NOW, THEREFORE, the Parties mutually agree as follows:

ARTICLES

1. **Scope of Work:** This Contract, including any Attachments and Exhibits, specifies the contractual terms and conditions by which the County will procure services for Claims Administration for the Self-Insured Management and Attorney Dental Plan from Contractor as further detailed in the Scope of Work, identified and incorporated herein by this reference as Attachment A.
2. **Compensation/Payment:** The Contractor agrees to accept the compensation as set forth in Attachment B, Compensation/Payment, identified and incorporated herein by this reference, as full remuneration for (a) performing all Services and furnishing all staffing and materials required, (b) any reasonably unforeseen difficulties which may arise or be encountered in the performance of the Services until acceptance, (c) risks connected with the Services, and (d) performance by the Contractor of all its duties and obligations required herein.
3. **Term of Contract:** The Contract shall commence January 1, 2020, and shall continue in effect through December 31, 2023~~2024~~, unless terminated by County. ~~Contract may be renewed for one (1) additional consecutive one (1) year term, upon mutual written agreement of the Parties. Renewal of the Contract may require approval by the County Board of Supervisors.~~ Permitted renewals of the Contract provided in this paragraph 3 shall not result in any change in any other term, condition or provision of this Contract.
4. **Entire Agreement:** This Contract, including its Attachment A through Attachment I and Exhibit 1 as they now exist or may hereafter be changed, modified, or amended, and which are attached hereto and incorporated herein by this reference, constitutes the entire Contract between the Parties with respect to the matters herein. There are no restrictions, promises, warranties or undertakings other than those set forth or referred to herein. No exceptions, alternatives, substitutes, understandings, agreements or revisions, whether oral or written, are valid or binding on the County unless authorized by the County in writing.

Electronic acceptance of any additional terms, conditions or supplemental contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on the County unless accepted in writing by the County's Purchasing Agent or his authorized designee. In the event of a conflict between or among the Contract documents, the order of precedence shall be the provisions of the main body of this Contract (i.e., those provisions set forth in the recitals and articles), and then the attachments and then the exhibit.

5. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on the County unless authorized by the County in writing.
6. **Governing Law and Venue:** This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California, without reference to conflict of laws provisions. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another venue.
7. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
8. **Taxes:** The Contract provided does not contemplate any taxes, fees, other charges or offsets by any state or federal government which may, in the future, be assessed against Contractor on the basis of the benefit payments made on County's behalf under this Contract. In the event Contractor becomes liable for paying any such taxes, fees, other charges or offsets, on the County's behalf, including amounts assessed against Contractor under federal regulation, 42 CFR 411.24 (Medicare Secondary Payer), the County agrees to reimburse Contractor for the amount of tax, fee, charge or offset attributable to the benefits paid on the County's behalf. This obligation will survive termination of this Contract. Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
9. **Delivery:** Time of delivery of services is of the essence in this Contract. County reserves the right to refuse any services and to cancel all or any part of the services that do not conform to the prescribed Scope of Work.
10. **Independent Contractor:** Contractor shall be considered an independent contractor and neither Contractor, its employees, nor anyone working under Contractor shall be considered an agent or an employee of County. Neither Contractor, its employees nor anyone working under Contractor, shall qualify for workers' compensation or other fringe benefits of any kind through County.
11. **Assignment or Sub-contracting:** The terms, covenants, and conditions contained herein shall apply to and bind the heirs, successors, executors, administrators and assigns of the Parties. Furthermore, neither the performance of this Contract nor any portion thereof may be assigned or sub-contracted by Contractor without the express written consent of County Program Manager, as identified below. Any attempt by Contractor to assign or sub-contract the performance or any portion thereof of this Contract without the express written consent of County Program Manager shall be invalid and shall constitute a breach of this Contract. Irrespective of any assignment of subcontracting with respect to any portion of this Contract,

Contractor shall remain fully responsible and liable for the performance of all services required herein. Notwithstanding the preceding provisions of this paragraph, (i) services to be performed for County under this Contract may be performed by personnel of Contractor or of any other entity that is controlling, controlled by, or under common control with, Contractor and (ii) Contractor may assign this Contract and all rights, duties and obligations hereunder to any other entity that is controlling, controlled by, or under common control with the Contractor that succeeds to the business of Contractor providing the services under this Contract. Notwithstanding this paragraph or any other terms or provisions set forth in this Contract or its attachments, none of the work done for the County, its employees, agents, directors, elected officials or their dependents as relates participant interaction may be performed outside the United States of America, with the exception of core Account Team Members as named in Staffing Plan, Attachment C, or otherwise approved by County, on an as needed basis. In no case may participant specific data be sent to locations outside the United States of America. To the extent that non-core account team members, special project teams and the like are required to do work for the County outside the United States of America, data will not include participant data that will allow for personal identification either as a standalone data element or in combination, for example, social security number, date of birth, personal health information, and home addresses. In instances where previously identified core Account Team Members are required to access participant specific data, as approved by the County, on an as needed basis while outside the United States of America, data will be accessed and viewed only, and will not be stored, changed, or updated in any fashion.

12. **Non-Discrimination:** In the performance of this Contract, Contractor agrees that it will comply with the requirements of California state and federal anti-discrimination laws and regulations, including but not limited to Section 1735 of the California Labor Code and not engage nor permit any sub-contractors to engage in discrimination in employment of persons because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex of such persons. Contractor acknowledges that a violation of this provision shall subject Contractor to all the penalties imposed for a violation of anti-discrimination laws or regulations including but not limited to Section 1741 of the California Labor Code.
13. **Performance:** Contractor shall warrant all work under this Contract, taking necessary steps and precautions to perform the work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other services performed by the Contractor under this Contract. Contractor shall perform all work diligently, carefully, and in a good and workman-like manner; shall furnish all labor, supervision, machinery, equipment, materials, and supplies necessary therefore; shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the services; and, if permitted to sub-contract, shall be fully responsible for all work performed by sub-contractors.
14. **Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional(s) identified by Contractor as Account Manager and key personnel attached hereto, prior to submission to the County. Contractor agrees that County review is discretionary and Contractor shall not assume that the County will discover errors and/or omissions. If the County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should the County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in any action between the County and Contractor, and the reports, files or documents will be returned to Contractor for correction at no charge to County.
15. **Patent/Copyright Materials/Proprietary Infringement:** Unless otherwise expressly provided in this Contract, Contractor shall be solely responsible for clearing the right to use any patented or copyrighted

materials in the performance of this Contract. Contractor warrants that any software as modified through services provided hereunder will not infringe upon or violate any patent, proprietary right or trade secret right of any third party. Contractor agrees that, in accordance with the more specific requirement contained in Paragraph 18 below, it shall indemnify, defend and hold County and County Indemnitees harmless from any and all such claims and be responsible for payment of all costs, damages, penalties and expenses related to or arising from such claim(s), including, but not limited to, attorney's fees, costs and expenses.

16. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements of Paragraph 17 below, Contractor agrees that it shall defend, indemnify and hold County and County INDEMNITEES harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
17. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.
18. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire Term of this Contract. In addition, all subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all subcontractors performing work on behalf of Contractor pursuant to this Contract shall carry appropriate lines of insurance and limits for their work. Contractor shall not allow subcontractors to work if subcontractors have an inappropriate level of coverage required by the Contractor. It is the obligation of Contractor to provide notice of the insurance requirements to every subcontractor and to receive proof of insurance prior to allowing any subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time. Contractor is responsible for work performed by Contractor's subcontractors.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- 1) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or subcontractor's performance of

this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and

- 2) Contractor’s duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- 3) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor’s SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

If the Contractor fails to maintain insurance acceptable to the County for the full Term of this Contract, the County may terminate this Contract.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of the Contract, upon which the County may suspend or terminate this Contract.

If Contractor's Professional Liability and Network Securities and Privacy Liability policy is a "Claims-Made" policy, Contractor shall agree to maintain coverage for two (2) years following completion of the Contract.

The Commercial General Liability policy shall contain a severability of interests' clause also known as a "separation of insureds" clause (standard in the ISO CG 0001 policy).

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable Certificates of Insurance and endorsements with County incorporating such changes within thirty (30) days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor act in any way to reduce the policy coverage and limits available from the insurer.

19. **Emergency/Declared Disaster Requirements:** In the event of an emergency or if Orange County is declared a disaster area by the County, state or federal government, this Contract may be subjected to unusual usage. The Contractor shall service the County during such an emergency or declared disaster under the same terms and conditions that apply during non-emergency/disaster conditions. The pricing quoted by the Contractor shall apply to serving the County's needs regardless of the circumstances. If the Contractor is unable to supply the goods/services under the terms of the Contract, then the Contractor shall provide proof of such disruption and a copy of the invoice for the goods/services from the Contractor's supplier(s). Additional profit margin as a result of supplying goods/services during an emergency or a declared disaster shall not be permitted. In the event of an emergency or declared disaster, emergency purchase order numbers will be assigned. All applicable invoices from the Contractor shall show both the emergency purchase order number and the Contract number.

The California State Assembly passed AB 2941 in 2018 and it went into effect as of January 1, 2019. This bill requires health plans to take certain actions to provide displaced or potentially displaced enrollees with access to medically necessary health care services if a state of emergency is declared by the Governor for a California county. Contractor recently completed an effort to be in compliance with this legislation. Contractor will continue to post actions taken to respond to an emergency which affects enrollees on its website (blueshieldca.com).

Contractor's obligations under this provision are subject to the limitations set forth in Article 35 – Force Majeure of this model contract. In other words, if an emergency or disaster is a force majeure event for Contractor as defined under Article 35, Contractor would be excused from compliance with the requirements under Article 19.

20. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County-related records and information pursuant to all statutory laws relating to privacy and confidentiality that currently exist or exist at any time during the Term of the Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.

County and Contractor agree that information identified by either party as confidential or trade secret due to its proprietary nature, and any confidential medical information shall be held in trust and confidence by the other, except as otherwise required by law, and shall be used only for the purposes contemplated under this Agreement. Contractor understands and agrees that the County is subject to state and federal laws

regarding the release of public records and that records and information provided by the Contractor may be subject to those laws.

21. **Contractor Personnel:** Contractor warrants that all Contractor personnel engaged in the performance of work under this Contract shall possess sufficient experience and/or education and the required licenses set forth herein in good standing to perform the services requested by the County. In the event County is dissatisfied with the performance of any Contractor personnel, County will provide notice to Contractor. Contractor agrees to promptly investigate the matter and to work diligently with County toward a satisfactory resolution, including, as reasonably necessary, removal and replacement of Contractor personnel. If after 60 calendar days from the date the County provides notification to the Contractor, the Contractor is unable to resolve the issues, the County's Program Manager retains its right to request the removal of personnel and Contractor will comply within three business days or a timeframe agreeable to the County. The Parties agree to work cooperatively in the resolution of all such matters.

22. **Contractor's Account Manager and Key Personnel:** Contractor shall appoint an Account Manager to direct the Contractor's efforts in fulfilling Contractor's obligations under this Contract. This Account Manager shall be subject to approval by the County and shall not be changed without the written consent of the County's Program Manager, which consent shall not be unreasonably withheld.

The Contractor's Account Manager and key personnel shall be assigned to this project for the duration of this Contract and shall diligently pursue all work and services to meet the project time lines. Key personnel are those individuals who report directly to the Contractor's Account Manager.

23. **Program Manager:** The County shall appoint a Program Manager to act as liaison between the County and the Contractor during the Term of this Contract. The County's Program Manager shall coordinate the activities of the County staff assigned to work with the Contractor.

In the event County's Program Manager is dissatisfied with the performance of Contractor's Principal Consultant, County will provide notice to Contractor. Contractor agrees to promptly investigate the matter and to work diligently with County toward a satisfactory resolution, including, as reasonably necessary, removal and replacement of Contractor's Principal Consultant. The County's Program Manager shall review and approve the appointment of the replacement for the Contractor's Principal Consultant, which approval shall not be unreasonably withheld. If after 60 calendar days from the date of the County provides notification to the Contractor, the Contractor is unable to resolve the issues, the County's Program Manager retains its right to request the removal of personnel and Contractor will comply within three business days or a time frame agreeable to the County. The Parties agree to work cooperatively in the resolution of all such matters.

24. **Reports/Meetings:** The Contractor shall develop reports and any other relevant documents necessary to complete the services and requirements as set forth in this Contract. The County's Program Manager and the Contractor's Account Manager will meet on reasonable notice to discuss the Contractor's performance and progress under this Contract. If requested, the Contractor's Account Manager and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by the County for the purpose of monitoring progress under this Contract.

25. **Ownership of Documents:** The County has permanent ownership of all directly connected and derivative materials produced under this Contract by the Contractor. All documents, reports and other incidental or derivative work or materials furnished hereunder shall become and remain the sole properties of the County and may be used by the County as it may require without additional cost to the County. None of the documents, reports and other incidental or derivative work or furnished materials shall be used by the Contractor without the express written consent of the County.

Contractor's agreement to Article 25 is contingent upon any limitations imposed on Contractor under its licensing agreement with the Blue Cross Blue Shield Association. Furthermore, Article 25 does not create ownership rights for the County nor any obligations for Contractor that would violate this licensing agreement between Contractor and the Association.

26. **Title to Data:** All materials, documents, data or information obtained from the County data files or any County medium furnished to the Contractor in the performance of this Contract will at all times remain the property of the County. Such data or information may not be used or copied for direct or indirect use by the Contractor after completion or termination of this Contract without the express written consent of the County. All materials, documents, data or information, including copies, must be returned to the County at the end of this Contract.
27. **Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by the County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract. The County will provide reasonable notice of such an audit or inspection.

The County reserves the right to audit and verify the Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to the County to audit records and interview staff of any sub-contractor related to performance of this Contract.

Should the Contractor cease to exist as a legal entity, the Contractor's records pertaining to this Contract shall be forwarded to the County's Program Manager.

28. **Publication:** No copies of schedules, written documents, and computer based data, photographs, maps or graphs, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by the County, except as necessary for the performance of the services of this Contract. All press releases, including graphic display information to be published in newspapers, magazines, etc., are to be administered only by the County unless otherwise agreed to by both Parties.
29. **Conflict of Interest:** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the County. This obligation shall apply to the Contractor; the Contractor's employees, agents, and subcontractors associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees, agents and subcontractors from providing or offering gifts, entertainment, payments, loans or other considerations which could be deemed to influence or appear to influence County staff or elected officers from acting in the best interests of the County.
30. **Termination:** In addition to any other remedies or rights it may have by law, and subject to section 32 hereof, County has the right to terminate this Contract without penalty immediately with cause or after 30 days' written notice without cause, unless otherwise specified. Cause shall be defined as any breach of this Contract or any misrepresentation or fraud on the part of the Contractor. Exercise by County of its right to terminate the Contract shall relieve County of all further obligations.

In addition to any other remedies or rights it may have by law and as set forth in this Contract, Contractor has the right to terminate this Contract without penalty after 365 days written notice without cause, unless otherwise specified. The County shall have the right to terminate Contractor's services under the following conditions and timeframes:

- a. Upon the firm committing a material breach of the terms of the Contract with the County subject to the notice and right to cure described in Section 32.
- b. Immediately for violation of any fiduciary duty or if the Contractor commits a fraud or criminal act in providing the agreed upon services.
- c. Thirty days after the County provides Contractor with written notice, if the Contractor sells all of their assets or transfers control of management or operations to any third party.
- d. Upon appropriate notice if there has been a filing of a petition for voluntary or involuntary bankruptcy or dissolution involving Contractor and/or thirty days after the County provides Contractor with written notice, if under Title 11 of the United States Code, the firm becomes subject to any voluntary or involuntary insolvency, cession or similar proceedings or the Contractor has made an assignment for the benefit of creditors.
- e. Thirty days after the County provides the Contractor with written notice, if the County determines there has been a significant decline in the firm's financial condition.
- f. Thirty days after a termination from your provider panel, hospital network and/or medical group(s) that ranks in the top 20 in claims volumes or participant utilization

In the event Contractor attempts to terminate this Contract or otherwise ceases delivery of the services provided in Attachment A – Scope of Work, without complying with the Termination provisions herein, Contractor agrees to pay the County as damages the sum of: (1) the County's (including County consultants and advisors) costs and expenses in procuring a new contractor to perform the services, (2) the additional fees, expenses and other compensation paid to the new contractor in excess of what would have been paid to Contractor had Contractor fully performed the services under this Contract and (3) any and all other costs, expenses, damages or liabilities of the County resulting from Contractor's improper termination of this Contract of the failure to perform Contract services.

If the County fails to fund the account at County Bank after ten (10) business days from the receipt of notice of deficiencies, Contractor may terminate this Agreement upon five (5) business days written notice, to be provided after the ten days receipt of notice of deficiencies, for failure to provide sufficient funds for claim payments as required under this agreement unless the County adequately funds the account before the end of the five business days.

31. **PPO Network Changes:** Contractor agrees to furnish on the effective date, and at reasonable times thereafter, a directory of Contractor's Dental network providers who have agreed to provide the services of the preferred provider organization (PPO). It is understood that the providers listed in that directory may change from time to time and the Contractor reserves the right to update the directory without prior notice to the County. However, the Contractor agrees to give notice to the County within a reasonable time of any network provider's termination or breach of contract, or inability to perform, which will materially or adversely affect the County.
32. **Breach of Contract:** The failure of the Contractor to comply with any of the terms, provisions, covenants or conditions of this Contract shall constitute a material breach of this Contract. In such event the County will, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract,

afford the Contractor written notice of the breach and fifteen (15) calendar days or such shorter time that may be specified in this Contract within which to cure the breach. If the breach is not cured within fifteen (15) calendar days the County may choose to:

- a. Terminate the Contract, without penalty to the County; or
- b. Discontinue payment to the Contractor for and during the period in which the Contractor is in breach; and, offset against any monies billed by the Contractor but yet unpaid by the County any such discontinued payments; any discontinued payments shall subsequently become due if, and to the extent that, Contractor cures the breach.

For the avoidance of doubt, in no case shall the County be relieved of its obligation to fund benefit claims in accordance with the terms of Attachment I.

33. **Disputes:** The Parties shall deal in good faith and attempt to resolve potential disputes informally. If a dispute concerning a question of fact arising under the terms of this Contract is not disposed of in a reasonable period of time by the Contractor's Account Manager and the County's Program Manager, such matter shall be brought to the attention of the Purchasing Agent by way of the following process:

- a. The Contractor shall submit to the Deputy Purchasing Agent a written demand for a final decision regarding the disposition of any dispute between the Parties arising under, related to, or involving this Contract, unless the County, on its own initiative, has already rendered such a final decision.
- b. The Contractor's written demand shall be fully supported by factual information, and, if such demand involves a cost adjustment to this Contract, the Contractor shall include with the demand a written statement signed by a senior official indicating that the demand is made in good faith, that the supporting data are accurate and complete, and that the amount requested accurately reflects the amount for which the Contractor believes the County is liable.
- c. Pending the final resolution of any dispute arising under, related to, or involving this Contract, the Contractor agrees to diligently proceed with the performance of his Contract, including the provision of services. The Contractor's failure to diligently proceed shall be considered a material breach of this Contract.

Any final decision of the County shall be expressly identified as such, shall be in writing, and shall be signed by the County's Purchasing Agent or his designee. If the County fails to render a decision within 90 days after receipt of the Contractor's demand, it shall be deemed a final decision adverse to the Contractor's contentions.

34. **Orderly Termination:** Upon termination or other expiration of this Contract, each Party shall promptly return to the other Party all papers, materials, and other properties of the other held by each for purposes of this Contract. In addition, each Party will assist the other Party in orderly termination of this Contract and the transfer of all aspects, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each Party.

At the end of the term of this Contract or in the event of termination of this Contract by either party, the Contractor agrees to provide County with a computer history tape (in a form and format reasonable acceptable to the County) with information necessary to transfer the records of each member's history of Claims within thirty (30) days of the effective date of the termination of this Contract. County may request copies of individual files necessary to reconstruct individual histories on specified members for up to five (5) years after termination of this Contract.

At the end of the term of this Contract or in the event of termination of the Contract by either Party, the Parties each agree to cooperate with and timely respond to requests from the other Party for records, information or other reasonable requests for assistance relating to matters that occurred while the contract

was in effect. Such cooperation shall include providing reasonable access to records and information and assistance in responding to inquiries and litigation.

35. **Force Majeure:** Contractor shall not be in breach of this Contract and assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to the County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.
36. **Consent to Breach Not Waiver:** No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.
37. **Remedies Not Exclusive:** The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.
38. **Notices:** Any and all notices, requests demands and other communications contemplated, called for, permitted, or required to be given herein shall be in writing with a copy provided to the assigned Deputy Purchasing Agent (DPA), except through the course of the County's Program Manager and Contractor's Account Manager routine exchange of information and cooperation during the terms of the work and services. Any written communications shall be deemed to have been duly given upon actual in-person delivery, if delivery is by direct hand, or upon delivery on the actual day of receipt or no greater than four (4) calendar days after being mailed by US certified or registered mail, return receipt requested, postage prepaid, whichever occurs first. 39. **County of Orange Child Support Enforcement Certification Requirements:** Contractor is required to comply with the child support enforcement requirements of the County. Failure of the Contractor to comply with all federal, state, and local reporting requirements for child support enforcement or to comply with all lawfully served Wage and Earnings Assignment Orders and Notices of Assignment shall constitute a material breach of the Contract. Failure to cure such breach within 60 calendar days of notice from the County shall constitute grounds for termination of this Contract. Within ten days of the effective date to this Agreement, Contractor shall provide the County with a certification that Contractor is in compliance with all applicable federal and state reporting requirements regarding Contractor's employees.
40. **EDD Independent Contractor Reporting Requirements:** Effective January 1, 2001, the County of Orange is required to file in accordance with subdivision (a) of Section 6041A of the Internal Revenue

Code for services received from a “service provider” to whom the County pays \$600 or more or with whom the County enters into a contract for \$600 or more within a single calendar year. The purpose of this reporting requirement is to increase child support collection by helping to locate parents who are delinquent in their child support obligations.

The term “service provider” is defined in California Unemployment Insurance Code Section 1088.8, Subparagraph B.2 as “an individual who is not an employee of the service recipient for California purposes and who received compensation or executes a contract for services performed for that service recipient within or without the state.” The term is further defined by the California Employment Development Department to refer specifically to independent Contractors. An independent Contractor is defined as “an individual who is not an employee of the government entity for California purposes and who receives compensation or executes a contract for services performed for that government entity either in or outside of California.”

The reporting requirement does not apply to corporations, general partnerships, limited liability partnerships, and limited liability companies. The Contractor is representing themselves as a corporation and the reporting requirement would not be applicable.

Additional information on this reporting requirement can be found at the California Employment Development Department web site located at http://www.edd.ca.gov/Employer_Services.htm.

41. **Change Of Ownership/Name, Litigation Status, Conflicts with County Interests:** Contractor agrees that if there is a change or transfer in ownership of Contractor’s business prior to completion of this Contract, and the County agrees to an assignment of the Contract, the new owners shall be required under the terms of sale or other instruments of transfer to assume Contractor’s duties and obligations contained in this Contract and complete them to the satisfaction of the County.

County reserves the right to immediately terminate the Contract in the event the County determines that the assignee is not qualified or is otherwise unacceptable to the County for the provision of services under the Contract.

In addition, Contractor has the duty to notify the County in writing of any change in the Contractor’s status with respect to name changes that do not require an assignment of the Contract. The Contractor is also obligated to notify the County in writing if the Contractor becomes a party to any litigation against the County, or a party to litigation that may reasonably affect the Contractor’s performance under the Contract, as well as any potential conflicts of interest between Contractor and County that may arise prior to or during the period of Contract performance. While Contractor will be required to provide this information without prompting from the County any time there is a change in Contractor’s name, conflict of interest or litigation status, Contractor must also provide an update to the County of its status in these areas whenever requested by the County.

The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with County interests. In addition to the Contractor, this obligation shall apply to the Contractor’s employees, agents, and subcontractors associated with the provision of goods and services provided under this Contract. The Contractor’s efforts shall include, but not be limited to establishing rules and procedures preventing its employees, agents, and subcontractors from providing or offering gifts, entertainment, payments, loans or other considerations which could be deemed to influence or appear to influence County staff or elected officers in the performance of their duties.

42. **Precedence:** The Contract documents herein consist of this Contract and its attachments. In the event of a conflict between or among the Contract documents, the order of precedence shall be the provisions of the main body of this Contract, i.e., those provisions set forth in the articles of this Contract, and then the

attachments and exhibits.

43. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
44. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

In addition, each Party has been represented by experienced and knowledgeable independent legal counsel of their own choosing, or has knowingly declined to seek such counsel despite being encouraged and given the opportunity to do so. Each Party further acknowledges that they have not been influenced to any extent whatsoever in executing this Contract by any other Party hereto or by any person representing them, or both. Accordingly, any rule of law (including California Civil Code Section 1654) or legal decision that would require interpretation of any ambiguities in this Contract against the Party that has drafted it is not applicable and is waived. The provisions of this Contract shall be interpreted in a reasonable manner to affect the purpose of the Parties and this Contract.

53. **Debarment:** Contractor shall certify that neither Contractor nor its principles are presently debarred, proposed for debarment, declared ineligible or voluntarily excluded from participation in the transaction by any Federal department or agency. Where Contractor as the recipient of federal funds, is unable to certify to any of the statements in the certification, Contractor must include an explanation with the bid/proposal. Debarment pending debarment, declared ineligibility or voluntary exclusion from participation by any Federal department of agency may result in the bid/proposal being deemed non-responsible.
54. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations.
