodplain analysis, which includes the modifications of the floodplain for the proposed bridge crossing and potential encroachment within the floodplain. The hydraulic analysis will establish the water surface profiles and hydraulic parameters, which identify the characteristics of the floodplain. The floodplain will be evaluated utilizing the one dimensional water surface profile program developed by the Army Corps of Engineers, HEC-RAS. The hydrologic data for the 100-year flowrates which will be incorporated into floodplain model will be based upon previous hydrologic information and no additional regional hydrology will be performed as part of this study unless through separate addendum. Channel geometric data will be obtained from digital topographic mapping provided by OCPW for this project.

**Task 6.2 - 100-year floodplain maps**

The A-E will prepare 100-year floodplain maps utilizing the results of the floodplain hydraulic modeling. The maps will identify and define the location of the existing and proposed floodplain boundary limits. The floodplain map exhibits will identify existing and proposed floodplain encroachment by the existing and proposed bridge structures, respectively. The floodplain maps will illustrate the locations of the hydraulic model cross sections utilized in the HEC-RAS model and provide relevant summary of the information at key cross sections.

**Task 6.3 - Summary of Floodplain Encroachment Report**

The Location Hydraulic Study will summarize the existing and proposed floodplain characteristics and identify impacts of the project. Local, state, and federal water resources and floodplain management agencies will be consulted to determine if the project is consistent with existing watershed and floodplain management programs. The report will outline the methodology utilized for the analyses and provide an evaluation of the overall level of flood protection provided by the existing bridge structures in comparison to the proposed condition, which is determined by the proposed project alternative. Therefore, it is recommended that the analysis for the developed condition in the Location Hydraulic Study shall be conducted after the Type Selection Report becomes available. A Summary Floodplain Encroachment Report form shall be completed and included in the Location Hydraulic Study.

**Deliverables:**

1. Location Hydraulic Study Report
2. FEMA FIRM Panel
3. HEC-RAS models for both conditions
4. Location Hydraulic Study Form for Caltrans review
5. Responses to Caltrans comments during review process

**Task 7 - Jurisdictional Delineation**

A-E will perform a jurisdictional delineation to determine jurisdictional “waters of the U.S.” and “waters of the State of California”, including wetlands (if present), located within the boundaries of the proposed project. The delineation will result in a determination of the jurisdictional boundaries based on the ordinary high water mark(s) (OHWM) within the project site and indicate the existence of any adjacent wetlands not within the jurisdictional ordinary high water mark. The actual presence or absence of wetlands onsite will be verified through the determination of the presence of hydrologic conditions, hydrophytic vegetation, and hydric soils pursuant to the Regional Supplement to the Corps of Engineers Wetland Delineation Manual: Arid West Region, September 2008.

Using detailed mapping of the project area provided by the project engineer, A-E shall prepare a Delineation of Jurisdictional Waters Report including delineation map and the results of the field delineation. A-E will provide an assessment of acreage considered by the U.S. Army Corps of Engineers (USACE) and the CDFG to be jurisdictional “waters of the U.S.” and “waters of the State of California” within the project site. This cost estimate includes revisions to the draft JD following the pre-application meeting necessary for the preparation of the permit application submittal package.

**Pre-application Meeting**

A-E will schedule and conduct a pre-application meeting with the appropriate USACE, CDFG and Regional Water Quality Control Board (RWQCB) staff to review the site conditions, the proposed project, project impacts, and jurisdictional delineation report that was transmitted to them prior to the meeting. The primary purpose of the meeting is to obtain concurrence in the delineation report. It is also suggested that a description of proposed mitigation to off-set impacts to jurisdictional resources resulting from project implementation be available at this meeting. A-E will also request written concurrence from the USACE and CDFG approving the jurisdictional delineation. Time for this meeting shall be included in Task 7 above.

**Task 8 - U.S. Army Corps of Engineers 404 Permit Application**

To be performed by County. A-E will assist the County with minor tasks such as providing quantities or exhibits for permit applications, as requested by County.

**Task 9 - Santa Ana Regional Water Quality Control Board Section 401 Water Quality Certification**

To be performed by County. A-E will assist the County with minor tasks such as providing quantities or exhibits for permit applications, as requested by County.

**Task 10 - California Department of Fish and Wildlife 1602 Permit Application**

To be performed by County. A-E will assist the County with minor tasks such as providing quantities or exhibits for permit applications, as requested by County.
