County Executive Office/Legislative Affairs

July 19, 2022

Item No: 22

County of Orange Report on Grant Applications/Awards

The Grants Report is a condensed list of grant requests by County Agencies/Departments that allows the Board of Supervisors to discuss and approve grant submittals in one motion at a Board meeting. County policy dictates that the Board of Supervisors must approve all grant applications prior to submittal to the grantor. This applies to grants of all amounts, as well as to new grants and those that have been received by the County for many years as part of an ongoing grant. Receipt of grants \$50,000 or less is delegated to the County Executive Officer. Grant awards greater than \$50,000 must be presented to the Board of Supervisors for receipt of funds. This report allows for better tracking of county grant requests, the success rate of our grants, and monitoring of County's grants activities. It also serves to inform Orange County's Sacramento and Washington, D.C. advocates of County grant activities involving the State or Federal Governments.

On July 19, 2022 the Board of Supervisors considered the following actions:

<p>The Office of Traffic Safety (OTS) is California's lead traffic safety organization tasked with developing and implementing a highway safety program that addresses the behavioral factors that impact safety on the road. The Selective Traffic Enforcement Program (STEP) grant provides funding for departments to conduct high-visibility and year-round traffic enforcement using data to reduce the number of persons killed and injured in traffic crashes. These incidents involve alcohol and drug-impaired driving, motorcycle safety, roadway safety, traffic records, distracted driving, emergency medical services, pedestrian and bicycle safety, occupant protection, public relations, advertising, and marketing program.</p> <p>The Orange County Sheriff's Department (OCS) plans to utilize best practice strategies to conduct DUI and Driver license Checkpoints. and traffic enforcement that will target primary crash factors (speeding, signal/sign violations, etc.), distracted driving, motorcycle safety, bicycle safety, and pedestrian safety. Additionally, the OCSO will use the STEP grant funds for media campaigns in which the participation of law enforcement agencies throughout the county and state will conduct additional DUI and traffic enforcement during state and national campaigns. These campaigns also cover Distracted Driving Awareness Month, Motorcycle Safety Awareness Month, Summer and Winter DUI Mobilizations, and Click it or Ticket Mobilization. Furthermore, the Traffic Bureau plans to host media campaigns, traffic safety presentations, and events to increase public education and awareness regarding impaired driving and traffic safety.

The STEP grant has provided funds for the OCSO to conduct training courses for its personnel and other law enforcement agencies throughout the county regarding alcohol and drug-impaired driving. These funds assist with the cost of instructors and tuition for the OCSO personnel to attend these and similar courses. Over the years, the STEP grant's enforcement operations, public education, and training have proven beneficial to our ongoing efforts to increase public safety and education.

<p>In response to COVID-19, the County of Orange established Project Roomkey in March 2020. Project Roomkey is a state initiative that provides non-congregate shelter to individuals experiencing homelessness who are sick or symptomatic with COVID-19 illness and those that are at high risk for severe COVID-19 illness. On June 30, 2020, Governor Gavin Newsom announced Homekey Program as the successor to Project Roomkey. Under the Homekey Program, local entities will partner with the state to acquire and rehabilitate a variety of housing types, including (but not limited to) hotels, motels, vacant apartment buildings, and residential care facilities in order to serve people experiencing homelessness or who are also at risk of serious illness from COVID-19.</p> <p>On July 28, 2020, and September 15, 2020, your Honorable Board of Supervisors (Board) passed resolutions to apply and submit applications for the Homekey Program with Jamboree Housing Corporation listed as co-applicant. The funds awarded through the Homekey Program application process with the State, provided funds for the acquisition of the sites. On November 3, 2020, the Board authorized the Health Care Agency (HCA) to enter into a Master Agreement with Jamboree Housing Corporation for Homekey Program operating services.</p> <p>The Orange County Homekey Program has been designed to operate as temporary interim housing for</p>

vulnerable individuals and adult households experiencing homelessness who are impacted by COVID-19 pandemic. The Homekey Program is to operate as interim housing until the site conversion into permanent housing within five years of its current operations. Once converted to permanent housing, the Homekey Program will provide a housing option to persons experiencing homeless and wrap around supportive services and connections to essential community resources to enhance their daily lives.

In support of the Homekey Program, the CalOptima Board of Directors approved a \$2.5 million grant to be used as funding for operations and services on November 5, 2020. CalOptima provided HCA a letter of commitment on November 10, 2020, to support the operating service cost and related outlined activities. As a follow up to the letter of commitment, CalOptima has detailed the grant application process HCA must complete. CalOptima Intergovernmental Transfer Funds (IGT) are transfers of public funds between eligible government entities which are used to draw down matching federal funds for the Medi-Cal program.

The operating and supportive services provided through the Homekey Program will assist participants in developing and enhancing skills that will promote self-sufficiency and assist participants as they work towards permanent housing exit destinations. Homekey Program participants will receive services such as daily life skills groups and educational workshops on topics including community resources, self-sufficiency, housing support, engagement with the community and other skill building groups. Lastly, all participants without health insurance will be encouraged to enroll and get connected to a health provider as well as be screened for behavioral health.

On January 12, 2021, the Board authorized the HCA director to apply for and accept the \$2.5 million grant and enter into an IGT agreement with CalOptima for the transfer of the grant funds to support the operations of the Homekey Program sites located within the City of Stanton. As the Homekey Program in the City of Stanton is working towards the conversion phase into Permanent Supportive Housing (PSH), the IGT funding will not be utilized at this location. As the County continues to work on additional Homekey Program locations, the HCA director and CalOptima, subject to the Board's approval, have agreed to reallocate the CalOptima IGT funds to another Homekey Program participating site in the City of Huntington Beach.

THE COUNTY OF ORANGE,
THROUGH ITS AGENCY, THE ORANGE COUNTY HEALTH CARE AGENCY**

THIS AMENDMENT 2 (“**Amendment**”) TO THE GRANT AWARD AGREEMENT (“**Agreement**”) is made and entered into as of July 1, 2022, by and between the Orange County Health Authority, a Public Agency, dba CalOptima (“**CalOptima**”), and the County of Orange, through its agency, the Orange County Health Care Agency (“**Grantee**”). RECITALS

- A. On October 9, 2020, California awarded Grantee more than \$23 million toward two (2) Homekey Program properties in Stanton, California, encompassing 132 units, that will be initially focused on interim housing with the goal to then renovate and convert the properties into permanent supportive housing within three (3) years.
- B. On November 5, 2020, the CalOptima Board of Directors reallocated \$2.5 million in IGT 6 and 7 Funds (“**Advance Funding Amount**”) to reimburse Grantee for the provision of enhanced services consisting of Day Habilitation Services, as defined and described in Attachment A to the Agreement, to CalOptima members residing at the Grantee’s Homekey Program sites in Stanton, California.
- C. CalOptima and Grantee entered into a Agreement, effective December 1, 2020, for Grantee’s provision of Day Habilitation Services to CalOptima Medi-Cal members residing in Grantee’s Homekey Program sites in Stanton, California.
- D. The operator of the Stanton sites ceased operations March 31, 2022, to convert the sites to permanent supportive housing. The Advanced Funding Amount allocated to the Stanton sites was not utilized.
- E. Grantee requested that CalOptima reallocate the existing \$2.5 million, previously awarded to Grantee for the two (2) Stanton sites, for Day Habilitation Services at a proposed Huntington Beach, California site. GRANT PAYMENT**

CalOptima made a Grant Award to Grantee in the amount of two million five hundred thousand dollars (\$2,500,000.00) of advance funding (“**Advance Funding Amount**”), which was the maximum amount payable for the Grant Project and which was paid following execution of the Agreement in December 2020 in the time and manner set forth below.

Payment: The Advance Funding Amount payment under this Agreement was made in one (1) installment upon execution of this Agreement in December 2020. Grantee may choose to use the Advance Funding Amount for operation and administrative support and other start-up costs, subject to Grantee’s obligation to provide Day Habilitation Services described in Attachment A of this Agreement, to CalOptima Medi-Cal members residing in the Huntington Beach Homekey property location equivalent in value to the Advance Funding Amount commencing immediately once the Homekey Program site is operational.

CalOptima has no obligation to pay for Day Habilitation Services at the Homekey Program site other than the Advanced Funding Amount. Grantee will indemnify, defend, and hold harmless CalOptima against any third-party claim and/or liability that arise out of a regulatory audit or disallowance of the Advance Funding Amount. Grantee shall refund the Advance Funding Amount to CalOptima if the Homekey Program site does not ultimately deliver Day Habilitation Services to CalOptima Medi-Cal members, or the Grantee’s use of the funds is challenged and recovered by any regulatory agency.

CalOptima members who are residents at the Homekey location shall have no obligation to pay for Day Habilitation Services. Grantee agrees to indemnify and hold harmless CalOptima Medi-Cal members who are residents at the Homekey Property location from all efforts to seek compensation and any claims for compensation for the Day Habilitation Services provided under this Grant.

The Advance Funding Amount is subject to the following requirements:

1. Grantee’s completion of CalOptima’s grant application, and subsequent approval of the grant application by CalOptima;
2. Grantee’s acquisition of the one (1) property by May 31, 2022;
3. Grantee must oversee operations, including the provision of Day Habilitation Services at the Homekey Program site;
4. The Homekey Program is to provide the Day Habilitation Services to CalOptima Medi-Cal members at no additional cost to the members for the greater of three (3) years or until the funding amount is exhausted. Grantee shall provide Day Habilitation Services to CalOptima Medi-Cal members to be valued at a per member per month equivalent cost (and charged to the Advance Funding Amount pursuant to this Agreement) for similar services currently provided through other county programs;
5. Advance Funding Amount will not be used for room and board; and,

6. Day Habilitation Services provided to CalOptima members do not include services otherwise required to be provided under the Homekey Program or available to the member enrolled in Whole Person Care, Health Homes Program or any successor program providing similar services.

Debiting Advance Funding Amount: Grantee shall debit from the Advance Funding Amount, Day Habilitation Services at the Homekey Program site provided to CalOptima Medi-Cal members to be valued at a per member per month equivalent cost for similar services currently provided through other Grantee programs, not to exceed two hundred thirty-five dollars (\$235.00) per month. Those Day Habilitation Services debited against the Advanced Payment Amount include only those services that are covered by Attachment A to this Agreement. Grantee shall report to CalOptima on the debit amounts in accordance with Attachment C.

All aspects of property operations, including oversight of security on-site twenty-four hours a day/seven days a week, maintenance of the site, and janitorial and repair services, will be provided by Grantee's operator of the Homekey Program site and shall not be charged against the Advance Payment Amount.

Return Funds: Grantee shall refund to CalOptima any funds that are found by CalOptima, in its sole discretion, to not have been utilized in accordance with the requirements of this Agreement. CalOptima shall have the right to audit, or to have audited by an independent third party, all Grant Project expenses. Grantee shall fully cooperate with CalOptima or its auditor and shall refund to CalOptima (i) any amounts found to have been improperly expended from the Grant Award within thirty (30) days of the notice of such improper expenditures and (ii) any Advance Funding Amount that has not been used to provide Day Habilitation Services prior to the termination of the Agreement.

<p>The COVID-19 pandemic has emphasized the critical importance of a robust public health system. The pandemic also accentuated long-standing weaknesses and created new challenges to the U.S. public health infrastructure. Public health departments and other public health partners need to continue their work to respond to COVID-19 and prepare for other public health emergencies that arise in the future. Moreover, COVID-19 has affected nearly every aspect of healthcare and public health, laying bare disparities and gaps in some conditions and worsening others. Public health agencies need the capacity to regain their footing in these areas and then accelerate their efforts.</p> <p>This funding is a first of its kind, non-categorical and cross-cutting programs, intended to help meet critical infrastructure and workforce needs in the short-term; and it should also make possible strategic investments that will have lasting effects on public health agencies across the United States. To that end, it will support strategically strengthening public health capacity and systems related to the workforce, foundational capabilities, data modernization, physical infrastructure, and support from national public health partners. This grant will serve many purposes focusing on strengthening public health infrastructure workforce, foundational capabilities, and data systems.</p> <p>HCA anticipates returning to the Board in November for approval to accept funding, if awarded.</p>
