

Grants Report

DRAFT

County Executive Office/Legislative Affairs

December 5, 2023
Item No: 15**County of Orange Report on Grant Applications/Awards**

The Grants Report is a condensed list of grant requests by County Agencies/Departments that allows the Board of Supervisors to discuss and approve grant submittals in one motion at a Board meeting. County policy dictates that the Board of Supervisors must approve all grant applications prior to submittal to the grantor. This applies to grants of all amounts, as well as to new grants and those that have been received by the County for many years as part of an ongoing grant. Receipt of grants \$50,000 or less is delegated to the County Executive Officer. Grant awards greater than \$50,000 must be presented to the Board of Supervisors for receipt of funds. This report allows for better tracking of county grant requests, the success rate of our grants, and monitoring of County's grants activities. It also serves to inform Orange County's Sacramento and Washington, D.C. advocates of County grant activities involving the State or Federal Governments.

On December 5, 2023, the Board of Supervisors will consider the following actions:

The State Budget Act of 2023 reduced the amount in the third year to \$39,400,000 state-wide. This is the third round of funding for this grant and covers a period from March 1, 2024 to March 1, 2025.</p> <p>A resolution was adopted by the Board at the meeting on December 7, 2021. Purpose of Grant Funds:	Provide a summary and brief background of why Board of Supervisors why should accept this grant application/award, and how the grant will be implemented.

CalAIM is a multi-year initiative of California's Department of Health Care Services (DHCS) to improve the quality of life and health outcomes of Medi-Cal members by implementing a broad delivery system, and a program and payment reform across the Medi-Cal program. Through the CalAIM Justice-Involved (JI) Reentry Initiative, DHCS will require state prisons, county jails, youth correctional facilities, county behavioral health departments, and Managed Care Plans (MCPs) to implement processes for facilitated referrals and linkages to continued behavioral health treatment in the community for individuals who receive behavioral health services while incarcerated. It is expected that behavioral health linkages will be fully integrated into the delivery of the pre-release services, once implemented. Behavioral health-related pre-release services and behavioral health linkages will be provided in partnership with county behavioral health agencies and correctional facilities.

This grant opportunity will provide funding to support the provision of the 90-day Pre-Release implementation processes and the Justice-Involved Reentry Initiative planning effort. DHCS envisions the 90-day Pre-Release Services as part of the CalAIM Justice-Involved Reentry Demonstration initiative, which is mandatory per federal and state law.

In addition, the grant will provide funding to the collaborative planning effort amongst Orange County Sheriff Department (OCSD), Probation, Social Services Agency (SSA), Correctional Health Services (CHS), Health Care Agency (HCA) and CalOptima to identify stand up processes, protocols, personnel, and IT system modification necessary to support the delivery of pre-release and re-entry planning processes.

Eligible funding expenditure under this grant are:

- Training, technical assistance, and planning efforts to support agencies standing up behavioral health in-reach (if correctional facilities develop an agreement with county behavioral health agencies to perform these activities) and establishing linkages to the community.
- Recruitment, hiring, onboarding, and supporting staff salaries for personnel supporting behavioral health in-reach services and behavioral health linkages (as mandated in AB 133)

In order to implement behavioral health linkages, DHCS will require all county behavioral health agencies to complete an implementation plan using a readiness assessment tool provided by DHCS, which will focus on new processes required to support the implementation of behavioral health linkages, as required by AB 133.

Components of the readiness assessment with respect to behavioral health linkages will focus on:

Focus Area	Readiness Element	Minimum Requirement to Go Live
1. Initial Data Sharing	1a. Initial Data Sharing – Defined process to (1) obtain medical records as appropriate for individuals with treatment history; and (2) notify MCP (if enrolled) that county behavioral health care coordination is occurring, as necessary.	Minimum Requirement
2. Data Sharing	2a. Data Sharing for Release –Defined process to (1) receive correctional facility medical record information and ensure that it is incorporated into post-release medical record; and (2) identify any individuals who may benefit from professional-to-professional clinical handoff.	Minimum Requirement
3. Release Planning	3a. Follow-up Appointments – Defined process to provide follow-up appointment date/time/location within clinically appropriate window (e.g., for someone on MAT, recommended follow-up would be next day post-release). Minimum Requirement 3b. Transportation – Defined process to ensure transportation to appointment has been arranged. Minimum	Minimum Requirement
4. Professional to	4a. Reentry Professional-to-Professional Clinical Handoff – Established process to provide in-person/telehealth professional-to-professional clinical handoff between correctional provider and

Minimum Requirement
5. Follow-up Post-Release	5a. Post-Release Scheduling – Established process to schedule individual for appointments on an ongoing basis as needed, within clinically appropriate timeframe, ensuring they have adequate transportation to appointment.	Minimum Requirement

	5b. Post-Release Follow-up – Established process to provide follow-up to individual if they miss an appointment in the community. DHCS supports the best practice of deploying a community health worker to work with the ECM provider to reschedule missed appointments as soon as possible.	Minimum Requirement
6. Oversight and Project Management	<p>6a. Staffing Structure and Plan – Clear staffing and/or contractor structure to support each readiness element and compliance with DHCS requirements for behavioral health linkages, including identification of county-operated and/or county-contracted providers that will (1) fulfill the required processes described above and (2) receive referrals for follow-up visits in the community for continued behavioral health care.</p> <p>6b. Governance Structure for Partnerships – Defined governance structure for coordinating with key partners (e.g., correctional facilities, care management organizations, providers, MCPs)</p> <p>6c. The Housing and Disability Advocacy Program (HDAP) is a county-administered state program that provides housing and disability benefits application assistance to people with a disability who are experiencing homelessness. HDAP requires outreach, case management, disability benefits advocacy, housing assistance, and prioritizes individuals experiencing chronic homelessness or individuals experiencing homelessness who rely most heavily on government-funded services. HDAP provides funding to the County of Orange (County) System of Care to better serve those experiencing homelessness in Orange County and increases care coordination between the Social Services Agency (SSA), OC Community Resources (OCCR), Health Care Agency and County Executive Office, Office of Care Coordination.

The California Budget Act of 2023 appropriated \$25 million for HDAP statewide in FY 2023-24. On November 6, 2023, the California Department of Social Services (CDSS) issued an All County Welfare Director Letter announcing the FY 2023-24 application opportunity for HDAP funds, including the County's non-competitive allocation in the amount of \$1,187,103, available for the expenditure period of July 1, 2023, to June 30, 2025.
