[Approved by Governor July 12, 2021. Filed with Secretary of State July 12, 2021.]

I object to the following appropriations contained in Senate Bill 129.

SEC. 19.55-1 delete this section.

I am deleting this section because the budget control section authorizing the acceleration of up to an additional \$500,000,000 General Fund to support wildfire prevention and forest resilience activities was already enacted in AB 161, Statutes of 2021, which I signed on July 9, 2021. Therefore, to maintain the state's ability to accelerate funding for wildfire prevention activities authorized in AB 161, as well as the appropriation of \$258,000,000 for similar activities, I delete this section on a technical basis. As California enters a second consecutive year of dry fuel conditions, resulting in drought or near-drought throughout many portions of the state, it is critical that the pace and scale of fire prevention projects that protect California's most wildfire-vulnerable communities is accelerated.

With the above deletions, revisions, and reductions, I hereby approve Senate Bill 129.

GAVIN NEWSOM, Governor

A billing shall not be sent to affected departments sooner than 30 days after the chairperson of the joint committee has been notified by the director that the director concurs with the amounts specified in the billings.

2. Of the moneys appropriated to the Controller in this act, the Controller shall not expend more than \$500,000 to conduct posteligibility fraud audits of the Supplemental Security Income/State Supplementary Payment Program.
3. The Commission on State Mandates shall provide, in applicable parameters and guidelines, as follows:
 - (a) If a local agency or school district contracts with an independent contractor for the preparation and submission of reimbursement claims, the costs reimbursable by the state for that purpose shall

- not exceed the lesser of (1) 10 percent of the amount of the claims prepared and submitted by the independent contractor or (2) the actual costs that would necessarily have been incurred for that purpose if performed by employees of the local agency or school district.
- (b) The maximum amount of reimbursement provided in subdivision (a) may be exceeded only if the local agency or school district establishes, by appropriate documentation, that the preparation and submission of these claims could not have been accomplished without incurring the additional costs claimed by the local agency or school district.
4. It is the intent of the Legislature that audits conducted by the Controller, or under the direction of the Controller, shall be fiscal audits that focus on claims and disbursements, as provided for in Section 12410 of the Government Code. To avoid duplication of effort and promote efficiency and cost-effectiveness, the Controller and the Department of Finance shall coordinate in obtaining additional actuarial valuation services related to OPEB plan liabilities and assets attributable to each of the state's collective bargaining units or other state entities or groups. This provision does not obligate the state to change the practice of funding health and dental benefits for annuitants currently required under state law.
8. The funds appropriated to the Controller in this act shall not be expended on additional actuarial valuations, beyond the annual actuarial valuations, for other postemployment benefits, prior to obtaining concurrence in writing from the Department of Finance. An augmentation shall not be made sooner than 30 days after the Joint Legislative Budget Committee has been notified in writing.
13. The Department of Finance may reduce the amounts authorized under this item upon (a) successful completion of modifications by the Controller to the payroll system, or by the Public Employees' Retirement System (CalPERS) to the retirement system (my|CalPERS), that significantly reduces the number of records that the my|CalPERS system rejects; or (b) once the Controller has eliminated the backlog of Payroll Contribution Report and Retirement Enrollment Report discrepancies between the payroll and retirement systems, which in turn reduces the Controller workload related to the CalPERS Pension System Resumption. This adjustment shall be in coordination with the Controller and CalPERS. An adjustment shall not be made pursuant to this provision prior to a 30-day notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations.
